No. 73

In view of the suspension of the Constitution under section 93 of the Government of India Act, 1935, a Committee on Public Accounts consisting of members elected by the Assembly could not be constituted this year under rule 134 of the Madras Legislative Assembly Rules. His Excellency the Governor, however, constituted an *Ad hoc* Committee consisting of his three Advisers, with the Adviser in charge of Finance as its Chairman and the Secretary to Government in the Finance Department as its Secretary, to examine the Appropriation Accounts of the Government of Madras for the year 1938–1939 and the Audit Report, 1939, in the manner prescribed by rule 135 of the Madras Legislative Assembly Rules (which lays down the functions of the Public Accounts Committee), to consider any other matters which might be referred to it by the Finance Department and to submit a report containing the results of its examination and its recommendations. The Committee met on the 21st May 1940 and the following day to consider the report of the Auditor-General relating to the Appropriation Accounts of the Province for the year 1938–39 and other matters. The Committee's report is annexed to these proceedings.

2. His Excellency the Governor of Madras has considered the report and is pleased to approve the recommendations made therein and to sanction the excesses in respect of Charged and Voted appropriations for the year as detailed below :—

ANNEXURE

REPORT OF THE *AD HOC* PUBLIC ACCOUNTS COMMITTEE ON THE ACCOUNTS OF THE PROVINCE OF MADRAS FOR THE YEAR 1938–1939.

SECTION I—INTRODUCTORY.

The constitution and functions of the Committee on Public Accounts are detailed in rules 134 and 135 of the Madras Legislative Assembly Rules, but in view of the suspension of the Constitution under section 93 of the Government of India Act, 1935, a Committee on Public Accounts under rule 134 of the Madras Legislative Assembly Rules consisting of members elected by the Assembly could not be constituted. His Excellency the Governor, however, constituted an *Ad hoc* Committee consisting of his three Advisers, with the Adviser in charge of Finance as its Chairman and the Secretary to the Government in the Finance Department as its Secretary, to examine the Appropriation Accounts of the Government of Madras for the year 1938–1939 and the Audit Report, 1939, in the manner prescribed by rule 135 of the Madras Legislative Assembly Rules, to consider any other matters which might be referred to it by the Finance Department and to submit a report containing the results of its examination and its recommendations.

2. We met on the 21st May 1940 and the following day to consider the report of the Auditor-General relating to the Appropriation Accounts of the Province for the year 1938–1939 and other matters referred to us.

We were informed that the Committee on Public Accounts for the fourth session of the Madras Legislative Assembly considered the Report of the Auditor-General relating to the Appropriation Accounts of the Province of Madras for the year 1937–1938 and other matters referred to it at two meetings held on the 1st August 1939 and the 4th September 1939 and made its recommendations, but that its formal report for presentation to the Assembly was under preparation when the Madras Legislative Assembly was prorogued with effect from the 20th October 1939. The members having ceased to hold office as members of the Public Accounts Committee, it was not possible for them to sign the report for the Assembly prepared on the basis of their recommendations. We were informed that His Excellency the Governor considered the report, approved the recommendations made therein and regularized the excess expenditure. We were also informed that the report was published in the *Fort St. George Gazette* together with His Excellency the Governor's orders thereon.

The proceedings of our meetings are appended to this Report—Appendix A

3. In paragraph 3 of the report prepared by the Finance Department for the Public Accounts Committee which considered the accounts of 1937–1938, a brief reference was made to the relations between the Audit Department and the Provincial Finance Department. The Finance Department recommended and we agreed that to remove ambiguity the position should be restated in rather fuller terms as indicated below:—

> "We were informed that, having regard to the constitutional changes introduced by the Government of India Act, 1935, a close community of aims has been established between the Finance Department (acting under the control of the Finance Minister) and the Audit Department and that the Finance Department in this aspect of its functions acts as the executive instrument of the Legislature, apart from the Government, with authority to enforce propriety and control of expenditure. All important cases of irregularities are referred by the Audit Department to the Administrative Department of the Government, and, if necessary, to the Finance Department. Irregularities which are rectified to the satisfaction of the Audit Department and cases where the requisite sanction of the Finance Department is accorded, are not ordinarily mentioned in the Appropriation Accounts unless the action taken is, in the opinion of the Audit Department, illegal or evidently *mala fide* or contrary to the vital interests of the State. The draft of all cases of irregularities, losses, writes-off or nugatory expenditure proposed to be recorded in the Appropriation Accounts is shown to the Finance Department before final inclusion so that it may be given an opportunity of suggesting any amendment which it may desire to make."

4. The Report on the Appropriation Accounts for the year 1938–1939 deals with the audited accounts of all the expenditure of the year, both voted and charged, in the form of a separate appropriation account for each grant, with such observations as were considered necessary as a result of audit investigation. It includes also any comments deemed necessary upon the result of the audit of the trading, manufacturing and profit and loss accounts and balance sheets kept in respect of Government commercial or quasi-commercial concerns, and upon the examination of accounts of receipts and of stores and stock.

5. We were furnished with notes prepared by the departments of the Secretariat on the following points mentioned in the Appropriation Accounts and Audit Report :—

(i) Financial irregularities,

(ii) Excesses over sums shown in the authenticated schedule of authorized expenditure,

(iii) Unnecessary re-appropriations and large variations between appropriations and actuals,

(iv) Unnecessary supplementary grants,

(v) Defective budgeting, and

(vi) Other matters.

All these points have been discussed by us and the Accountant-General was present at our deliberations. We desire to express our appreciation of the assistance and advice rendered by him at both the meetings.

The Secretaries of the departments of the Secretariat concerned (and heads of departments also, where their presence was considered desirable and could be arranged) were present when the subjects concerning them were considered by us.

We have examined in detail the several instances of financial irregularities brought to our notice and are satisfied that in the majority of cases the action taken by the Government was adequate.

6. Our specific recommendations on the more important points discussed by us are mentioned in the next section of this report, while other items are included in Appendix B.

We were also furnished with a memorandum prepared by Government showing the action taken by them on the report prepared by the Finance Department for the Committee of last year. The memorandum together with our remarks will be found in Appendix C.

SECTION II—COMMENTS ON APPROPRIATION ACCOUNTS.

GENERAL SUMMARY OF THE FIGURES AND ACCURACY OF BUDGETING.

7. The following table shows the total amounts of grants—Voted and Charged—and the actual expenditure against them :—

	Total grants.	Total expenditure.	Savings (—).	Percentage of savings to the total grants.
(1)	(2)	(3)	(4)	(5)
	LAKHS. Rs.	LAKHS. Rs.	LAKHS. Rs.	PER CENTS
Voted	15,42·84	15,34·17	— 43·67	2·9
Charged	3,41·72	3,34·01	— 7·71	2·3
Total ..	18,84·56	18,28·18	— 87·38	2·9

The Public Accounts Committee which examined the accounts of 1932–1933 considered a saving of 3 per cent as a reasonable limit under normal conditions and remarked that the percentage of saving during 1932–1933 was the lowest on record since 1921–1922.

The savings from 1932–1933 have been as follows :—

Year.	Percentage of savings under		
	Voted.	Charged (non-Voted).	Total of Voted and Charged (non-Voted).
(1)	(2)	(3)	(4)
1932–1933	3·46	1·6	3·03
1933–1934	5·23	0·5	0·89
1934–1935	6·38	0·5	4·31
1935–1936	3·74	0·4	3·10
1936–1937	3·69	1·0	3·03
1937–1938	5·20	3·6	4·90
1938–1939	3·00	2·3	2·9

We are glad to note that, taking Charged and Voted together, the percentage of savings in 1938–1939 was even lower than in 1932–1933.

8. *Control over expenditure*.—With a view to minimizing lapses in final grants, the Public Accounts Committee of 1934–1935 recommended that supplementary statements for further expenditure in the year other than those relating to new services should be laid before the Legislature as late in the year as possible. Supplementary statements for 1938–1939 were accordingly laid before the Legislature as late as the 21st March 1939. Even so, there was one case of unnecessary supplementary statement under Grant VI. Motor Vehicles Acts. We have considered this item and other cases of defective control over expenditure brought to our notice in paragraph 11 of the Audit Report and our recommendations are embodied under the respective items in the subsequent paragraphs and in Appendix B to this Report.

9. *Excesses over Voted grants and Charged appropriations*.—The following statement shows the excesses over Voted grants and Charged appropriations for the year 1938–1939 which require regularization :—

Number and name of grant.	Final grant.		Expenditure.		Excess.	
	Charged.	Voted.	Charged.	Voted.	Charged.	Voted.
(1)	(2)	(3)	(4)	(5)	(6)	(7)
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1. III Stamps	2,000	No excess.	2,072	No excess.	172	Nil.
2. VI Motor Vehicles Acts.	72,99,500	Do.	72,99,625	Do.	125	Nil.
3. XV Electricity	18,57,870	Do.	19,58,156	Do.	956	Nil.
4. XV Education	No excess.	1,99,55,450	No excess.	1,99,58,016	No excess.	2,416
5. XVI Medical	5,87,200	No excess.	5,87,281	200 excess.	81	No excess.
6. XVII Pensions	Do.	Do.	19,14,854	5,63,985	19,10,534	1,63,850
7. XVIII Pensions.	No excess.	73,98,700	No excess.	73,11,411	No excess.	1244
8. XVIII Stationery and Printing	1,15,400	No excess.	1,74,060	No excess.	240	No excess.
9. XXX Miscellaneous.	4,000	Do.	4,010	Do.	10	Do.
10. XXXI Capital outlay on Irrigation.	2,000	Do.	4,108	Do.	108	Do.
11. XXXIV Capital outlay on Civil Works.	2,000	Do.	2,005	Do.	5	Do.

The reasons for the excesses were explained to us.

We recommend that these excesses may be sanctioned by His Excellency the Governor.

10. *Irregular or unnecessary reappropriations, etc*.—Rule 135 (1) of the Madras Legislative Assembly Rules requires that the Public Accounts Committee should bring to notice all expenditure which the Finance Department has requested should be brought to notice and every case in which the Committee are not satisfied—

(*a*) that the moneys shown in the accounts as having been disbursed were legally available for and applicable to the service or purpose to which they have been applied or charged;

(*b*) that the expenditure conforms to the authority which governs it, and

(*c*) that every reappropriation has been made in accordance with such rules as may be prescribed by the Governor acting in his discretion or by the Finance Department, as the case may be.

We are glad to note that there was only one case of unnecessary reappropriation. This is dealt with in item (4) in Appendix B.

11. *Grant X—District Administration, and Miscellaneous—General Administration—Miscellaneous—Grants for Rural Development—Non-surrender of savings* [*page 10, paragraph 11 (3) and pages 68 and 70 of the Accountant-General's report*].—The Accountant-General has drawn attention to the non-surrender of savings amounting to Rs. 0·63 lakh under the grant for Rural Development. The original grant under this head was Rs. 6·18 lakhs of which Rs. 2·18 lakhs were resumed, thus reducing the final grant to Rs. 4 lakhs. Out of the final grant a sum of Rs. 3·37 lakhs was utilized leaving a balance of Rs. 0·63 lakh unspent. The Accountant-General has remarked that savings occurred mainly under village communications and loan and sale societies due in the former case to contributions not being realized in full and in the latter case to the slow progress in the construction of godowns.

The position was explained to us as follows :—

The Rural Development Grant sanctioned in 1935–1936 was spent on a non-contributory basis. While allotting grants for 1936–1937 the Government of India laid down that the schemes financed from the grant should be contributory, that is, the villages which were to benefit from the grant should themselves make a contribution of not less than one-third, either in cash or in kind, including labour, as a condition of receiving the remaining two-thirds. The execution of any scheme and the spending of the grant were thus made dependent on the ability and willingness of the villagers to make the necessary contribution, which could not, in all cases, be foreseen.

We note that a closer scrutiny has been exercised in making the budget provision for 1938–1939 as compared with that for 1937–1938 and that the budgets for 1939–1940 and 1940–1941 have been framed in the light of past experience

We consider that, as there was a balance of Rs. 12 16 lakhs at the end of November 1939 out of the total Government of India grant of Rs. 28 73 lakhs, suitable steps should be taken to ensure that there may be no unspent balance at the end of 1941–1942, the period fixed by the Government of India for the utilization of the grants, and to this end we suggest that the Board of Revenue be required to exercise effective control over the expenditure in districts.

12. *Grant XV—Education—Primary—Direct grants to non-Government Primary Schools—Non-European—Other Grants—Non-surrender of savings [page 10, paragraph 11 (3) and page 103 of the Accountant-General's report]*.—The saving in the final appropriation was Rs. 0 11 lakh and the Accountant-General has remarked that the bulk of the saving occurred under "Provident Funds" due to the number of retiring teachers being fewer than anticipated

It was explained to us that accurate budgeting under this item was difficult. We recommend, however, that the estimate may in future be based on the average of the latest three years, due allowance being made for any special known factors

13. *Grant XVI—Medical—Medical Colleges—Apparatus and Materials—Non-surrender of savings [page 10, paragraph 11 (3) and page 113 of the Accountant-General's report]*.—The Accountant-General has observed that a saving of Rs. 0 29 lakh was not surrendered in time and that this was chiefly due to some of the indents not having been complied with before the close of the year though the indents for supply were placed with the firms in October 1938.'

The purchase of foreign stores in India was permitted in October 1938 subject to certain conditions In accordance with this order, tenders were called for from the local agents for foreign stores Though the tenders were scrutinized and orders were placed in October 1938, the firms could not supply the articles before the close of the financial year 1938–1939 in spite of reminders, as most of the articles had to be obtained from manufacturing firms abroad and some of the apparatus had to be made to specification. These factors could not be anticipated at the time of sending proposals for reappropriations and surrenders and consequently the savings could not be surrendered.

We noted that in three out of the four years ending with 1938–1939 there had been a lapse of 10 per cent or more, owing to the inability of suppliers to comply with indents in time. We accordingly recommend that in future credit be taken in the budget estimate for a probable saving of 10 per cent of the gross estimate and that the possibility of making earlier arrangements for placing of indents be considered.

14. *Grant XVII—Public Health—Grants for water-supply and drainage purposes—Non-surrender of Savings* [*page* 10, *paragraph* 11 (3) *and page* 118 *of the Accountant-General's report*].—The total provision in the budget was Rs. 38·38 lakhs of which a sum of Rs. 8·90 lakhs was resumed leaving a final grant of Rs. 9·48 lakhs. A sum of Rs. 7·63 lakhs was spent and the saving in the final grant was Rs. 1·85 lakhs. The Accountant General has remarked that the sum of Rs. 1·85 lakhs was not surrendered in time.

We were informed that the schemes taken up in 1938–1939 or programmed for that year were generally found to be defective in one respect or other. In some cases execution was delayed for the reason that sanctioned designs could not be followed or the estimates had to be revised. In others, provision was included in the budget on the strength of a report that the schemes would be ready for execution but they were not. These causes contributed not only to inaccurate budgeting but prevented a timely appreciation of the amount that could not be spent.

While appreciating the reasons which led to short expenditure on mufassal water-supply and drainage purposes, we consider that it should have been possible to appreciate more accurately the amount that could be spent within the year and make appropriate surrenders in time. We recommend that the necessity for closer budgeting be impressed on the Public Works Department and on the Corporation of Madras and the municipalities concerned.

15. *Grant XVII—Public Health—Anti-malarial operations, etc. —Other charges—Non-surrender of Savings* [*page* 10, *paragraph* 11 (3) *and page* 119 *of the Accountant General's report*].—The total saving in the final grant was Rs. 0·13 lakh and was due to the starting of certain schemes late in the year, to the non-execution of some works owing to the decision to entrust their execution to the Public Works Department and to the postponement of some items of work under investigation.

We were informed that the progress of expenditure on works in 1939–1940 though better than in 1938–1939 was still slow. We observe that the actual expenditure on "Other charges" has been consistently much below the budget estimate and relatively low compared with the expenditure on staff. We therefore recommend that the Director of Public Health should be instructed to estimate expenditure on other charges more accurately. We also hope that steps will be taken to ensure that the programme is completed within the period of five years allowed for the utilization of the contribution of Rs. 2 lakhs from the Indian Research Fund Association.

16. *Grant XXV—Civil Works—Establishment and Tools and Plant—Increase in the percentages of establishment charges to Works outlay*—[*paragraph* 2 *on pages* 171–173 *of the Accountant-General's report*].—The Accountant-General has observed that there was an increase in the percentages of establishment charges to works outlay in 1938–1939 as compared with the previous year both under "Irrigation" and "Civil Works" and that in both cases there was a reduction in establishment charges, although it was not proportionate to the decrease in the works outlay.

The question of reducing the percentage of establishment charges to works outlay has been examined on more than one occasion in the past.

Our predecessors who examined the Appropriation Accounts of 1931–1932 found that the percentage of establishment charges to works outlay was heavier in 1931–1932 than in previous years and recommended that serious attempts should be made to reduce the percentage below 26. The figures for 1932–1933 also showed that the percentage of establishment charges to the works outlay was still very high.

Our predecessors who examined the Appropriation Accounts of 1932–1933 were informed that the question of regulating the cost of establishment to works outlay was being kept in view in considering the recommendations of the Public Works Establishment

Committee in regard to the retrenchment of staff. They hoped that it would be possible to evolve some definite standards and awaited the results of the examination undertaken by the Government. The Government in consultation with the Chief Engineer subsequently came to the conclusion that no satisfactory standard of work for normal charges could be evolved. They, however, directed that a standard form should be adopted in which the Chief Engineer should supply information when submitting proposals involving additional charges, establishment or staff, to facilitate the examination of the proposals.

Our predecessors who examined the Appropriation Accounts of 1934-1935 accepted the view of the Government. It was pointed out that—

(1) Establishment charges are not elastic enough to respond readily or adequately to a decrease in works outlay during the course of a year;

(2) there cannot be a direct correlation, much less a direct ratio, between reduction of works outlay and reduction of establishment charges, since there is necessarily a lag between the rate at which staff is cut down and the rate at which expenditure on works is curtailed;

(3) there is a certain irreducible minimum of establishment which is always required to attend to a growing volume of administrative, supervisory and advisory duties which do not express themselves in expenditure.

We observe that the following special reasons, in addition to the general considerations mentioned above, contributed to the increase in the percentage of establishment charges to works outlay:—

(1) The curtailment of expenditure on works as compared with the outlay in 1937-1938 and the consequent increase in the percentage of establishment charges.

(2) Special establishments for water supply and drainage schemes were entertained in the year in question (1938-1939) and works previously carried out by local bodies under the control of the Sanitary Engineer were taken over by the Public Works Department for execution. Expenditure on these works to the fullest extent could not be incurred within the year as much of the time of the establishment employed thereon had to be spent in revising the plans and estimates of many of the schemes prepared by the Sanitary Engineer. Thus expenditure commensurate with the establishment engaged thereon was not incurred.

We accept the explanation and hope that every effort will be made to secure economy in establishment charges and to reduce establishment quickly when grants are reduced.

17. *Grant XXVI—Civil Works—Grants-in-aid—Grants to local bodies for roads and bridges other than village communications—Non-surrender of savings* [*page* 11, *paragraph* 11 (3) *and page* 174 *of the Accountant-General's report*]—The Accountant-General has brought to notice that savings to the extent of Rs. 1·68 lakhs were not surrendered in time. It was explained to us that the savings could not be surrendered as some local bodies did not submit timely reports of the amount of savings in the grants allotted to them for expenditure in the year and that the main cause for lapses was the delay on the part of local bodies in the selection of contractors and failure to take adequate and prompt action preliminary to the execution of the works.

We were also informed that the Government have issued instructions to all district boards and municipal councils asking them to take particular care to restrict their demands for grants to the amounts likely to be spent in the year and requesting them to see that grant works are carried out with expedition and that such portions of the grants as are likely to lapse are surrendered to Government forthwith and in any case before the 15th February of each year.

We recommend that the Administrative Department concerned should be asked to exercise closer scrutiny of demands for grants and make suitable reductions in the provision to be made for individual works in the case of local bodies whose past history indicates inability to spend in accordance with their anticipations.

18. *Grant XXVI—Capital Works—Grants-in-aid—Central Road Fund Account—Communications—Non-surrender of savings—*[*Page* 11, *paragraph* 11 (3) *and page* 174 *of the Accountant-General's report*].—The total saving in the final appropriation was Rs. 2·12 lakhs. We were informed that the savings could not be surrendered in time as local bodies did not submit timely reports to the Government. All local bodies have been warned that lapses owing to delays in the acquisition of lands, receipt of materials and settlement of contracts, etc., in connexion with the execution of works should be anticipated when forecasts of expenditure are prepared and that whenever a revision of estimate for a work is inevitable and the utilization of the allotted grant likely to be delayed thereby, the excess grant should be surrendered in time. They have also been requested to restrict in future their demands for grants to the expenditure that they are likely to incur, after taking into consideration all relevant factors and to report in time any lapses in allotments of grants.

We note the instructions issued and recommend that steps be taken to expedite the progress of expenditure in case this Government's supposed inability to utilize their share should entail risk of resumption by the Government of India of any of the unspent balance of the Madras Government's share in the Central Road Fund.

19. *Grant XXXIV—Capital outlay on Civil Works—Over-budgeting*—[*Page* 9, *paragraph* 10 *and page* 224 *of the Accountant-General's report*].—The original appropriation was Rs. 14·63 lakhs while the expenditure was Rs. 11·83 lakhs. The Accountant-General has remarked that modifications in the original appropriation involving a net surrender of Rs. 2·70 lakhs, i.e., about 18·5 per cent were made during the year.

The question of avoiding overbudgeting was examined last year in connexion with the Appropriation Accounts for 1937–1938 and a note on the subject was placed before our predecessors. They were informed that the Chief Engineer had issued instructions to the Superintending Engineers asking them not to be over-optimistic in framing their budgets and warning them that disciplinary action would be taken in all cases of proved over-optimism. The action taken was approved. The Chief Engineer was also instructed in December 1939 to submit a report on the results of his instructions within a year's time. In view of the fact that these instructions were issued only after the close of the year 1938–1939 and in view of the dislocation of estimates in 1939–1940 caused by the introduction of war economy measures, it was decided that no useful conclusions could be drawn from the figures of 1939–1940 and the Chief Engineer has therefore been given time till 1st July 1942 to submit his report.

We were also informed that the deduction for probable savings which was 10 per cent of the gross provision in 1938–1939 was reduced to 5 per cent in 1939–1940 and 1940–1941. We recommend that the question of restoring it to 10 per cent should be considered when the budget for 1941–1942 is prepared.

20. *Matters brought to the notice of the Committee by the Finance Department.*—The Finance Department placed before us a list of schemes of expenditure treated as "new services" in 1939–1940 for our opinion as to which of them were "new services" and which were not. The Finance Department's note together with our remarks will be found in Appendix D.

Mr. S. R. KAIWAR, I.C.S., Under Secretary, Education and Public Health Department.

Mr. H. R. DOORA, Chief Engineer (General, Buildings and Roads). } *Witnesses.*

Major-General N. M. WILSON, C.I.E., O.B.E., K.H.S., I.M.S., Surgeon-General.

Lieut.-Col. C. M. GANAPATHY, M.C., I.M.S., Director of Public Health.

Mr. V. RAMAKRISHNA, I.C.S., Commissioner of Labour.

Mr. H. WHEATLEY, Director of Cinchona Department.

Sri V. S. SUNDARAM, *Accountant-General.*

The paragraphs in the Audit Report, 1939 and the portions of the Appropriation Accounts, 1938-1939 relating to the Development, Education and Public Health and Finance Departments and the notes prepared by these departments in that connexion were taken up for consideration. The Accountant-General gave the Committee valuable assistance in their deliberations.

2. *Paragraph 11 of the Audit Report—Non-surrender of savings—Grants X, XXIII, XV, XVI and XVII.*—With reference to the sub-head "A. Grants for Rural Development" under Grant X—District Administration, the Chairman raised the question of the total amount of the two grants—Rs. 13·75 lakhs in 1935-1936 (received in full) and Rs. 16 lakhs in 1936-1937 (being disbursed according to progress of expenditure) and the Committee recommended that in view of the balance at the end of November 1939 steps should be taken to ensure that the Government of India grant was utilized in full before the end of March 1942.

As regards the non-surrender of savings under the sub-head "a E. Scheduled classes—Public Health—Construction and repair of wells, etc.," under Grant XXIII Miscellaneous departments, it was explained by the Finance Secretary that one of the causes for the saving in 1938-1939 was the decision that no cut should be made on account of probable savings in the provision for new expenditure in that year although a deduction of 25 per cent had been made previously and had also been made subsequently. The Committee hoped that as a result of further measures under examination there would be a closer approximation between the net budget provision and the actuals in future.

The Committee observed that the non-surrender of savings under the sub-head "k. B. 2. Other grants" under Grant XV. Education was mainly under Provident Funds in respect of which

accurate budgeting was difficult. The Committee recommended that the estimates should be based on the average of the last three years, allowance being made for any special known factors regarding retirement of teachers.

With reference to the non-surrender of savings under the sub-head "A. Medical Colleges—1. Apparatus and materials" under Grant XVI. Medical, the Committee observed that in three of the four years ending with 1938–1939, there had been a lapse of 10 per cent or more owing to the inability of suppliers to comply with indents in time, and they recommended that credit should be taken in the estimates in future for a saving of 10 per cent of the gross estimates and also that steps should be taken to place indents earlier in the year.

The Committee were informed of the special reasons connected with the Sanitary Engineer and his department which led to the non-surrender of savings under the sub-head "b A. I. Grants for water-supply and drainage purposes" under Grant XVII. Public Health. While appreciating the difficulties at the time which were explained by the Chief Engineer (General, Buildings and Roads), they considered that a more accurate appreciation of the amount that could be spent in the year should have been possible at least in time to surrender probable savings. They also recommended that the necessity for closer budgeting should be impressed on the Public Works Department, Corporation of Madras and District Municipalities.

In considering the non-surrender of savings under the sub head "C. Anti-malarial operations partly financed by contributions from the Indian Research Fund Association" under Grant XVII. Public Health, the Chairman pointed out that the actuals under "Other charges" were consistently much below the budget estimate and were relatively very low compared with the expenditure on staff. The Director of Public Health explained the nature of the work being done which necessitated such relatively high expenditure on staff. The Committee then went into the question of progress of expenditure. Although satisfied that progress in 1939–1940 had improved, they recommended that the Director of Public Health should be instructed to estimate expenditure on "Other charges" more accurately and hoped that steps would be taken to ensure that the programme was completed within the period of five years allowed for the utilization of the contribution of Rs. 2 lakhs from the Indian Research Fund Association.

The Committee accepted the explanation for the non-surrender of savings under the minor head "e. Pasteur Institute" under Grant XVII. Public Health.

3. *Paragraphs* 10 *and* 11 *of the Audit Report—Accuracy of budgeting and defective budgeting—Grants XVII, XXXVII and XXXV.*—The Committee considered the detailed explanations for the savings under the various minor heads and sub heads under Grant XVII. Public Health. They ascertained that if grants for water-supply and drainage were excluded, the budget and actuals under the Public Health grant in the last four years showed close approximation except in 1938–1939 in which year there were savings due to causes which have been explained and pointed out that they had already dealt with the question of grants for water-supply and drainage works when dealing with non-surrender of savings.

As regards the savings under loans to the Madras Corporation—Grant XXXVII—while accepting the reason for non-drawal of a loan of Rs. 1·3 lakhs provided in the budget, the Committee elicited that the Madras Corporation had large unspent balances of loans not required for immediate expenditure and on which it had to pay interest. They recommended that the borrowing policy of the Madras Corporation should be overhauled and that it should be advised to regulate its demands in closer approximation to the spending capacity of its Executive.

The Committee had no special remarks to offer on the defective budgeting under Grant XXXV. Commuted value of pensions.

4. *Government Commercial Concerns—Financial Review.*—The Committee considered the reports and had no special remarks to make except as regards the Agricultural Dairy Farm, Coimbatore.

After some discussion, they recommended that Government should consider the question of making the Dairy a purely educational concern.

5. *Matters brought to notice by the Finance Department*.—A memorandum showing the action taken by Government on the report prepared for the Public Accounts Committee on the Accounts of 1937–1938 was perused and approved.

A list of schemes of new expenditure treated as New Services in 1939–1940 was perused and the Committee agreed with the decisions of the Government in all the cases. They also decided that experimental cultivation in small forest areas of new plantation crops should not be treated as a new service, but that such cultivation on a commercial scale after the experiment had been proved to be a success should be treated as a new service.

At the instance of the Finance Department, it was decided that the statement in paragraph 3 of the previous Committee's Report regarding the relations between the Audit Department and the Finance Department should be restated in rather fuller terms to remove ambiguity.

The cases of expenditure in excess of final appropriations, charged and voted, under certain grants, mentioned in paragraphs 7 and 8 of the Audit Report were then considered by the Committee and the Committee recommended that the excesses should be sanctioned by His Excellency the Governor, this being the only procedure open under a section 93 situation.

The Committee then adjourned to meet at 11 A.M. on 22nd May 1940.

STONEHOUSE HILL, OOTACAMUND, 25*th May* 1940. W. SCOTT BROWN.

PROCEEDINGS OF THE SECOND MEETING OF THE *AD HOC* PUBLIC ACCOUNTS COMMITTEE FOR 1940–1941 HELD ON WEDNESDAY, THE 22ND MAY 1940, AT 11 A.M. IN THE COMMITTEE ROOM, STONEHOUSE HILL, OOTACAMUND.

PRESENT:

Members.

Mr G. T. BOAG, C.S.I., C.I.E., I.C.S., First Adviser to His Excellency the Governor (*Chairman*)

Mr H. M. HOOD, C.S.I., C.I.E., I.C.S., Second Adviser to His Excellency the Governor.

Mr. T. G. ROTHERFORD, C.S.I., C.I.E., I.C.S., Third Adviser to His Excellency the Governor.

Mr. W. SCOTT BROWN, C.I.E., I.C.S., Secretary to Government, Finance Department (*Secretary*).

Witnesses.

Mr. A. R. MACEWEN, C.I.E., M.C., I.C.S., Secretary, Home Department.

Mr. A. F. W. DIXON, I.C.S., Secretary, Local Administration Department.

Mr. K. RAMUNNI MENON, I.C.S., Secretary, Public Works Department.

Mr B. G HOLDEWORTH, I.C.S., Secretary, Revenue Department.

Lieut.-Col. S. C. CONTRACTOR, I.M.S., Inspector-General of Prisons.

Mr. F. SAYERS, O.I.E., Inspector-General of Police.

Mr. H. R. DOGRA, Chief Engineer (General, Buildings and Roads).

Mr. T. AUSTIN, I.C.S., Commissioner of Excise.

SRI A. LAKSHMINARAYANA RAO, Special Engineer, Road Development.

SRI V. S. SUNDARAM, Accountant-General.

The paragraphs in the Audit Report, 1939, and the portions of the Appropriation Accounts, 1938–1939, relating to the Home, Local Administration, Public Works and Revenue Departments

and the notes prepared by these departments in that connexion were taken up for consideration, valuable assistance being given by the Accountant-General to the Committee in their deliberations.

2 *Paragraphs* 10 *and* 11 *of the Audit Report—Non-surrender of savings, defective budgeting and unnecessary supplementary grants or reappropriations—Grants II, VI, VII, XXVI, XXXIII and XXXVII.*—The Committee after hearing the Inspector General of Police accepted the explanation for the unnecessary supplementary grant under the sub-head " b. Inspection of Motor Vehicles—B. 2. Other charges " and for the non-surrender of savings under the sub-head " d. II. Road Traffic Boards " under Grant VI. Motor Vehicles Acts.

Considering the question of non-surrender of savings under Grant XXVI. Civil Works—g. D. Grants to local bodies for roads and bridges other than village communications, the Committee went into the figures for the last four years and Mr. Hood suggested that the figures indicated that the local bodies' demands should be judged with reference to their capacity to spend as indicated by their previous history. After considering the alternative of making a larger deduction for probable savings and obtaining the views of the Accountant-General the Committee recommended that the Local Administration Department should be asked to exercise closer scrutiny and make reductions in the provision for individual works in the case of districts which have shown in the past inability to spend the provision made.

As regards a similar non-surrender of savings under the same grant under the sub-head " g. E. Grants to Local bodies for village communications," the Accountant-General informed the Committee that the expenditure position was much better in 1939–1940 and the Committee expressed the hope that the improvement would continue.

Dealing with the non-surrender of savings under G. Central Road Fund Account under the same major head the Committee also reviewed the figures for the past four years and found that in spite of the large credit taken for probable savings there had been large savings not surrendered each year though the position in 1938–1939 showed a considerable improvement over previous years. The Committee were informed by the Local Administration Secretary of instructions issued which it was expected would largely prevent lapses in grant. The Committee noted the instructions issued, and recommended that steps be taken to expedite the progress of expenditure in case this Government's supposed inability to utilize their share should lead to resumption by the Government of India of the unspent balances of the Madras Government's share in the Central Road Fund.

In considering the question of non-surrender of savings under the sub-heads " (i) b. Loans to District and other Local Fund Committees " and (ii) " c. Loans to municipalities " under Grant XXXVII, the Committee reviewed the position for the last four years. The Finance Secretary pointed out that the position was likely to improve in view of the decision of the Government to charge interest on loans provided in the budget at the instance of local bodies if the local bodies do not take the loans at the time indicated. In view of this the Committee although they considered the explanations far from creditable to local bodies accepted them and decided to make no recommendation.

As regards defective budgeting under Grant XXXIII. Capital outlay on Electric schemes, the Committee considered the note placed before them and had no remarks to offer.

Dealing with the non-surrender of savings under Grant II. e. Compensations—A. Indian States and other Governments, the Committee after hearing the Commissioner of Excise remarked that they considered that the explanations of the Collectors for the delay in submitting statements should have been ready for consideration by the Committee. They hoped that the instructions issued would obviate such failure to surrender savings in future.

The Committee then considered and accepted the explanation for the unnecessary reappropriation under the sub head "h. C. Flood repairs" under Grant VII after the Revenue Secretary had explained that there had been an error in classification and that the saving was really under another sub-head with a larger appropriation relative to which the saving was inconsiderable.

In dealing with the non-surrender of savings under the sub-head "e. A. 2. Loans under the Agriculturists' Loans (Madras Amendment) Act" under Grant XXXVII, the Committee had the advantage of a detailed explanation of the history of the scheme by the Revenue Secretary as well as an analysis of the Board of Revenue's recent report on the whole question. The Committee decided that in the circumstances they should make no recommendation but place on record the fact that they had been informed that the question of devising measures to induce agriculturists to take greater advantage of these loans was under examination.

3. *Paragraph 10 of the Audit Report—Over-budgeting under Grant XI and Grant XXXIV.*—With regard to the over-budgeting pointed out under Grant XI—Administration of Justice, the Chairman raised the point that a considerable part of the saving was due to closure of Courts which was not anticipated. The Finance Secretary pointed out that, if allowance was made for that and for the savings under fine compensations due to a change in accounting arrangements, the saving was less than 3 per cent which a previous Public Accounts Committee ruled need not be regarded as serious. The Committee observed that if the savings due to fine compensations were disregarded the saving in 1938–1939 was only Rs. 2·53 lakhs or 3·3 per cent of the budget. As the policy of the Ministry as regards closure of Courts, which could not be anticipated at the time of budgeting partly accounted for the savings being in excess of 3 per cent the Committee were satisfied with the explanation given.

Dealing with over-budgeting under Grant XXXIV, Capital outlay on Civil Works, the Committee discussed the question at length with the Chief Engineer and the Secretary, Public Works Department. It was pointed out that owing to the stoppage of certain less essential works as a measure of war economy it would take some time for the instructions issued by the Chief Engineer in the matter of budgeting to show any definite results. Meanwhile as the Committee were informed that the deduction for probable savings was reduced from 10 per cent of the gross provision to 5 per cent in 1939–1940 and 1940–1941, they recommended that the question of restoring it to 10 per cent should be considered when the budget for 1941–1942 was prepared.

4. *Government Commercial Concerns—Financial results.*—Mr. Ratherford initiated a discussion on the financial working of the Central Jail manufactories at Vellore and Coimbatore with special reference to prices charged. The Inspector-General of Police also took part in the discussion with special reference to supply of boots to the Police Department. The Committee eventually decided to put no remarks on record.

5. The Inspector-General of Prisons was examined regarding drawal of money in advance of requirements by a Jail Superintendent under Grant XII. In view of the peculiar circumstances the Committee accepted the action taken as adequate.

6. The circumstances necessitating the remission of guaranteed revenue from an Electric Supply Company under Grant XIV were explained by the Public Works Secretary in the absence of the Chief Engineer (Electricity) who arrived too late for the discussion. The Committee approved the action taken.

7. A full discussion took place with the Chief Engineer (General, Buildings and Roads), regarding the loss in the working of the Public Works Workshop, Madras. It was explained that if indirect charges could be reduced it would be possible to get local bodies to place their orders for structural steel work with the workshops. The Committee expressed the hope that a decision on the suggestion now being considered would soon be reached so that the outturn of the shops could be increased.

8. There was also a full discussion with the Chief Engineer (General, Buildings and Roads) of the reasons for the increase in percentage of establishment charges to works outlay under Grant XXV. The Committee eventually accepted the explanation but expressed the hope that every effort would be made to secure economy in establishment charges and to reduce establishment quickly when grants were reduced.

9. The Committee concluded their sittings and their consideration of the Audit Report and Appropriation Accounts with a vote of thanks to the Accountant-General for his valuable assistance and to the Chairman.

APPENDIX B

(See paragraph 6 of the Report.)

LIST SHOWING MINOR ITEMS IN THE ACCOUNTANT-GENERAL'S APPROPRIATION ACCOUNTS WHICH WERE BROUGHT TO THE NOTICE OF THE COMMITTEE.

References to Appropriation Accounts, 1938–1939.	Subject matter.	Remarks.
GRANT II—PROVINCIAL EXCISE		
(1) Page 10, paragraph 11 (1) and page 18.	Non-surrender of savings under Grant II—Provincial Excise—C. Compensations—A. Indian States and other Governments.	There was a total saving of Rs. 0·30 lakh. The savings were chiefly under compensations payable to the Civil generals at Bombay, Ootacamund and Civil and Military Station, Bangalore, on the supervision of the duty collected in this Province on spirituous medicinal preparations and toilet preparations imported for consumption in those areas. The savings under compensation payable to the Bombay Government could not be surrendered in time as it was not possible to know at the time of surrendering whether there would be any exports to Bombay, while those under the compensation payable to Coorg and the Civil and Military Station, Bangalore, were due to the late receipt of the statements showing the details of exports to those communications. The Board of Revenue has issued instructions to the Collectors to see that the statements are submitted on or before the 15th January every year. We consider that the explanations of the Collectors concerned should have been ready for consideration by us. We hope that the instructions which have been issued will prevent such non-surrender of savings in future.
GRANT VI—MOTOR VEHICLES ACTS.		
(2) Page 9, paragraph 11 (1) and page 36.	Unnecessary supplementary grant under Grant VI—Motor Vehicles Acts—12. Charges on account of Motor Vehicles Acts—b Inspection of motor vehicles—Other charges.	The Accountant-General has remarked that a supplementary grant obtained under this item to the extent of Rs. 0·15 lakh was unnecessary. The Inspector-General of Police reported in February 1939 that the revised allotment for 1938–1939 under "12 a Inspection of motor vehicles—2. Allowances—Travel" exceeded the modified appropriation under that head by Rs. 24,000, after making provision for the sum of about Rs. 13,000 and that additional funds to the extent of Rs. 11,000 would be required. It was explained to us that the sum of Rs. 13,000 was not actually provided after reappropriation as an additional grant was proposed to be sanctioned under this head and that in the revised estimate submitted by the Inspector-General of Police, the amount may by mistake taken to have been reappropriated as an additional sum of Rs. 24,000 was claimed. We accept the explanation.
(3) Page 10, paragraph 11 (3) and pages 37–38.	Non-surrender of savings under Grant VI—Motor Vehicles Acts—12. Charges on account of Motor Vehicles Acts—d Other charges—11. Road Traffic Boards.	The Accountant-General has remarked that a sum of Rs. 0·24 lakh was not surrendered. It was explained to us that the Road Traffic Boards and the Central Road Traffic Board were constituted only in April 1938 and that it was therefore not possible to forecast the actual requirements of these Boards for 1938–1939 with any degree of accuracy. We accept the explanation.
GRANT VII—IRRIGATION.		
(4) Page 10, paragraph 11 (3) and page 42.	Reappropriation obtained unnecessarily or in excess of requirements under Grant VII—Irrigation—18. Other Revenue expenditure—d C. Flood protection.	The Accountant-General has remarked that the reappropriation applied for under this head proved excessive. The Board of Revenue has reported that the saving of Rs. 0·16 lakh occurred in due to wrong classification of the expenditure under other heads and that it is hoped to avoid such wrong classifications in future. We accept the explanation.

List showing minor items in the Accountant-General's Appropriation Accounts which were brought to the notice of the Committee—*concl.*

Reference to Appropriation Accounts, 1938–1939	Subject matter.	Remarks.
GRANT XI—ADMINISTRATION OF JUSTICE.		
(5) Page 8, paragraph 10.	Over-budgeting under Grant XI—Administration of Justice 27 Administration of Justice.	The Accountant-General has remarked that large savings of more than Rs 4 lakhs occurred in the voted section of the grant. The savings under various heads were explained to us and it was observed that a considerable part of them was due (1) to the closure of courts and (2) to the fact that payments of compensation in lieu of ministerial fines made to local bodies and others in pursuance of specific enactments were temporarily debited to a deposit head instead of to this head. These factors could not be anticipated at the time of budgeting.
		It was pointed out to us that if allowance was made for savings due to closure of courts and those under five compensations, the saving under the whole grant was less than 5 per cent which a previous Public Accounts Committee ruled need not be regarded as serious and that if the savings due to the compensations alone were discounted the saving in 1938–1939 was only Rs 2·39 lakhs or 3·5 per cent of the budget.
		We are satisfied with the explanation given.
GRANT XII—JAILS.		
(6) Page 61, paragraph 5.	Drawal of money in advance of requirements.	The Accountant-General has observed that the Superintendent of a Central Jail drew a sum of Rs. 1,901 from the Treasury in connection with special repairs to 'warders' lines instead of submitting a contingent bill for the amount in favour of the contractor and kept it under private deposit to avoid a lapse of provision in the budget in contravention of the financial rules. The Government have investigated the matter in consultation with the Inspector General of Prisons and the circumstances leading to the irregularity have been explained to us.
		We are satisfied with the action taken.
GRANT XIV—ELECTRICITY.		
(7) Page 97, paragraph 3.	Remission of guaranteed revenue from an Electric Supply Company.	The Accountant-General has brought to notice that an Electric Supply Company did not pay to the Government the guaranteed amount due to circumstances beyond its control and that the question of granting concession in the matter of recovery of the amount due from it to the Government is under active consideration.
		It was explained to us that the Government have in consultation with the Chief Engineer for Electricity, decided that the debt of the Electric Supply Company be wiped out on payment of Rs. 12,000 before 31st March 1940, that the amount was paid on 27th March 1940 and that the question of entering into a fresh agreement with the Company without the guarantee clause is under consideration.
		We approve the action taken.
GRANT XVII—PUBLIC HEALTH.		
(8) Page 99, paragraph 11 (3) and page 120.	Non-surrender of savings under Grant XVII—Public Health—38, Public Health 6, Pasteur Institute.	The total saving under voted and charged sections is Rs. 0·27 lakh. In 1938, the Government ordered that the services of the officers of this Government employed in the institute, should be declared to have been lent to the Institute on Indian service terms. The provision made for the pay of these officers from provincial funds in the first instance should also have been surrendered to the Government. The Surgeon-General has explained that this was not done by oversight.
		We accept the explanation and have no remarks to offer.
(9) Page 9 paragraph 12.	Overbudgeting under Grant XVII—Public Health	The Accountant-General has remarked that the savings under this grant in particular were very large constituting nearly 45 per cent of the total saving and were due to less expenditure under grantsfor water-supply and drainage purposes.
		The net provision in the grant was Rs. 37·69 lakhs. Out of this amount a sum of Rs. 25·86 lakhs was spent leaving a balance of Rs. 12·01 lakhs. The different items which contributed to the savings in the grant together with the reasons therefor were explained to us.
		We were informed that if grants for Water-supply and Drainage are excluded it budget and actuals under the Public Health grant in the last few years showed close approximating except in 1938–1939 in which year there were savings due to causes which have been explained and pointed out in connection with the non-surrender of savings under grants for Water-supply and Drainage purposes. We have dealt with this item in Paragraph 7 of our Report and have no further recommendation to make.

List showing minor items in the Accountant-General's Appropriation accounts which were brought to the notice of the Committee—*cont.*

Reference to Appropriation Accounts, 1938-1939.	Subject matter	Remarks.
GRANT XXIII—MISCELLANEOUS DEPARTMENTS		
(36) Page 11, paragraph 11 (3) and page 147.	Non-surrender of savings under Grant XXIII—Miscellaneous Departments—47 Miscellaneous Departments—E Scheduled classes—Public Health—Construction and Repair of Wells, etc	Collectors of districts reported that a sum of Rs 1 lakh would be required for expenditure during the year 1938-1939 The Commissioner of Labour distributed the amount to them Out of the final appropriation of Rs 1 lakh only a sum of Rs 1 71 lakh could be spent and the balance of Rs 0 29 lakh lapsed A statement showing the final allotment and expenditure in each district together with the reasons for the lapse was placed before us It was observed that the savings were due to non-execution of works to the extent mentioned owing to petty and pressure of urgent work in some wells and of rock in others, to difficulty of boring free inlets in some cases and to non-completion of land acquisition in others. The Commissioner of Labour has stated that the civilian sacrificed whether he had submitted his surrender proposals to the Government and that the Government savings were not anticipated before, they could not be surrendered in time. It was explained to us that a further cause for the saving in 1938-1939 was the decision of the Government that no cost should be made on account of purchase equipment for new expenditure although a deduction of 25 per cent had been made previously and subsequently also It was also pointed out that instances to avoid such lapses are under examination. We hope that as a result of the examination which the Administration Department is undertaking there will be closer approximation between the next budget provision and actuals in future.
GRANT XXIV—CIVIL WORKS—WORKS.		
(31) Page 164, paragraph 5	Loss in the working of the Public Works Workshop, Madras.	The Accountant-General has observed that the Public Works Workshop at Madras sustained a loss of Rs 0 81 lakh during the year 1937-1938 in view to against Rs. 0 03 lakh in the preceding year. The deterioration during the year was due to notified custom without a corresponding reduction of overhead charges and to increased interest and depreciation charges on new buildings brought into use for the first time from 1937-1938. We have also pointed out that the question of adopting a sliding scale of "direct" and "indirect" charges in place of the fixed scale now in force is under consideration of the Government. The Government have considered in consultation with the Chief Engineer the question of reducing the loss in all its aspects and have come to the conclusion that the only step at present possible will not have the desired effect as it would be difficult for a workshop equipped for general departmental needs to compete on equal terms with special engineering shops engaged on large scale production of particular types of articles The Chief Engineer has therefore suggested that the best way of reducing the loss is to increase the outturn— (1) by spreading further the organisation of the Electricity department workshops at Madras and (2) by directing local bodies to place their orders for road and bridge works involving structural steel work in the Public Works Workshop. As regards the first suggestion, instructions were already issued to the Chief Engineer, Electricity in April 1938 that as much work of the Electricity department as was practicable should be placed with the Public Works Workshop in Madras In accordance with this the Chief Engineer took steps to curtail the activities of the Salem workshops and a certain amount of retrenchment was effected at Salem In that connection the Chief Engineer, Electricity stated that the Electricity department was unable to assist the Public Works Workshop at Madras and that it would be unpracticable to decentralise and transfer to it such work as possible to the mofussil where labour conditions were more satisfactory The remarks of the Chief Engineer (Personnel and Chief Engineer (Irrigation) were invited on this proposal to transfer the Public Works Workshop at Madras to Salem and as they were strongly of the opinion that the workshop could not be transferred to the mofussil the matter was dropped. The second suggestion of the Chief Engineer that local bodies should be directed to place their orders for road and bridge works involving structural steel work in the Public Works Workshop has been ordered to be kept pending a decision on the question of rates of indirect charges for jobs of other departments and local bodies executed in the Public Works Workshop. This matter is now under consideration of the Government. It was explained to us that if no direct charges could be realised it would be possible to get local bodies to place their orders for structural steel work with the workshops We hope that a decision on the suggestions now under consideration will soon be arrived at so that the outturn of the shops can be increased

GRANT XXVI—CIVIL WORKS—GRANTS-IN-AID.

(14) Page 11, paragraph 11 (2) and page 101

Non-surrender of savings under Grant XXVI (Civil Works)—Grant-in-aid—Panchayat Boards for village communications.

A sum of Rs. 97,000 was not surrendered in time. It was explained that the sum of Rs. 97,000 was the balance of a total sum of Rs. 1,00,000 placed at the disposal of various district boards of Rs. 1,000 per panchayat constituted village road committee for these local bodies to spend the grants in 1938-39. The reports could not be received in all cases promptly as the amount fell due on 31st March and the grants were not received in time to effect current work.

We were informed that the expenditure position was much better in 1939-1940. We hope that the improvement which has taken place in 1939-1940 will continue.

GRANT XXXIII—CAPITAL OUTLAY ON ELECTRIC SCHEMES.

(15) Page 11, paragraph 11 (3) and page 101

Deficiency under Grant XXXIII—Capital outlay on Electric Schemes—Purchase of Railway Electric Undertakings—Lands and Buildings, Electric Lines and Power Installations and Buildings" transferred to Madras.

The Accountant General has communicated that the number of questions thereafter on account of the salvage value of the transferred assets of the Aquinagar and Pallikonda Electric Undertakings was made to the lowest grade of the gaining department and that the question of salvage value could not therefore be correctly classified. It was also suggested that this was really not a case of deficiency requiring retrenchment in the original budget for 1938-39 but a saving of the same and that the misclassification was merely an inaccuracy within the year in the final classification.

We have no remarks to offer.

GRANT XXXV—COMMUTED VALUE OF PENSIONS.

(16) Page 11, paragraph 11 (4) and page 101

Deficiency in Grant under Grant XXXV—Commuted value of Pensions—Payments of commuted value of pensions—Rs. 1,01 Payments to pensioners—Charged

The Accountant-General has remarked that provision for payment of commuted value of pensions on a retired District and Sessions Judge who had attained post was made under a "Deficiency" instead of under "Voted" owing to a misapprehension and that this has mainly contributed to the non-surrender of Rs. 1,01 under this head. The circumstances leading to the wrong classification and the lessons were explained to us and we have no remarks to offer.

GRANT XXXVII—LOANS AND ADVANCES BEARING INTEREST.

(17) Page 9, paragraph 10, page 11, paragraph 11 (5) and page 102

Non-surrender of savings under Grant XXXVII—Loans and Advances bearing Interest—Loans to Municipalities—Public Local Fund—Loans to Municipalities and Loans to Municipalities.

The Accountant-General has observed that savings under Grant XXXVII were very large and were due in part to deliberate non-submission of applications by local bodies so that a closer budgeting would appear to be called for.

We point out the note placed before us explaining the causes by the chief engineer. It was also explained that out of the total saving of Rs. 9,97 behind existing of the Tirupattur municipality Scheme for water-supply scheme. Those savings were mainly due to non-receipt in progress of Rs. 9,97 held for Rs. 1,00,000 Water-supply scheme Rs. 5 in the Sattur Water-supply scheme and Rs. 9,00 held for Karur Water-supply scheme. The first and two were not ready for execution before the close of the year and the papers were received in time that the loans would not be required. The saving in Salem Water-supply scheme could not, however, be viewed in view of the fact that the decision whether a new loan should be sanctioned or not to be did not be taken under that Mysore 1939 for want of the revised estimate for the said same which was under preparation by the Chief Engineer's office. In the case of the Karur Water-supply scheme, the loan could not be sanctioned before the 15th March 1939, the latest date fixed for making entries for payment of loans at financial transfers in order that the entries were completed within the year.

We reviewed the position for the last few years. It was pointed out to us that the position was likely to improve in view of the decision of the Government to charge the full cost of loans granted to the budget at the rate of local bodies if the local bodies do not take the loan at the time indicated. In view of this, though we considered the explanations for the variations in local bodies we accepted them and have no recommendation to make.

(18) Page 8, paragraph 10 and page 228.

Saving under Loans to Madras Corporation.

The original appropriation was Rs. 23,78 lakh and it included a provision of Rs. 1,50 lakh for the purchase of the Defence Department Remount and Saddlery Depot by the Corporation of Madras. The Corporation expected that it could settle the terms of purchase before the end of 1938-39 but could not do so. Hence the loan provided for the purchase could not be given.

We were informed that the Madras Corporation has large usage of balances of loans not utilised for purposes for which raised and on which it is saving interest. We recommend that the Government policy of the Madras Corporation should be overhauled and that at all events no advance to facilitate the utilisation of balances of loans should be given.

GRANT XXXVII—LOANS AND ADVANCES BEARING INTEREST.		
(11) Page 11, paragraph 13 (3) and page 256	Non-surrender of savings under Grant XXXVII—Loans and Advances bearing interest—Agriculturists Loans (Madras Amendment) Act, 1935.	A sum of Rs. 50 lakhs was provided under this Head This provision necessitated the framing of a new scheme and of rules for working The scheme and rules were ready only by 1st October 1938. In the revised estimate for the year the appropriation was reduced to Rs. 25 lakhs on the assumption that that sum would be spent during the latter part of the year When the scheme was put into operation, however, it was found that for various reasons the number of acceptable applications would not be as many as had been expected and a sum of Rs. 13·97 lakhs was surrendered in February 1939 leaving an appropriation of Rs. 6·03 lakhs only for the year. A further sum of Rs. 1·62 lakhs was surrendered subsequently, but was not accepted, being retained. The actual amount spent during the year was only Rs. 3·41 lakhs resulting in a saving of Rs. 2·62 lakhs.
		A majority of the applications received for loans did not satisfy the conditions required for the grant of a loan but they could not be anticipated in time to effect surrender. We had the advantage of a detailed explanation of the history of the scheme by the Revenue Secretary as well as an analysis of the Board of Revenue's report on the whole question and decided in the circumstances explained to make no recommendation except to place on record the fact that the question of devising measures to induce agriculturists to take greater advantage of these loans is under examination
GOVERNMENT COMMERCIAL CONCERNS.		
38) Pages 231-250.	Government Commercial concerns—Financial review	Copies of the following administration and audit reports relating to commercial concerns were furnished to us :—
		(1) Administration Report of the Jail department for 1938.
		(2) Audit Report for 1938 of the manufactory section of the Central Jail, Vellore.
		(3) Audit Report for 1938 of the commissary section of the Central Jail, Coimbatore
		(4) Administration reports for 1938-1939 of the following departments :—
		(i) Agricultural department.
		(ii) Cinchona department
		(iii) Fisheries department.
		(iv) Industries department.
		(5) Audit reports for 1938-1939 of the following commercial concerns :—
		(i) Kerala Soap Institute, Calicut.
		(ii) Industrial Engineering Workshops, Madras.
		(iii) Cinchona dept. (parts)
		The administration report of the Jail department is not based on audited figures, as the Accountant-General suspended all local audit in consequence of the retrenchment. The work was partially revived in 1939-1940 and the audit reports for the two jails for 1938 were, therefore received after the administration report was received and reviewed by the Government.
		The administration report of the Cinchona department incorporates the audited figures but the audited figures of the two commercial concerns under the Industries department could not be incorporated in the administration report of that department as they were not available at the time the report was prepared.
		The administration reports of the Agricultural and Fisheries departments do not include audited figures of the Agricultural College Dairy and Fish-curing Yards and Pearl and Chank Fisheries respectively as no audit of their accounts was conducted in 1938-1939 owing to financial stringency.
		We recommend that the Government should consider the question of locating the Agricultural College Dairy, Coimbatore, as a purely industrial concern. As regards the other commercial concerns we have no remarks to offer

[See paragraph 6 of the Report.]

MEMORANDUM SHOWING THE ACTION TAKEN BY GOVERNMENT ON THE REPORT PREPARED FOR THE PUBLIC ACCOUNTS COMMITTEE ON THE ACCOUNTS OF 1937–1938.

The Committee on Public Accounts for the fourth session of the Madras Legislative Assembly considered the Report of the Auditor General relating to the Appropriation Accounts of the Province of Madras for the year 1937–1938 and other matters referred to it at two meetings held on the 1st August 1939 and the 4th September 1939 and made its recommendations. The Committee's formal report for presentation to the Legislative Assembly was under preparation when the Madras Legislative Assembly was prorogued with effect from the 29th October 1939. The members consequently ceased to hold office as members of the Public Accounts Committee and it was not therefore possible for them to sign the report for the Assembly prepared by the Finance Department on the basis of their recommendations. His Excellency the Governor considered the report, approved the recommendations made therein and sanctioned the excesses over charged and voted appropriations.

2. The Government have given their consideration to the recommendations made and the opinions expressed by the Public Accounts Committee.

The more important questions referred to the Committee are dealt with in the following paragraphs. As regards the remaining recommendations which deal with matters of detail, a statement of the action taken by the Government is contained in the Annexure to this memorandum.

3. *Paragraph* 17—*Non-surrender of savings under "Grant X—District Administration and Miscellaneous—General Administration—Miscellaneous—Grant for Rural Development"*.—The Development Department is concerned with the administration of the grant. The Department has stated that the Committee's recommendation will be borne in mind in estimating requirements and in surrendering the savings in future. Instructions have also been issued to Collectors to ensure that as far as possible accurate estimates of the expenditure from the grant are framed and that overbudgeting is avoided. They have also been requested to review the progress of expenditure in December in each year and to furnish to the Government by the 15th December, a report showing the expenditure incurred by them from the grant from 1st April to 30th November and the anticipated expenditure from 1st December to 31st March in order to enable the Development Department to surrender any savings in time.

4. *Paragraph* 18—*Overbudgeting under Grant XXIV—Civil Works—Works and Grant XXXIV Capital Outlay on Civil Works*.—The Chief Engineer had already issued a circular memorandum to Superintending Engineers instructing them not to be over-optimistic in framing their budget estimates and telling them that disciplinary action would be taken in all cases of proved over optimism. The Committee approved the action taken and stated that they awaited the results of instructions issued. The Chief Engineer was asked in December 1939 to submit a report within a year's time. In view of the dislocation of estimates in 1939–1940 caused by the introduction of War economy measures it has been decided that no useful conclusions could be drawn from the figures of 1939–1940 and he has therefore been given time till 1st July 1942 to submit his report. The position is again being explained to the Committee in a separate note on the overbudgeting in 1938–1939 under Grant XXXIV.

5. *Paragraph* 21—*Maintenance of production and trading accounts in certain forest divisions—Discontinuance*.—The Chief Conservator of Forests pointed out to the Accountant-General in 1936 that the maintenance of the Production and Trading Accounts prescribed by the Government in accordance with the recommendation of the Public Accounts Committee in 1932 was unnecessary, as the Forest Department had ceased to be treated as a commercial department from 1st April 1937 and as the ordinary accounting showed whether any operation was paying or not, and that the financial position of each division

was discussed in the Circle Administration Reports which gave a more correct and realistic view of the working of each division than the production and trading accounts did. The Accountant-General requested the Government to decide the question in consultation with the Public Accounts Committee. The Committee were informed that the production and trading accounts were intended to present to the Legislature and the Public Accounts Committee the working results of the main revenue yielding operations of the department from year to year, that for this purpose statements explaining the financial position of the operations connected with timber, sandalwood and sleepers with the overhead charges shown therein would be appended to the administration report submitted to the Government which when published would be made available to the Legislature and the Public Accounts Committee and that a consolidated statement showing all the activities in each division would also be appended to the Circle reports. The Committee accepted the proposal to do away with the maintenance of production and trading accounts in the forest divisions subject to the statements explaining the financial position of the operations connected with timber, sandalwood and sleepers being found to give sufficient information. Orders have been issued by the Government accepting the recommendation of the Public Accounts Committee and the Chief Conservator of Forests has been asked to give effect to the proposal with effect from the report for 1939–1940.

APPENDIX D.

[See paragraph 30 of the Report.]

LIST OF SCHEMES OF NEW EXPENDITURE TREATED AS "NEW SERVICES" IN 1939–1940.

NOTE BY THE FINANCE DEPARTMENT.

With reference to paragraphs 8 and 4 of the Introductory Note to the pamphlet *Rulings of the Madras Public Accounts Committee on the Interpretation of the term "New Service"* a list of schemes of new expenditure treated as "new services" during the year 1939–1940 is placed before the Public Accounts Committee

2 The Government sanctioned a scheme for the experimental cultivation of wattle by the Forest department in select areas with a view to ascertaining the possibilities of undertaking regular plantations on a large scale. This was not treated as a "new service" requiring the vote of the Legislative Assembly on the ground that wattle was already under cultivation in this Province by private enterprise and that its cultivation with a view to increasing the amount of wattle in the forests was not therefore a new experiment. On the other hand, the experimental cultivation of cinnamon by the Forest department was treated as a "New Service" as the expenditure was on a new experiment, i.e., on a plantation crop to be newly introduced into the Forest department. On a reference from the Accountant-General suggesting that the cultivation of wattle was apparently undertaken for the first time as an activity of the Forest department and should therefore be regarded as a new service, as the cultivation of cinnamon was, the expenditure on the experimental cultivation of wattle was also treated as on a "New Service" and a token authorization of His Excellency the Governor was obtained. It is, however, a point for consideration whether experimental cultivation in small forest areas by the Forest department with a view to seeing whether otherwise unproductive forest areas can be usefully planted up should be considered as an activity outside the normal activities of the Forest department so as to require the vote of the Legislative Assembly. The cultivation by the Forest department on a commercial scale of large areas with such plantation crops as a regular activity of the department without leasing to private enterprise, would of course be a "new service."

3 The advice of the Committee is requested as to—

(1) whether the items mentioned in paragraph 2 above, and included in the list should be treated as "New Services", and

(2) whether the other items in the list were correctly treated as "New Services."

LIST.

Cases of New Services not covered by existing Rulings, 1930–1940.

Item of expenditure.	Reason for treating as a "New Service."
Grant IV. Forest—	
(1) Experimental cultivation of cinnamon	Involved expenditure on a new plantation crop to be newly introduced in the Forest department on a large scale.
(2) Experimental cultivation of wattle.	The Government sanctioned a scheme for the experimental cultivation of wattle by the Forest department in select areas during the years 1939–1943 with a view to ascertaining the possibilities of undertaking regular plantations on a large scale. The expenditure in 1939-1940 was met from the sanctioned allotment for regeneration and was not treated as on a new service. On the analogy of the orders of Government treating the expenditure on the experimental cultivation of cinnamon as a new service, the Accountant-General expressed the view that expenditure on the departmental cultivation of wattle should also be treated as on a new service. On reconsideration, the Government agreed with the Accountant-General and obtained a token grant of Rs. 100 on the supplementary estimates of expenditure for 1939–1940.
(3) Departmental purchase of tamarind to the Rampa Agency and resale in public auction to prevent the exploitation of the hillmen by traders.	Expenditure of the kind has not been incurred in the past.
Grant VIII Heads of Provinces, Ministers and Headquarter Staff—	
(4) Purchase of a Public Address System for the use of Ministers	Expenditure of the kind has not been incurred in the past. NOTE.—Owing to the resignation of the Ministry, the order was cancelled and the purchase was not actually made.

LIST—*contd.*

Cases of New Services not covered by existing Rulings—*contd.*

Item of expenditure.	Reason for treating as a "New Service"
Grant XV Education—	
(5) Teaching grant to Lady Sankaran Nair Convent Girls' School, Ottapalam in Malabar district.	Grant to a new educational institution not provided in the Budget.
Grant XVI Medical—	
(6) Grant to the St. John Ambulance Association, South Indian Provincial Centre, Madras.	This was a grant made to the Association towards the cost of supplying uniform to members newly enrolled. The Association maintains ambulance and nursing divisions and arranges to give instruction in First-aid to a large number of persons and it may be called upon to take an active part in Air Raid Precaution work. Expenditure of the kind has not been incurred in the past.
Grant XIX Veterinary—	
(7) Employment of a Veterinary Assistant Surgeon on Milk Recording in Nellore.	Creation of an establishment for a specific new object, one half of the cost being met by the Madras Government and the other half by the Imperial Council of Agricultural Research.
(8) Grant to Vegavathi Ashram Livestock Breeding Society towards the cost of construction of a paddock, a dairy room and the purchase of dairy implements.	Expenditure of the kind not incurred in the past [compare ruling (2) on page 7 of the pamphlet].
Grant XXX. Miscellaneous—	
(9) Grant of a monthly allowance to the widowed daughter of an accused person in a criminal case whose property was sold, the sale proceeds being credited to Government.	Such expenditure has not been incurred in the past—compare ruling XIII. Miscellaneous cases on page 17 of the pamphlet. NOTE.—The allowance was granted as an act of grace, as the money misappropriated by the accused had also been realised by Government from attaches and relations.
(10) Organization, training and equipment of reserve squads as a measure of Air-Raid Precautions. (11) Expenditure on transport of enemy aliens to internment camps.	Even though the cost is subsequently recoverable from the Government of India expenditure of the kind has not been incurred in the past.
Grant XXXVI. Interest-free advances—	
(12) Advances to students and other Indians in the United Kingdom.	Advances of a similar nature have not been given in the past.
Grant XXXVII. Loans and advances bearing interest—	
(13) Loan to Mrs A. V. N. College, Visagapatam.	Loan to the committee of management of a college. A loan of the kind has not been granted in the past—compare ruling XI in section B on page 10 of the pamphlet.

RECOMMENDATION OF THE COMMITTEE

We agree with the decisions of the Government in all the cases mentioned in the list. We consider that experimental cultivation in small forest areas of new plantation crops should not be treated as a new service but that such cultivation on a commercial scale after the experiment had been proved to be a success should be treated as a new service.

(G.O. Ms. No. 3193, Home).

No. 926.

The following notification of the Government of India is republished:—

DEPARTMENT OF LABOUR.

Simla, the 17th July 1940.

No. M.-1217.—The following draft of rules which it is proposed to make in exercise of the powers conferred by sections 5 and 7 of the Indian Explosives Act, 1884 (IV of 1884), is published as required by section 24 of the said Act for the information of all persons likely to be affected thereby and notice is hereby given that the draft will be taken into consideration on or after the 15th September 1940.

Any objection or suggestion which may be received from any person in respect of the said draft before the date specified will be considered by the Central Government.

DRAFT RULES.

CHAPTER I.

PRELIMINARY.

1. *Short title.*—These rules may be called the Explosives Rules, 1940.

2. *Supersessions and savings.*—The Indian Explosives Rules, 1914, and all rules and notifications issued by Local or Provincial Governments, under the Indian Explosives Act, 1884, are hereby superseded, but—

(i) all licences or duplicates granted or renewed and all fees imposed or levied shall be deemed to have been respectively granted, renewed, imposed or levied under these rules, and

(ii) all approval given, all appointments made and all powers conferred by or under any rule or notification so superseded shall, so far as they are consistent with the Act and these rules, be deemed to have been given, made or conferred by or under these rules.

3. *Definitions.*—In these rules, unless there is anything repugnant in the subject or context—

(1) "The Act" means the Indian Explosives Act, 1884 (IV of 1884);

(2) "Authorized explosive" means an explosive included in a list of authorized explosives published by the Chief Inspector from time to time in the *Gazette of India*;

(3) "Boat" means any vessel whether propelled by oars or otherwise not falling within the definition of ship;

(4) "Chief Inspector" means the Chief Inspector of Explosives in India;

(5) "Conservator of the Port" includes any person acting under the authority of the officer or body of persons appointed to be Conservator of the Port under section 7 of the Indian Ports Act, 1908 (XV of 1908);

(6) "Detonator" means a capsule or case which is of such strength and construction, and contains fulminate in such quantity that the explosion of one capsule or case would instantaneously fire explosive in the capsules or cases when in proximity;

(7) "District Authority" means—

(i) in a Presidency town, or its suburbs, the Commissioner of Police; and

(ii) elsewhere the District Magistrate;

(8) "District Magistrate" includes an "Additional District Magistrate";

(9) "Inspector of Explosives" includes Assistant Inspector of Explosives;

(10) "Safety cartridge" means a cartridge for small-arms having a diameter not exceeding one inch, the case of which can be extracted from the small-arm after firing, and which is so closed as to prevent any explosion in one cartridge being communicated to other cartridges;

(11) "Safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction, and contains an explosive in such quantity that the burning of such fuze would not communicate laterally with other like fuzes;

(12) "Ship" means every description of vessel ordinarily used or intended to be used in navigation and not exclusively propelled by oars;

(13) "Small-arm nitro-compound" means a nitro-compound adapted and intended exclusively for use in cartridges for small-arms;

(14) "Testing officer" means such officer as the Central Government may appoint in this behalf;

(15) "Transport" means to move from one place to another in British India, and includes moving from one place to another in British India by sea or across territory in India which is not part of British India.

4. *Classification of explosives.*—(1) For the purposes of these rules, explosives shall be classified in the manner specified in Schedule I.

(2) If any explosive falls within the limits of more than one class as defined in Schedule I, it shall be deemed to belong exclusively to the last in number of such classes.

5. *General exemptions.*—Nothing in these rules shall apply—

(i) unless otherwise expressly provided in these rules, to any explosives of the sixth (Ammunition) Class other than safety and other fuzes for blasting, tubes for firing explosives, and detonators;

(ii) to the manufacture, possession, sale, transport or importation of paper caps for toy pistols, or coloured matches known as Bengal Lights or Star Matches, under such conditions and in such quantities as the Chief Inspector, or in the case of transport by rail, the Railway Board, on the recommendation of the Chief Inspector, may from time to time determine or to the possession, sale, transport or importation of snaps when contained in fully manufactured Christmas or bon-bon crackers.

(iii) to the manufacture, possession or sale of gunpowder in any of the Agency Tracts in the Provinces of Madras and Orissa.

(iv) to any explosive on board and ship in fulfilment of the requirements of the Merchant Shipping Acts or of any order, rule or regulation thereunder for the time being in force, provided that such explosives shall not be stored with or near any explosive carried as cargo in the ship.

CHAPTER II.

GENERAL PROVISIONS.

6. *Prohibition of unauthorized explosives.*—No explosive other than an authorized explosive shall be imported, transported, manufactured, possessed, used or sold.

7. *Restriction on delivery and despatch of explosives.*—(1) No person shall deliver or despatch any explosives to any one in British India other than a person who—

(a) is the holder of a licence to possess the explosives or the authorized agent of a holder of such a licence, or

(b) is entitled under these rules to possess the explosives without a licence.

(2) The explosives so delivered or despatched shall in no case exceed the quantity which the person to whom they are delivered or despatched is authorized to possess with or without a licence under these rules.

8. *Packing of explosives.*—No explosive shall be imported, tendered for transport, transported, possessed or sold unless it is packed in the manner laid down in Schedule II and marked in accordance with rule 9:

Provided that nothing in this rule shall apply to—

(1) explosives in the process of manufacture; and

(2) manufactured fireworks possessed or transported by any person entitled under clause (b) of rule 86 to possess them without a licence.

9. *Marking of packages.*—(1) The outermost package shall be marked in conspicuous characters by means of circle branding, stamping, embossing or painting or by affixing a securely attached label, with—

(a) the word "Explosive",

(b) the name of the explosive,

(c) the number of the class and of the division to which it belongs, and

(d) the name of the consignee or manufacturer;

Provided that in the case of safety fuses or gunpowder, the word "Explosive" and the number of the class and division may be omitted.

(2) In the case of a nitro-compound or of a chlorate-mixture there shall be added the date of manufacture or issue from the factory, or such stamp indicating such date as may be approved by the Chief Inspector.

(3) Where an outer package contains more than one explosive, it shall be marked separately in accordance with sub-rules (1) and (2) in respect of each explosive so contained.

10. *Discretion of parties rules.*—If the Chief Inspector is satisfied that in any special case any of the requirements of rules 8 and 9 may be safely relaxed he may, by order in writing authorize such relaxation and make such conditions as he may think fit.

11. *Weight of explosives.*—(1) The weight of explosives when referred to in these rules shall not include the weight of the packing case or box in which the explosives are packed.

(2) In the case of explosives of the sixth (Ammunition) Class or seventh (Fireworks) Class the weight shall be deemed to be the weight of the completed article inclusive of the cases or contrivances in which the explosive is contained.

(3) For the purposes of these rules one ton of explosives shall be taken as equivalent to 2,000 lb.

12. *Precautions to be observed in handling explosives.*—(1) The floor of any place or any carriage or vessel on which any explosive is, or is to be laid and the ground, gangway decks and other places over which the explosive is to be conveyed during loading or unloading shall be—

(a) carefully examined to ensure that there is nothing thereon in contravention of these rules or likely to endanger the safety of the consignment; and

(b) thoroughly cleaned and swept before and after use.

(2) The casks or packages containing the explosives shall not be thrown or dropped down or rolled or pulled along the ground or floor but shall be passed from hand to hand and carefully deposited and stored.

(3) Where a cask or package is to be slung due precautions shall be taken to sling it in such a manner as effectually to prevent the possibility of a fall.

(4) After the handling of explosives has commenced, the operations shall proceed with due diligence and without unnecessary stoppage.

13. *Prohibition of smoking, fires, lights and dangerous substances.*—No person shall smoke and no fires, lights or articles or substances of an inflammable nature or liable to spontaneous ignition or to cause or communicate fire or explosion such as sulphuric acid, phosphorus, carbide of calcium or compressed gases shall be allowed—

(a) at any time in proximity to a place where an explosive is stored; or

(b) at any place where an explosive is handled one hour before and during such handling:

Provided that nothing in this rule shall prevent—

(i) the existence of an engine room fire in the case of a ship if such fire is properly carefully banked up; or

(ii) the employment of an artificial light or ship's signal lights of a type approved in writing by the Chief Inspector in areas outside port limits and by the Conservator of the port within port limits.

14. *Prohibition of matches, etc.*—No person on, in, or near about any place where explosives are handled, shall—

(a) have in his possession any matches, fuses or any appliances for producing ignition or explosion of any knives or other articles made of iron and steel; or

(b) wear boots or shoes with iron nails or shod or strengthened with iron, unless such heels or shoes are covered with leather, India-rubber, felt or other material, in the form of overshoes or otherwise.

15. *Spilt explosive to be destroyed.*—If any explosive escapes from the package in which it is contained, or be spilt, such explosive shall immediately be carefully collected and destroyed.

16. *Children and intoxicated persons.*—No child under 16 years of age and no person who is in a state of intoxication shall be employed on the loading, unloading or transport of explosives or be employed in or allowed to enter any premises licensed under these rules.

17. *Competent person to be in charge of operations.*—Every person holding, or acting under, a licence granted under these rules shall at all times during which explosives are loaded, unloaded or handled, appoint a competent person experienced in the handling of explosives who shall be present and supervise these operations and be responsible for the due observance of these rules.

18. *Precautions against danger from water or exposure to the sun.*—(1) In the case of any explosive which is liable to be dangerously affected by water, due precautions shall at all times be taken to prevent water from coming into contact with such explosive.

(2) Packages containing explosives shall not be allowed to stand in the sun.

19. *Special precautions against accidents and for cessation of unauthorized persons.*—(1) No person shall commit or attempt to commit any act which may tend to cause a fire or explosion in or about any place where an explosive is manufactured, stored, handled, or transported:

Provided that nothing in this sub-rule shall apply to any act which is reasonably necessary for the purpose of the manufacture, storage or handling during transport of any explosive or of any article present therewith.

(2) Every person possessing explosives and every person in charge of or engaged in the importation, manufacture, sale, transport and the handling of explosives shall at all times—

(a) observe all due precautions for the prevention of thefts and of accidents by fire or explosion;

(b) prevent unauthorized persons from having access to the explosive;

(c) prevent any other person from committing any such act as is prohibited under sub-rule (1).

CHAPTER III.

IMPORTATION.

Part I.—General.

20. *Application.*—Nothing in this chapter, save the provisions of rule 23, shall apply to any explosive which is brought into British India in the course of transport as defined in rule 3.

21. *Licence and test certificate for import of explosives.*—(1) No explosive shall be imported except under and in accordance with the conditions of a licence granted under these rules.

(2) An licence for the import of an explosive shall be granted unless—

(a) the explosive, if of the third (Nitro-compound) Class or fourth (Chlorate-mixture) Class, is certified in Form A by the testing officer to have passed the test set forth in Schedule III applicable to such explosive;

(b) the explosive is certified to have passed such analysis or examination, if any, as the Chief Inspector or the Collector of Customs at his discretion by order in writing requires in order to determine its composition or condition.

Part II.—Importation by Sea.

22. *Importation by sea.*—An explosive shall not be imported by sea except into the ports of—

Bombay
British Cochin
Calcutta (including Mayapur and Diamond Harbour)
Cuttack.
Karachi
Madras.
Vizagapatam;

Provided that—

(i) an explosive may be imported into the Port of Chittagong with the previous sanction of the Central Government and subject to such conditions and restrictions as it may in any particular case impose.

(ii) any explosive other than an explosive of the third (Nitro-compound) Class or the fourth (Chlorate-mixture) Class, may be imported into Port Blair;

(iii) Chinese crackers may be imported into the ports of Coconada and Negapatam.

23. *Declaration by master of ship or by the ship's agent.*—(1) The master of every ship carrying explosives or the agent for such ship shall give notice to the Conservator of the Port of the intended arrival of the ship 48 hours before its arrival at the port.

(2) The master of every ship carrying explosives shall deliver to the pilot, before entering any port a written declaration in Form B, under his signature.

Provided that if, in anticipation of a ship's arrival, the agent for such ship delivers to the Conservator of the Port a written declaration as aforesaid under his signature, no such declaration need be issued by the master of the ship.

(3) Every declaration delivered to a pilot under sub-rule (2) shall be made over by him without delay to the Conservator of the Port, and all declarations received by the Conservator at the Port shall be forwarded by him, with all convenient despatch, to the Collector of Customs of the port.

24. *Procedure for delivery of samples from ship's crew.*—(1) When the master of, or the agent for, a ship has made the declaration required by rule 23, such officer as the Collector of Customs of the port may authorise in this behalf shall go on board the vessel and obtain samples of all such explosives as it is intended to land at the port and are required by or under these rules to be tested, analysed or examined.

(2) The master shall deliver to the officer referred to in sub-rule (1) without charge samples of all the explosives of which samples are to be taken under that sub-rule. Such samples shall, if the officer so requires, be taken from the particular packages indicated by him.

(3) If the taking of any samples under sub-rule (1) involves the opening of any case, such case shall, before it is opened, be removed to an isolated position at a safe distance from any places where consignments of explosives are stored.

25. *Despatch of samples to the testing officer.*—(1) The officer taking a sample of any explosive under rule 24 shall affix to it the name of the ship the name of the consignee and such other distinguishing mark as he may think necessary and shall forward it to the testing officer without delay.

(2) In the case of a nitro-compound or a chlorate-mixture, the date or sign referred to in sub-rule (2) of rule 9 shall also be affixed to the sample.

26. *Testing of samples.*—(1) The testing officer shall test, analyse or examine as the case may be the samples and shall without delay forward to the Collector of Customs a report in duplicate under his signature certifying whether the explosive has satisfied the prescribed test, analysis or examination.

(2) The fee for testing each sample of imported explosives shall be rupees twelve.

(3) The Collector of Customs shall as soon as practicable and ordinarily within twenty-four hours after receipt of the report of the testing officer forward one copy of it to the licensing authority.

27. *Production of certificate and licence for import.*—(1) Every person desiring to import explosives shall furnish personally or through his agent to the Collector of Customs a certificate of storage accommodation in Form C signed by the said person or his agent:

Provided that this sub-rule shall not apply in cases where the quantity of explosive imported does not exceed that for which no licence for possession is required under clause (b) or (c) of rule 65.

(2) Every person desiring to import explosives shall produce, personally or through his agent, before the Collector of Customs his licence for the import of such explosives.

28. *Permission of the Collector of Customs to land explosives.*—(1) No imported explosive shall be landed except with the permission of the Collector of Customs.

(2) If the Collector of Customs, after receiving—

(a) the report of the testing officer under rule 26;

(b) the certificate required by sub-rule (1) of rule 27; and

(c) the licence for the import of such explosive;

and after making such further enquiries as he deems necessary, is satisfied that the explosive can lawfully be imported, he shall permit it to be landed.

(3) If the Collector of Customs is satisfied that any explosive imported is not intended to be stored in British India but is intended to be despatched immediately after landing to a territory which is not part of British India, he may waive the requirements of sub-rule (1) of rule 27 and by written order permit, subject to such conditions as he may specify, such explosive to be landed for the purpose of immediate despatch to the territory in question.

(4) Nothing in this rule shall affect the power of the Collector of Customs to detain the explosive under any other law or rule for the time being in force.

29. *Importation by sea in anticipation of the report of the testing officer or grant of licence.*—(1) Notwithstanding anything contained in rule 21 or rule 28, where the consignee furnishes to the Collector of Customs a written undertaking (without security or with such security as that officer deems sufficient) that he will, in the event of the explosive failing to pass the test, analysis or examination referred to in rule 21, comply with such directions as to its disposal as the Chief Inspector, after consulting the Conservator of the Port, where necessary, may issue the Collector of Customs may permit any authorised explosive specified in sub-rule (2) to be imported by sea and landed in anticipation of the report of the testing officer or the grant of a licence to import, at any port at which the import of such explosive is permitted under rule 22.

(2) Sub-rule (1) shall not apply unless the authorised explosive—

(a) if of British manufacture is certified by the manufacturer to be of British manufacture; or

(b) if not of British manufacture—

(i) is imported from the United Kingdom and is covered by a certificate granted by one of His Majesty's Inspectors of Explosives in the United Kingdom showing that it has passed the United Kingdom tests; or

(ii) is proved to the satisfaction of the Central Government to have been manufactured under adequate official supervision.

(3) The permission granted under sub-rule (1) shall be subject to the following conditions and such further conditions as the Collector of Customs may impose —

(a) The explosive shall be conveyed to and stored in a place or magazine properly licensed under these rules for the storage of the class of explosive imported and the consignee shall give notice of the storage in such place or magazine to the District Authority in whose jurisdiction the place or magazine is situated.

(b) An explosive which is not of British manufacture shall not be transported by rail until a licence to import such explosive has been granted.

(c) The explosive shall not be removed or distributed from the place or magazine referred to in clause (a) until a licence has been granted for its importation and until the person in charge of the place or magazine has received notice in writing from the Collector of Customs that it may be so removed or distributed.

Part III—Importation by Land.

30. *Importation by land.*—No explosive shall be imported by land save with the previous sanction in each case of the Central Government and under such conditions and restrictions as it may impose.

CHAPTER IV.

TRANSPORT.

Part I.—General.

31. *Licence for transport and issue of passes.*—(1) An explosive shall not be transported except under and in accordance with the conditions of a licence granted under these rules:

Provided that nothing in this sub-rule shall apply to—

(i) the transport of any explosives, which are covered by a licence for their importation in Form G, from the port or other place of import to the place of destination specified in such licence,

(ii) the transport of explosives from the port or other place of import under rule 29 to the places authorised in that rule,

(iii) the transport of explosives exempt from licence for possession under rule 80.

(2) Every consignment of explosive transported under a licence shall be accompanied by a pass issued by the licensee in Form I.

(3) Such pass shall be attached to the way bill, invoice or dispatch note as the case may be.

(4) A copy of every pass issued under sub-rule (2) shall forthwith be sent—

(i) to the licensing authority; and

(ii) to the District Authority in whose jurisdiction the place to which the consignment is sent is situated, when such Authority is not the licensing authority.

32. *Explosives of different classes to be kept separate.*—An explosive of the fifth (Fulminate) Class, or an explosive of the sixth (Ammunition) Class containing its own means of ignition, or an explosive of the seventh (Fireworks) Class shall not, save as provided in rule 49, be transported in the same carriage or vessel and shall not be conveyed or handled with any explosive not of the class and division to which it belongs.

33. *Certificate of safety.*—(1) Before transporting or tendering for transport an explosive of the third (Nitro-compound) or of the fourth (Chlorate-mixture) Class the consignor shall attach to the consignment note a valid certificate in Form A granted by an Inspector of Explosives, or, if the certificate is granted at the time when the explosive is imported by the testing officer or, provided the original is produced for verification, a copy of such certificate certified by the consignor to be a true copy.

(2) The certificate referred to in sub-rule (1) shall be valid for a period of twelve months from the date on which it is granted.

Provided that in the case of nitroglycerine compounds which are not used as propellants such certificate shall lapse on the 31st July following and a fresh certificate may, at the discretion of the railway administration concerned, be demanded for explosives to be transported by rail during the period from 1st April to 31st July if the original certificate has been granted earlier than the 30th of September preceding.

(3) A fee of rupees twelve shall be payable for a certificate granted or renewed by an Inspector of Explosives under this rule.

34. *Passengers.*—Save as otherwise expressly provided in these rules, no explosive shall be transported in any carriage or vessel plying for or carrying passengers on hire.

35. *Maximum consignments allowed.*—The quantity of explosive transported shall not exceed—

(i) 20,000 lb. in any one railway wagon,

(ii) 4,000 lb. in any one carriage other than a railway wagon,

(iii) 50,000 lb. in any one boat.

36. *Despatch of explosives to carrier.*—(1) No person shall despatch any explosive to a carrier for purposes of transport unless—

(a) he has given to the carrier or his duly authorised local agent or in the case of a railway administration the Station Master a notice in writing—

(i) of his intention to forward such explosive,

(ii) certifying that the explosive has been packed and marked in accordance with rules 8 and 9,

(iii) stating the true name, description and quantity of the explosive to be transported, and

(iv) giving his own name and address and the name and address of the consignee, and

(b) he has received in reply an intimation in writing from such carrier agent or Station Master that he is prepared to receive the explosive for immediate despatch or for deposit in an authorised magazine or place at which some person is licensed or otherwise authorised to receive it.

(2) No person shall bring, send or forward to or upon any railway any explosive which a railway administration has by any notice or regulation for the time being in force notified that they will not receive.

37. *Place of loading and unloading.*—Explosives shall be loaded and unloaded only at a safe distance from station buildings, dwelling houses, factories, public buildings and other buildings or places where persons assemble or petroleum, timber or any other inflammable material is stored or handled.

38. *Time of loading, unloading and handling of explosives.*—All operations connected with the loading, unloading and handling of explosives shall take place during daylight that is to say between sunrise and sunset and no such operation shall take place between sunset and sunrise:

Provided that nothing in this rule shall apply to any operations connected with the loading, unloading and handling in the case of transport by passenger train, or in the case of transport in the brake van of a mixed train.

39. *Carriage or vessel to be in readiness for loading.*—No explosive shall be brought on to any place of loading until the carriage or vessel into which it is to be loaded is at the place in readiness to receive it.

40. *Carriage or vessel and handling of explosives to be in charge of a competent person.*—(1) A carriage, other than a railway carriage, or vessel transporting explosives shall at all times be in charge of and constantly attended by a competent person appointed by the licensee experienced in the handling of explosives.

(2) The person in charge of a carriage or vessel shall not drive, conduct or manoeuvre such carriage or vessel in a dangerous or negligent manner.

41. *Protection from fire or explosion.*—(1) No carriage or vessel shall be used for transporting explosives unless all iron or steel therein with which a package containing any explosive is likely to come in contact is effectually covered with lead, leather, wood, cloth or other suitable material.

(2) Where the weight of the explosives transported in any carriage or vessel exceeds 2,000 lb. they shall be placed—

(a) in the interior of the carriage which shall be enclosed on all sides with wood or metal so as effectually to protect the explosives from communication of fire and the carriage shall be locked; or

(b) in the hold of the vessel which shall have a closed deck and closely fitting hatches; double watertight bulkheads shall be provided at each end of the hold where the explosives are stowed and the hatches shall be locked.

(3) Where the explosives carried in any carriage or vessel do not exceed 2,000 lb. in weight, the explosives shall, unless they are conveyed in the manner specified in sub-rule (2) be completely covered with a fire-proofed cloth, tarpaulin or any other suitable material so as effectually to protect the explosives from communication of fire.

42. *Delay in transit to be avoided.*—If the quantity of explosive transported in any carriage or vessel exceeds five pounds the person or persons in charge of such carriage or vessel shall not stop or delay at any place for a longer time than may be reasonably necessary, nor stop unnecessarily at any place where such stopping would be attended by public danger.

43. *Safety distances between carriages or boats.*—Where the explosives in two or more carriages or in two or more boats travelling in company exceeds the maximum prescribed in rule 35 for any one carriage or boat, such carriages or such boats shall not approach within 50 yards of one another:

Provided that—

(a) nothing in this rule shall apply to the transport of explosives by rail.

(b) the Conservator of the Port may waive the requirement of this rule within the limits of a port if in his opinion it is impracticable to secure compliance with it.

44. *Repairs to conveyance.*—Before any repairs or alterations are commenced in any part of a carriage or vessel in which explosives are being, or have been transported, all due precautions shall be taken to remove all such explosives, or any remnants thereof, and the space in such carriage or vessel in which such explosives have been carried shall be thoroughly washed out to ensure that no remnants of explosives remain therein.

45. *Small quantities of fireworks exempted.*—Nothing contained in rules 34 40, 41 and 67 shall apply to unmanufactured fireworks exempted from possession licence under rule 80 (a) and transported in the custody of a person entitled to possess them provided that they are not transported in any motor vehicle licensed for the conveyance of more than six passengers.

Part II.—Transport by Water.

46. *Notice of loading on or unloading from ships.*—No explosive shall be loaded on or unloaded from a ship within the limits of a port unless 48 hours notice in writing of the intended time and place of such operation has been given to the Conservator of the Port.

47. *Responsibility of a person in charge of a vessel.*—During the time any explosive is being loaded in to or unloaded from a vessel, the person in charge of the vessel, or some responsible person deputed by him for this purpose, shall be present at and shall supervise such loading or unloading, and shall remain responsible for the taking of all due precautions in regard to such explosive until the completion of the receipt and stowage or discharge thereof.

48. *Steamer fires and lights.*—No explosive shall be loaded on or unloaded from any ship—

(a) unless the engine room fires have been previously carefully banked up, and all other fires and lights extinguished; or

(b) while the ship is attached to or alongside of any steam vessel or steam tug unless the engine room fires of such steam vessel or steam tug have previously been carefully banked up and all other fires and lights have been previously extinguished.

Provided that nothing in this rule shall prevent the employment of an artificial light or ships signal lights of a type approved in writing by the Chief Inspector in areas outside port limits and by the Conservator of the Port within port limits.

49. *Stowage.*—No explosive shall be stowed in a ship except in accordance with the regulations issued from time to time by the Board of Trade to regulate the carriage of dangerous goods and explosives in ships.

50. *Conveyance of explosives on unlicensed passenger ships.*—Any authorised explosive satisfying the requirements of clauses (a) and (b) of sub-rule (2) of rule 21 or those of clause (a) or (b) in sub-rule (2) of rule 20 may be transported in a properly constructed magazine on an unlicensed passenger ship to which Part IV of the Indian Merchant Shipping Act, 1923, applies, being a home-trade ship as defined in sub-section (3) of section 2 of the said Act or plying to ports in the Persian Gulf:

Provided that—

(a) the consignor satisfies the certifying officer referred to in section 187 of the Indian Merchant Shipping Act, 1923, that no other means of conveying the explosives are available;

(b) the magazine complies in all respects with the specification for magazines in ships laid down by the Board of Trade and is approved by the Surveyors of the Mercantile Marine Department;

(c) the explosives are packed and marked as laid down in these rules and stowed in such manner as the Chief Inspector may prescribe by general or special order in this behalf;

(d) detonators are not carried in the same hold as other explosives; and

(e) the hold containing the magazine does not contain any other inflammable or inflammable goods at any time during which the magazine is in use for the carriage of explosives.

51. *Conveyance of explosives on passenger vessels.*—(1) The following explosives may be carried in a passenger vessel—

(a) Any quantity not exceeding five pounds of any explosive, other than a fulminate of fireworks or ammunition (Division 3); and

(b) detonators not exceeding 200 in number and certified in writing not to contain in the aggregate more than 8 oz. of explosive:

Provided that—

(i) previous notice is given to the person in charge of the vessel in which the explosive is intended to be conveyed;

(ii) all due precautions are taken to prevent accidents by fire or explosion;

(iii) detonators are not carried in the same compartment as other explosives.

(2) Nothing in rules 48, 50, 48, 52 to 56 and 59 shall apply to explosives carried in a passenger vessel under sub-rule (1).

52. *Anchorage of vessels carrying explosives.*—(1) Every vessel having explosives on board and entering a port shall be anchored at such anchorage as the Conservator of the Port shall appoint in this behalf and shall not leave such anchorage without the general or special order of the Conservator of the Port and subject to such conditions as may be specified in the order.

(2) Such anchorage shall in no case be the same as that for vessels laden with petroleum and shall be at such distance from the anchorage for vessels laden with petroleum as to render it impossible for a fire originating at the former anchorage to affect vessels anchored at the latter.

53. *Red flag or burning light to be exhibited.*—Every vessel having explosives on board exceeding 600 lb. in weight shall, while approaching or leaving a port and during the time that it remains within the limits of the port or on any inland waters, exhibit conspicuously—

(a) between sunrise and sunset a red flag not less than 3 feet square, and

(b) between sunset and sunrise a single red light visible all round the horizon.

54. *Vessels to be singly.*—Every vessel wholly or partly laden with explosives shall lie singly and be kept at a distance of at least 50 yards from any other vessel except during the actual transhipment of explosives, when one boat may lie alongside on each side of a ship, boat or floating magazine and two ships may lie alongside each other.

55. *Hatches to be closed and covered.*—The hatches of any vessel having any explosive on board shall be kept closed except when the operation of loading or unloading is being actually performed and when closed shall be covered with tarpaulin or raw hides, securely battened down and locked.

56. *Vessels not to be alongside magazines, jetties, etc.*—No vessel having any explosive on board shall lie alongside any vessel, floating magazine, quay, wharf pett), land or landing stage except for the purposes of loading or unloading and then only during the time necessary for the actual loading or unloading of such vessel and shall proceed on its voyage without delay except such delay as may be unavoidable in consequence of tide or weather.

57. *Loading and unloading prohibited while a vessel is underway.*—No explosives exceeding 1 cwt. in weight and no detonators shall be loaded or unloaded while a vessel is underway.

Explanation.—A vessel is 'underway' when she is not at anchor or moored or made fast to the shore or aground.

58. *Place of loading and unloading within a port area.*—Explosives shall, within the limits of a port, be loaded from landed at, brought into or deposited upon, only such quay or other place as the Conservator of the Port may by general or special order direct.

57. *Cushion to be used*.—A cushion, properly stuffed with cotton and covered with leather, or one of such other kind as the Conservator of the Port may from time to time approve, shall be used in stopping an explosive in any vessel or in landing it upon any wharf or other landing place within the limits of a port.

58. *Ships to handle explosives with dispatch*.—(1) Ships arriving in a port with explosives intended to be landed at that port shall discharge them with all reasonable dispatch, and ships taking explosives on board shall proceed to sea with all reasonable dispatch.

(2) No ship or boat shall return on board any cargo of explosives and remain in the port for a period longer than three days unless such period is, under special circumstances, extended by the Conservator of the Port.

59. *Transport by sea of explosives which have not been tested*.—Notwithstanding anything contained in rule 20, explosives which have been imported into any port specified in rule 22 which have not been tested at such port in accordance with the rules contained in Chapter III shall not be transported to any other port otherwise than to a port at which importation is permitted under rule 22 and in accordance with the provisions of rules 21 to 29.

60. *Transport by sea of explosives which have been tested*.—Explosives which have been imported into any port specified in rule 22 and have been tested may be transported to any other port and the provisions of rule 20 shall apply to such explosives on arrival at such other port.

61. *Boats to be licensed*.—(1) No boat shall be used for the transport of explosives except under and in accordance with the conditions of a licence granted—

(a) by the Conservator of a Port in the case of a boat plying within the limits of the port, or

(b) by an officer appointed by the Central Government in this behalf in the case of a boat plying in areas outside port limits.

(2) The licence shall specify the maximum quantity of explosive the boat is authorized to carry which quantity shall be fixed in consultation with the Chief Inspector.

(3) Every licence granted under sub-rule (1) shall remain valid for a period of—

(a) four months in the case of a boat plying within the limits of a port, and

(b) one year in the case of a boat plying in areas outside port limits.

(4) The licence referred to in sub-rule (1) shall be granted or renewed in such form and on payment of such fees as may be specified by the Central Government.

(5) Every person in charge of any boat licensed under sub-rule (1) shall when required so to do by any officer mentioned in sub-rule (5) of rule 109 produce the licence of such boat for inspection.

62. *Buoy to be carried*.—(1) Every boat carrying explosives shall carry on deck a buoy with 15 fathoms of 3 inches rope one end of the rope being attached to the buoy and the end to the boat. The rope shall be attached to such part of the boat as is most clear of spare gear or other obstruction and at such point as is approved by the licensing authority under rule (4).

(2) The buoy shall be a drum painted red measuring not less than 1 foot 9 inches in length and 1 foot 2 inches in diameter, properly strapped with an iron band in the middle and having a ring attach l for securing the rope.

63. *Smoking, fire, dangerous articles and other cargo prohibited*.—The following shall not be permitted on board any boat which has explosives on board :—

(i) smoking fire or light of any description other than the warning light referred to in rule 83;

(ii) any substance of an inflammable nature or liable to spontaneous ignition;

(iii) any substance liable to cause or communicate fire or explosion;

(iv) any other cargo, unless the carrying of such other cargo has been specially authorized in writing by the Conservator of the Port within port limits or by the Chief Inspector in areas outside the port limits.

Provided that this rule shall not prevent the transport of explosives in a mechanically propelled boat subject to such conditions as may be specified by the Chief Inspector.

Part III.—Transport by Land.

64. *Streets and public places*.—(1) No person shall transport or cause to be transported any explosive in any street or public place within the limits of a municipality or cantonment except under and in accordance with the conditions of a permit granted by the Licence Authority.

(2) Nothing in sub-rule (1) shall be held to authorise the transport, in such street or public place, of—

(a) any explosive of the fifth (Fulminate) Class; or

(b) any prohibited explosive, or

(c) any detonators together with any other explosive.

(3) Every permit granted under sub-rule (1) shall be in writing and shall specify—

(a) the maximum quantity of such explosive permitted to be transported,

(b) the street or public place through which, and the hours during which transport is permitted.

(4) Nothing in sub-rule (1) shall apply to—

(a) any explosive of the seventh (Fireworks) Class or safety fuses, or

(b) safety cartridges not exceeding 30 lb. in weight; or

(c) gunpowder or other explosive not exceeding 5 lb. in weight.

65. *Approval of mechanically propelled vehicles*.—No explosive shall be transported in a mechanically driven vehicle unless such vehicle is locked and is of a type approved in writing by the Chief Inspector.

66. *Approval of vehicles transporting more than 2,000 lb*.—No explosives exceeding 2,000 lb. in weight shall be transported by land otherwise than by rail except in a locked vehicle of a type approved in writing by the Chief Inspector.

67. *Explosives must be approved*.—No explosive shall be transported by rail except in a van specially constructed for the carriage of explosives and of a type approved by the Chief Inspector and the Railway Board.

70. *Marking of railway carriages*.—(1) On each side of every railway carriage containing any explosive there shall be affixed in conspicuous characters by means of a securely attached label or otherwise the word "Explosive."

(2) Nothing in sub-rule (1) shall apply to a carriage containing explosives transported in accordance with the provisions of clause (b) of rule 71 or rule 76.

71. *Transport of explosives with ordinary goods*.—Notwithstanding anything contained in rule 69 the following explosives may be transported by any train other than a passenger or mixed train along with ordinary goods traffic in a carriage not containing any article or substance liable to cause or communicate fire or explosion :—

(a) any quantity of safety fuse for blasting;

(b) any other explosive approved by the Chief Inspector for the purpose of this rule provided that such explosive is packed in metallic cases or cylinders which fulfil all the requirements of these rules and are of a pattern approved by the railway administration and the Chief Inspector.

72. *Position of vehicles*.—Every railway carriage containing an explosive shall be placed as far away as practicable from the engine and shall be close-coupled to the adjoining carriages and shall be preceded and followed by three carriages not loaded with explosives or other articles or substances of an inflammable nature, provided that—

(a) on the Darjeeling-Himalayan Railway carriages containing explosives need not be close-coupled to one another, and

(b) on the Nilgiri and Kurlkal-Peralam Railways, only one carriage need intervene between the engine and carriages containing explosives.

73. *Maximum quantity of explosives to be transported by rail*.—(1) Not more than five carriages containing explosives shall be loaded or unloaded at or on any railway station or wharf, or be attached to or transported by any one train at any one time.

(2) The quantity of explosives to be contained or loaded in any one such carriage shall at no time exceed 10,000 lb. in weight in the aggregate

71. *Prohibition as passenger or mixed train.*—No explosive shall be transported in any passenger or mixed train

72. *Despatch of explosive vans by mixed trains.*—Notwithstanding anything contained in rule 74 any explosive may be transported by a mixed train on a line specially approved under rule 69 on any line or section on which goods trains are not running or carried on the following conditions —

(a) not more than one such van containing explosives shall be hauled at any one time,

(b) there shall be no less than three carriages between the van containing explosive and the engine and between such van and the passenger carriages;

(c) the van containing explosives shall be close-coupled to the adjoining carriages,

(d) immediately on entering any station upon which goods trains are running, the van containing explosives shall be detached from the mixed train

73. *Conveyance of explosives by passenger trains.*—Notwithstanding anything contained in rules 69 and 71 the following explosives may be transported by passenger trains:—

(i) safety cartridges, percussion-caps, safety fuses for blasting, and fog signals for use by a rail way administration;

(ii) explosives of the third (Nitro-compound) Class, other than propellants, in the form of cartridges not exceeding in the aggregate 5 lb in weight provided no detonators are carried in the same compartment;

(iii) detonators to the number of 200 if the amount of explosive in the package or packages containing the detonators does not exceed in the aggregate 5 cw., provided—

(a) a certificate to such effect is tendered by the consignor, and

(b) no other explosive is carried in the same compartment

(iv) sporting powders and propellants packed in double packages prescribed in Schedule II provided—

(a) the explosive is contained in tin canisters containing not more than 5 lb. each packed in a stout wooden case with a completely spark-proof outer cover of tin or zinc or in a metal case or cylinder of a pattern approved by the Chief Inspector,

(b) no outer case contains more than 25 lb. of explosives, and

(c) the total consignment by one train does not exceed in the aggregate 15 lb.

74. *Receipt of consignment of explosives by railways.*—Consignments of explosives intended to be transported by rail shall be received only—

(a) by a servant authorized by the railway administration concerned to receive dangerous goods; and

(b) at such times between sunrise and sunset and at such places within railway premises as the railway administration may specify in this behalf.

75 *Stowing of explosives.*—(1) All packages containing explosives shall be stowed in one layer only and shall be secured in such a way as to prevent movement during transit and the carriage in its position:

Provided that, if the packages of explosives are in rectangular form and are properly secured so as to prevent movement during transit they may be stowed in any number of layers not exceeding five.

(2) Hair cloth, hides or other suitable materials shall be spread on the floor of the carriage and between each layer of packages

(3) There shall not be conveyed in the same carriage with any explosive, any matches, fuzees or any appliance for producing ignition or any other article or substance such as petroleum, curable compressed gases, acids, etc., of an inflammable nature or liable to cause fire or explosion

76. *Shunting.*—No shunting of carriages containing explosives shall be carried out in any railway save under the superintendence of a duly authorized officer who shall be responsible that—

(a) when the train is being marshalled carriages loaded with explosives, shall not be shunted by a locomotive unless they are separated from any engine by not less than three carriages containing no explosive or easily inflammable substances,

(b) during the shunting of carriages containing explosives the speed of all movements shall not exceed five miles an hour; and

(c) no loose shunting takes place.

77. *Delivery to and from railway premises.*—(1) Packages containing any explosive shall be removed by the consignee from the station, wharf, or depot of the railway to which they have been transported, as soon as practicable and with all due diligence after arrival.

(2) If the packages are not removed within the twelve hours of daylight following their arrival the packages and contents may be forthwith returned to the consignor at his risk and expense

(3) Every package containing an explosive shall until removed returned or despatched be kept in a safe place under the special direction of the station-master at a safe distance from the station buildings under a police guard if necessary and shall be completely covered with tarpaulins or other suitable material.

81. *Power of railway administration.*—(1) Where a railway administration suspects that an explosive or carriage or package containing an explosive does not comply with any of these rules the administration may—

(a) prevent the entry of such explosive, carriage or package upon their premises or refuse to receive or transport them, or

(b) at any time open or require such carriage or package to be opened to ascertain the facts

(2) If any explosive, carriage or package containing explosive is found not to comply with any of these rules, the railway administration may return such explosive, carriage or package to the consignor at his risk and expense

(3) Where any explosive, package or carriage containing explosives not complying with these rules cannot in the opinion of the railway administration be returned to the consignor under sub-rule (2) without undue risk, the administration may in consultation with the Chief Inspector and in such manner as he may specify, destroy at the consignor's risk and expense the explosive or the contents of the carriage or package

82. *Explosives not to be carried across railway bridges.*—An explosive shall be carried otherwise than by rail across any railway bridge across which reasonable facilities for the transport thereof by rail are afforded by the railway administration:

Provided that nothing in this rule shall apply to—

(a) ammunition, Class 6, Division 1, in any quantity; or

(b) gunpowder, or nitro-compounds or ammunition, Class 6, Divisions 2 and 3, in any quantity not exceeding five pounds; or

(c) fire-works not exceeding ten pounds.

83. *Conveyance of Chinese crackers.*—In the case of the transport by rail of Chinese crackers, Division 2 of the seventh (Firework) Class, and provided that all due precautions are taken to prevent explosion, the provisions of rules 41 and 69 may be relaxed during the period from July to March inclusive under an order of the District Traffic Officer when the number or size of consignments offering in such that, in his judgment, serious delay would be caused by the observance of such rules.

CHAPTER V.

MANUFACTURE, POSSESSION AND SALE.

84. *Licence for manufacture possession and sale.*—No explosive shall be manufactured possessed or sold except under and in accordance with the conditions of a licence granted under these rules

85 *No licence needed for manufacture in certain cases.*—Notwithstanding anything contained in rule 84, no licence to manufacture shall be necessary -

(a) for the making of a small quantity of explosive for the purpose of chemical experiment and not for any other use or for sale, or

(b) in the case of any person authorized under these rules to possess an explosive who by filling

cartridges, sinking charges, or drying, oiling, filling or otherwise, adapts or prepares such explosive for use exclusively for blasting purposes in his mine or quarry or in some excavation or work carried on by him or under his control.

86. *No licence needed for possession in certain cases.*—Notwithstanding anything contained in rule 84, no licence shall be necessary for the possession—

(a) of any explosive by a carrier or other person for the purpose of transport when the same is being kept or transported in accordance with the provisions of Chapter IV regulating the transport of such explosive, or

(b) by any person of manufactured fireworks in any quantity not exceeding 50 lb., provided that the fireworks—

(i) are obtained and intended by such person for immediate use and not for sale and are possessed by him for a period not exceeding fourteen days, and

(ii) are kept in a substantial receptacle which is exclusively appropriated to the keeping of explosives and is placed and secured so as to prevent unauthorised persons from having access to the explosives; or

(c) by any person for his own private use and not for sale of gunpowder not exceeding 50 lb., or small-arm nitro-compound not exceeding 10 lb., or safety fuses for blasting, or railway fog-signals and fuse lights in the possession of a railway administration for use on a railway:

Provided that the quantity of any one explosive kept by any person shall be in substitution of the like quantity by weight of any other explosive which might otherwise be so kept by him; or

(d) of any explosive, which is not for sale and is required solely for the navigation of aircraft, when kept in an aircraft for use therein, or for distribution to other aircraft or to aerodromes, or at an aerodrome for use there or for distribution to aircraft or to other aerodromes; provided that the maximum quantity so possessed shall not exceed 50 lb. when carried in an aircraft and 100 lb. when kept at an aerodrome.

CHAPTER VI.

LICENCES.

87. *Application for licence.*—(1) A person desiring to obtain or to renew a licence prescribed under these rules shall submit an application in writing to the authority empowered to grant such a licence.

Provided that where the licensing authority is the Central Government the application for the licence shall be submitted through the Chief Inspector.

(2) The application shall be signed by the applicant himself or by a person authorized by him in writing in this behalf, and shall be accompanied by such authorization.

(3) Every application, other than for a licence in Form K or L, for the grant or renewal of a licence to manufacture or possess explosives shall be in Form D.

88. *Grant of licences.*—(1) Licences may be granted by the authorities set forth in Schedule IV in the forms, for the purposes and on payment of the fees specified therein:

Provided that—

(a) no licence shall be granted to any person under the age of 18 years;

(b) no new licence in Form M or under article 9 of Schedule IV shall be granted unless the provisions of rule 89 have been complied with.

(2) A licence in Form G may be granted for such period as the licensing authority may deem necessary subject to a maximum of twelve months. Every other licence granted or renewed under these rules shall remain in force until the 31st day of March following the date on which the licence is granted or renewed:

Provided that every licence in force on the 31st December 1940 other than a licence for the import of explosives, shall continue to remain in force until the 31st day of March 1941.

(3) Where the licensing authority is the Chief Inspector or an Inspector of Explosives on application for a new licence in Form J may apply to the District Authority for a certificate to the effect that there is no objection to the applicant receiving a licence for the site proposed and the District Authority shall, if he sees no objection, grant such certificate to the applicant who may forward it to the Chief Inspector or the Inspector of Explosives, as the case may be, with his application in Form D.

(4) The Chief Inspector or the Inspector of Explosives, as the case may be, may refer an application not accompanied by a certificate granted under sub-rule (3) to the District Authority for his observations.

(5) If the District Authority, either on a reference being made to him or otherwise, information to the Chief Inspector or the Inspector of Explosives, as the case may be, that any licence which has been applied for should not in his opinion be granted, such licence shall not be issued without the sanction of the Central Government.

(6) In the case of a licence granted for manufacture or possession one copy of the plan or plans of the premises signed in token of approval by the licensing authority shall be attached to the licence and one copy shall be filed for record in the office of the licensing authority.

(7) No licence shall be granted for the import at any kind or quantity of explosive unless the importer holds a licence for the possession of such explosive:

Provided that this sub-rule shall not apply in cases where the explosive imported—

(i) is not intended to be stored at the port of import but is intended to be transported direct to a territory not being part of British India; or

(ii) can be possessed without a licence under rule 86.

89. *Procedure to be observed before a firearm for a factory or magazine is granted.*—(1) The grant of a licence in Form M or under Article 8 of Schedule IV will be—

(a) in the case of a licence in Form M—

(i) where the quantity of explosive for which a licence is proposed to be granted does not exceed 200 lb., according to the procedure laid down in sub-rule (2), and

(ii) where the quantity exceeds 200 lb. according to the procedure laid down in sub-rules (2) to (9);

(b) in the case of a licence under Article 8 of Schedule IV, according to the procedure laid down in sub-rules (2) to (8) and (10).

(2) If the application submitted for a licence in Form M or under Article 8 of Schedule IV is in proper form, the Chief Inspector shall scrutinize the plans accompanying the application and forward to the applicant a statement in Form E showing the distances which should, in his opinion, be kept clear in and round the factory or magazine premises or any part thereof and from other buildings and works. On receipt of the statement the applicant shall enter therein against each item the exact distance which can actually be so kept clear, shall sign the statement and shall return it together with any representation which he may desire to make to the Chief Inspector.

(3) After considering any representation made by the applicant when returning the statement, the Chief Inspector shall refer the application to the District Authority concerned together with a draft licence and a statement in Form F showing the distances which he considers should be kept clear in and round the factory or magazine.

(4) Upon receipt of the said application the District Authority shall forthwith cause notice to be published of such application and of the time and place at which he will be prepared to hear it and calling upon any person objecting to the establishment of the factory or magazine on the proposed site to give notice of such objection to him and to the applicant not less than seven clear days before the day fixed for hearing the application together with his name, address and calling and a short statement of the grounds of his objections. The day of hearing the application shall be a day following as soon as practicable after the expiration of the period of one month referred to in sub-rule (3).

(5) Where the site of the proposed factory or magazine lies within or within one mile of the limits of the jurisdiction of any municipal or port authority the applicant shall prepare, for service on such authority, a notice of the application and of the said day of hearing.

(6) The notice under sub-rule (4) shall be published and the notice under sub-rule (5) served, at the expense of the applicant, by the District Authority, not less than one month before the said day of hearing.

(7) On the day fixed for the hearing or any day to which such hearing may be adjourned from time to time, the District Authority shall hear any objection preferred in accordance with sub-rule (4), and by any authority referred to in sub-rule (5), and shall make such inquiry as he may deem necessary.

(8) On completion of the inquiry the District Authority shall forward the application, statement and plans to the Chief Inspector together with a report stating whether he has any objection—

(a) to the applicant receiving a licence at the site proposed,

(b) to the manufacture or storage of the explosive in question in his district.

(9) Where the application is for a licence in Form M, and the District Authority objects to the grant of the licence on any of the grounds specified in sub-rule (8) no licence shall be granted by the Chief Inspector except with the sanction of the Central Government.

(10) Where the application is for a licence under Article 8 of Schedule IV the Chief Inspector shall submit the application, together with the report of the District Authority thereon and a draft licence containing the conditions which the Chief Inspector considers suitable, to the Central Government which may instruct the Chief Inspector (a) to grant the licence with such modifications or restrictions (if any) as it may consider suitable or (b) to reject the application.

90. *Procedure on grant of licence for factory or magazine.*—(1) A copy of every licence granted by the Chief Inspector in Form J, Form M, or under Article 8 of Schedule IV shall be forwarded to the District Authority, and the original licence shall be forwarded to the Inspector of Explosives in whose circle the premises are situated.

(2) The Inspector of Explosives when satisfied that all the conditions prescribed in the licence in regard to the factory or magazine have been complied with, shall forthwith endorse the licence and unless and until so endorsed the licence shall not come into force.

(3) If an Inspector of Explosives decides not to endorse a licence, he shall immediately return the licence to the Chief Inspector together with a statement of his reasons for not endorsing it.

(4) On receipt of the statement referred to in sub-rule (3), the Chief Inspector shall after making such enquiries, if any, as he may consider necessary communicate his decision to the District Authority and also, in the case of a license under Article 8 of Schedule IV, to the Central Government.

91. *Particulars of licence.*—Every licence granted under these rules shall be held subject to the conditions endorsed on it and shall contain all the particulars which are contained in the form prescribed for it by these rules.

92. *Power of licensing authority to alter conditions.*—(1) Notwithstanding anything contained in rule 91, the licensing authority, at the time of issuing a licence, may omit, alter or add to any of the conditions specified in the prescribed form of licence.

(2) The power conferred by sub-rule (1) shall not be exercised by any licensing authority, other than the Central Government, without the prior consent of the Chief Inspector.

93. *Amendment of licence.*—(1) Any licence granted under these rules may be amended by the authority granting such a licence:

Provided that—

(a) the amendments shall not be inconsistent with any rule in this chapter;

(b) no licence under Article 18 of Schedule IV shall be amended except with the sanction of the Central Government.

(2) A licensee who desires to have his licence amended shall submit it to the licensing authority with an application stating the nature of the amendment and the reasons therefor.

(3) The fee for the amendment of a licence shall be two rupees plus the amount (if any) by which the fee that would have been payable if the licence had originally been issued in the amended form exceeds the fee originally paid for the licence:

Provided that no fee shall be chargeable in the case of amendments made to licences in Form K, issued to cultivators.

94. *Renewal of licences.*—(1) A licence may be renewed by the authority empowered to grant such licence, provided that a licence which has been granted by the Chief Inspector may be renewed without any alteration by an Inspector of Explosives duly authorised by the Chief Inspector in this behalf.

(2) The Inspector of Explosives authorised by the Chief Inspector under sub-rule (1) may, and when so required by the Chief Inspector, shall require the licensee to follow the procedure laid down in sub-rule (2) of rule 89 before renewing a licence in Form M or under Article 8 of Schedule IV.

(3) Every application for the renewal of a licence shall be made not less than thirty days before the date on which the licence expires, and if the application is so made the licence shall be held to be in force until such date as the licensing authority renews the licence or until an intimation that the renewal of the licence is refused has been communicated to the applicant.

(4) The same fee shall be charged for the renewal of a licence as for a licence, provided that if the application for renewal is not received within the time specified in sub-rule (3), the licence shall be renewed only on payment of double the fee ordinarily payable for the licence.

95. *Refusal of licence.*—(1) A licensing authority, other than the Central Government, refusing to grant, amend or renew a licence, shall record his reasons for such refusal in writing.

(2) A copy of the order containing the reasons for such refusal shall be given to the applicant on payment of a fee of one rupee.

96. *Cancellation of licence.*—(1) Every licence granted under these rules shall be liable to be cancelled by order of the licensing authority for any contravention of the Act or of any rule thereunder, or of any condition contained in such licence, and also by the Central Government if at any time the continuance of the licence in the hands of the licensee is deemed objectionable.

(2) A licensing authority, other than the Central Government, cancelling a licence shall record his reasons for so doing in writing.

(3) A copy of the order containing the reasons for the cancellation of a licence shall be given to the holder of the licence on payment of a fee of one rupee.

97. *Procedure on expiration or cancellation of licence.*—(1) A person licensed to manufacture, possess or sell any explosive shall on the expiration or cancellation of his licence, forthwith give notice to the District Authority of the description and quantity of explosives in his possession and shall comply with any directions which the said District Authority may, on the recommendation of the Chief Inspector, give in regard to the possession or destruction of the same.

(2) The District Authority may grant for a term not exceeding three months from the date of such expiration or cancellation, as the case may be, a temporary licence for the possession or sale of the actual stock of explosives which is held at the time of the issue of the temporary licence:

Provided that where the expired or cancelled licence was granted by an authority other than the District Authority, no temporary licence shall be granted without the previous consent of such other authority.

(3) The fee chargeable on a licence granted under sub-rule (2) shall bear the same proportion to the fee charged on the expired or cancelled licence as the period covered by the temporary licence bears to a full year.

98. *Appeals.*—(1) An appeal shall lie against any order refusing to grant, amend or renew a licence, or cancelling a licence—

(a) to the Central Government when the order is passed by the Chief Inspector;

(b) to the immediate official superior to the

District Authority if the order is passed by the District Authority, and

(iii) to the Chief Inspector if the order is passed by the Inspector of Explosives.

(2) Every appeal shall be in writing and shall be accompanied by a copy of the order appealed against and shall be presented within 60 days of the order passed if preferred to the Central Government, and within 30 days in all other cases.

99. *Procedure on death or disability of licensee.*—(1) If a licensee dies or becomes insolvent or mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or confiscation under the Act or these rules for exercising the powers granted to the licensee by the licence during such time as may reasonably be required to allow him to make application for a new licence in his own name for the unexpired portion of the original licence.

(2) A fee of one rupee shall be charged for a new licence for the unexpired portion of an original licence granted to any person applying for it under this rule:

Provided that no fee shall be charged on a new licence in Form K granted to a cultivator.

100 *Loss of licence.*—Where a licence granted under these rules or an authenticated copy of a licence granted under rule 105 is lost or accidentally destroyed, a duplicate may be granted on payment of a fee of one rupee.

101. *Permit for temporary storage of explosives in a magazine in excess of the licensed quantity.*—(1) When it is proved to the satisfaction of the Chief Inspector that owing to unforeseen circumstances it is necessary to store in a magazine licensed under Form M, a quantity in excess of that entered in the licence, the Chief Inspector may grant a permit for the storage of such excess quantity in the magazine for a period not ordinarily exceeding one month:

Provided that—

(a) the excess quantity thus allowed to be stored shall in no case exceed one-third of the capacity of the magazine calculated on the basis of 15 square feet of floor space to each ton of explosive stored; and

(b) that no condition of the licence other than that prescribing the maximum quantity permitted to be stored is infringed.

(2) The fee chargeable for such a permit shall be—

	Rs.
(i) For a period not exceeding one month.	100
(ii) For a period exceeding one month ..	1,000*

* Per month or portion of a month.

102. *Permit for temporary possession of fireworks in excess of the licensed quantity.*—(1) A permit may be granted by the District Authority to a holder of a licence in Form J to possess any quantity of manufactured fireworks not exceeding 250 pounds for a period not exceeding 15 days in any one calendar year and subject to the conditions in his licence except that prescribing the maximum quantity that is permitted to be stored:

Provided that no permit granted under this sub-rule shall authorize the possession of manufactured fireworks in excess of 50 lb unless the licensed premises conform to the conditions for storage in Mode A described in condition 2 of Form J.

(2) A permit may be granted by the District Authority to a holder of a licence in Form L to possess any quantity of manufactured fireworks not exceeding 250 lb for a period not exceeding 15 days in any one calendar year and subject to the conditions in his licence except that prescribing the maximum quantity that is permitted to be stored.

(3) A fee of one rupee shall be charged for a permit granted under this rule.

103. *Payment of fees.*—(1) All fees chargeable under these rules in respect of the grant or renewal of licences and permits granted by a District Authority or a Magistrate shall be paid in cash or by cheque and shall accompany the application. If the licence or permit is not granted or renewed, the fee shall be refunded.

(2) All other fees chargeable under these rules shall be paid into the local Treasury under the head of account "XXXVI. Miscellaneous Departments. Central. 'C' Explosives." and the treasury receipt shall accompany the application. If a licence or permit is not granted or renewed, the fee shall be refunded by the Treasury into which it was paid on the production of a signed order from the licensing authority sanctioning such refund.

104. *Power to exempt from payment of fees.*—The Central Government may, by general or special order, grant exemption from, or reduction of, any fee payable under these rules.

105 *Production of licence or pass on demand.*—(1) Every person holding or acting under a licence granted under these rules shall produce it, or an authenticated copy of it, at the place to which the licence applies when called upon to do so by any officer specified in sub-rule (5) of rule 109.

(2) Every person in charge of a consignment of explosives in transit under cover of a pass issued under these rules shall produce it when called upon to do so by any officer specified in sub-rule (5) of rule 109.

(3) Copies of any licence may, for the purposes of this rule, be authenticated free of charge by the authority which granted the licence.

106 *Executive control over authorities.*—Every authority other than the Central Government acting under this Chapter shall perform his duties subject to the control of the Central Government:

Provided that nothing in this rule shall be deemed to affect the powers of executive control of the Chief Inspector over the officers subordinate to him.

107 *Procedure on reports of infringements.*—The District Authority shall inform the Chief Inspector of the action taken by him on any reports of infringements of the Act or these rules which the Chief Inspector may make to him.

CHAPTER VII.

POWERS OF OFFICERS AND PENALTIES.

108 *Dangerous practices.*—(1) If in any matter which is not provided for by any express provision of these rules or condition of a licence granted under these rules an Inspector of Explosives finds any factory, magazine, or place where an explosive is being manufactured, possessed or sold or any part thereof, or any thing or practice therein or connected therewith or with the handling or transport of explosives to be unnecessarily dangerous or defective, or so in his opinion to tend to endanger the public safety or the bodily safety of any person, such Inspector may by an order in writing require the occupier of such factory, magazine or place or the owner of the explosive to remedy the same within such time as may be specified in the order.

(2) Where the occupier or owner objects to an order made under sub-rule (1), he may appeal to the Chief Inspector within the time specified in the order for compliance with it and the order of the Chief Inspector thereon shall be final.

(3) Every appeal preferred under sub-rule (2) shall be in writing and shall be accompanied by a copy of the order against which the appeal is made.

(4) If the occupier or owner fails to comply with an order made under sub-rule (1) within the time specified in it or, where an appeal is preferred under sub-rule (2), fails to comply with the order of the Chief Inspector thereon within the time fixed in such order, he shall be deemed to have committed a breach of this rule.

109. *Powers of search and destruction.*—(1) Any officer specified in the first column of the table in sub-rule (5) may within the areas specified in the corresponding entry in the second column of that table—

(a) enter, inspect and examine any place, carriage or vessel in which an explosive is being manufactured, possessed, sold, transported or imported under a licence granted under these rules, or in which he has reason to believe that an explosive has been or is being manufactured, possessed, sold, transported or imported in contravention of the Act or these rules;

(b) search for explosives therein;

(c) take samples of any explosive found therein on payment of the value thereof, if such payment is demanded at the time the samples are taken; and

(d) seize, detain or remove any explosive found therein in respect of which he has reason to believe that any of the provisions of the Act or these rules have been contravened.

(2) Whenever any officer seizes, detains or removes any explosive under this rule, he shall forthwith report the fact by telegram to the Chief Inspector and the District Authority.

(3) The Chief Inspector or an Inspector of Explosives—

(a) shall destroy any explosive, wherever found,

(i) the manufacture, possession or importation of which has been prohibited absolutely by notification issued by the Central Government under section 6 of the Act; or

(ii) if the explosive belongs to the Fifth (Fulminate) Class and is being manufactured, possessed, sold, transported or imported illegally without a licence under these rules;

(b) may destroy or render harmless any other explosive in respect of which such Chief Inspector or Inspector has been to believe that any of the provisions of the Act or these rules have been contravened, provided that no explosive shall be destroyed or rendered harmless by an Inspector without the sanction of the Chief Inspector unless the matter appears to such Inspector urgent and fraught with serious public danger.

(4) Whenever any officer destroys any explosive or renders it harmless, he shall take and keep a sample thereof, and shall, if required, give a portion of the sample to the person owning the explosive or having the same under his control at the time of seizure, and whenever any officer so deals with any explosive he shall report the circumstances to the District Authority.

(5) *Table.*

Officers.	Areas.
The Chief Inspector and Inspectors of Explosives.	All parts of British India.
All District Magistrates	Their respective districts.
All stipendiary Magistrates subordinate to the District Magistrate	Their respective jurisdictions.
The Commissioner of Police and all Police Officers of rank not below that of an Inspector.	Presidency-towns or their suburbs.
All Police Officers of rank not below that of Sub-Inspector.	The respective areas over which their authority extends.

110 *Penalties.*—Whoever in breach of these rules manufactures, possesses, uses, sells, transports or imports any explosive, or otherwise contravenes any of these rules shall be punishable with fine which may extend to—

(a) in the case of a person so importing or manufacturing an explosive, three thousand rupees;

(b) in the case of a person so possessing, selling or transporting an explosive, one thousand rupees;

(c) in the case of a person so selling an explosive, five hundred rupees; and

(d) in any other case, two hundred rupees.

111. *Saving as to acts done in emergency, etc.*—Nothing in these rules shall render liable to any penalty the owner or master of any vessel or any carrier or other person having charge of any explosives for any contravention of these rules if,

(a) by reason of stress of weather, unavoidable accident, or other emergency such contravention was reasonable and proper, or

(b) such owner, master, carrier or other person was prevented from complying with the rules by the wilful act, neglect or default of the consignor or other person, or by the improper refusal of the consignee or other person to accept delivery of any consignment.

SCHEDULE I.

(See Rule 4.)

Item Number	Class.	Definition.	Subdivision.
(1)	(2)	(3)	(4)
1	Class I—Gunpowder ..	"Gunpowder" means gunpowder ordinarily so called.	
2	Class II—Nitrate-mixtures.	"Nitrate-mixture" means any preparation, other than gunpowder, which is formed by the mechanical admixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether such admixture be intended to such preparation and whether or such preparation be or be not mechanically mixed with any other non-explosive substance, and includes any explosive containing a perchlorate and not being a chlorate-mixture, fulminate or nitro-compound as defined in this Schedule.	
3	Class III—Nitro-compound.	"Nitro-compound" means any chemical compound which is possessed of explosive properties or is capable of combining with metals to form an explosive compound, and is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid, upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.	Class 3 shall be sub-divided as follows:— Division 1, comprising any chemical compound or mechanical mixed preparation which consists, either wholly or partly, of nitro-glycerine or some other liquid nitro-compound, that is, such explosives as Ballistite, Blasting Gelatine, Cordite, Dynamite, Gelatine Dynamite, Gelignite, etc. Division 2, comprising any nitro-compound which is not comprised in Division 1, that is, explosives such as Abbingdon, E.C. Sporting Powder, Gun-cotton, Picric Acid, Smokeless Diamond, Tri-nitro-toluol (T.N.T.), etc.
4	Class IV—Chlorate-mixture.	"Chlorate-mixture" means any explosive containing a chlorate.	Class 4 shall be sub-divided as follows:— Division 1, comprising any chlorate preparation which contains partly or wholly glycerine or some other liquid nitro-compound; and Division 2 comprising any chlorate-mixture which is not comprised in Division 1.
5	Class V—Fulminate ..	"Fulminate" means any chemical compound or mechanical mixture whatever, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or ship other appliances for developing detonation, or which, from its extreme sensitiveness to explosion and from its great instability (that is to say readiness to undergo decomposition from a very slight exciting cause), is especially dangerous.	Class 5 shall be sub-divided as follows:— Division 1, comprising such compounds as the fulminates of silver and of mercury, and preparations of these substances such as are used in percussion caps, and any preparation consisting of a mixture of chlorate with phosphorus, or certain descriptions of compounds of phosphorus with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur or with sulphuret, with or without carbonaceous matter; and Division 2, comprising such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrates of diazobenzol.

Item number.	Class.	Definition.	Subdivision.
(1)	(2)	(3)	(4)
6	Class 6—Ammunition ..	"Ammunition" means an explosive of any of the foregoing classes when the same is enclosed in any case or cover, or is otherwise adapted or prepared so as to form (a) a cartridge or charge for small arms, cannon or any other weapon, or (b) a safety or other fuse for blasting or for shells or (c) a tube for firing explosives, or (d) a percussion-cap, detonator, fog-signal, pistol, fireworks or rocket, or any other contrivance other than a firework.	Class 6 shall be sub-divided as follows:— Division 1, comprising exclusively safety cartridges, safety fuses for blasting, railway fog-signals, and percussion caps; and Division 2, comprising any ammunition which does not contain its own means of ignition and is not included in Division 1, such as cartridges for small-arms not of the usually recognised, cartridges and charges for cannon of the kind torpedoes containing any explosive, fuses for use separately and not attached to fuses which do not contain their own means of ignition, and Division 3, comprising ammunition which contains its own means of ignition and is not included in Division 1, such as detonators, fuses for blasting which are hermetically sealed, safety cartridges and charges containing their own means of ignition. (NOTE.—The expression "ammunition containing its own means of ignition" means an explosive having an arrangement, whether plug-head or otherwise, forming part of the ammunition, which is adapted to explode or fire the ammunition by friction or percussion. The expression "percussion cap" does not include a detonator.)
7	Class 7—Fireworks .	....	Class 7 shall be sub-divided as follows:— Division 1, comprising *fireworks* composition, that is to say, any chemical compound or mechanically mixed preparation of an explosive or inflammable nature, which is used for the purpose of making manufactured fireworks, and is not an explosive of class 1, 2, 3, 4 or 5, any size, and (except as declared in the proviso to this entry) any coloured fire composition, and Division 2, comprising *manufactured fireworks*, that is to say, any explosive of class 1, 2, 3, 4, or 5 and any fireworks composition, when such explosive or composition is enclosed in any case or envelope, or is otherwise adapted or prepared so as to form a squib, cracker including Chinese crackers, tee-zee or smoke serpent, pocket rifle or other warwhooper, maroon, lance, wheel, Chinese fire, Roman candle, or other article specially adapted for the production of pyrotechnic effects or pyrotechnic signals or sound signals. Provided that a manufactured fireworks enclosed hermetically sealed metal case, containing not more than one pound of coloured fire composition of such a nature as not to be liable to spontaneous ignition, shall be deemed to be a "manufactured fireworks" and not a "fireworks composition"

SCHEDULE II.

PACKING OF EXPLOSIVES.

(See Rule 8.)

(1) In this Schedule unless the context otherwise requires—

The expression "Outer package" means a box, barrel, can, or cylinder of wood, metal, or other solid material, of such strength, construction and character as not to be liable to be broken or accidentally opened, or to become defective or loosened or to allow an explosive to escape.

The expression "Inner package" means a substantial case, bag, canister or other receptacle made and closed so as to prevent any explosive from escaping.

Wherever an explosive is described as belonging to a particular class or division of a class reference is made to the classification of explosives as contained in rule 4 of these rules.

For explosion "Propellant" means an authorised explosive of the third (Nitro Compound) Class adapted and intended exclusively for use as a propelling charge in cartridges or small arms.

(2) The interior of every package shall be free from grit and otherwise clean.

Item number.	Class.	Method of packing	Amount in any one outer package.	Amount in any one inner package.
(1)	(2)	(3)	(4)	(5)
1	Class 1	When the quantity in any one consignment does not exceed 5 lbs. in amount, a single outer package, otherwise A double package the inner and outer packages being as defined in clause (1) of this Schedule.	100 lb.	100 lb.
2	Class 2	As for Class 1	Provided that where gun-powder and propellant are packed together the amount shall not exceed— 50 lb.	25 lb
3	Class 3, Division 1, other than propellant.	As for Class 2, provided that either the interior of a package shall be thoroughly waterproof, and that no metal shall be used in the construction of the packages, except that (1) nails made of brass, zinc, or other soft metal or fastened with the same may be used for securing the outer package and (2) wire ribbon may be used for securing the inner package if the wire is effectively prevented from coming into contact with the explosive by means of a lead cut of about one thousand or otherwise.	50 lb.	50 lb.
4	Class 3, Division 2, propellants	As for Class 2	50 lb.	50 lb.
5	Class 3, Division 3, other than Picric Acid and Wet Gunnotton.	As for Class 2	50 lb.	50 lb.
6	Picric Acid	As for Class 1	Unlimited.	Unlimited.
7	Gunnotton as supplied with water as to be absolutely uninflammable	As for Class 1, provided that the inner or outer package, or both of them, shall be of such nature, and so closed as to prevent any material loss of moisture.	Unlimited.	Unlimited.
8	Class 4, Division 1 ..	As for Class 3, Division 1, other than propellants	50 lb	5 lb.
9	Class 4, Division 2 ..	As for Class 2	50 lb.	50 lb.
10	Class 5	Packed in water. A treble package the innermost package being a bag permeable to water, enclosed in a case containing sufficient water to ensure sufficient water constantly to surround the same. Both the case and the outer package shall be of such construction as will not allow water to escape.	200 lb.	25 lb.
		If the explosive is of such character that it cannot be packed in a thoroughly wet condition, it shall be packed in accordance with conditions prescribed by the Chief Inspector		

(3) Save as provided in the table appended to this Schedule there shall be no iron or steel in the construction of any package unless the same is covered with suitable material so as effectually to prevent the exposure of such iron or steel.

(4) A package which actually used for the packing of one explosive shall not be used for the packing of any other explosive or of any other article or substance:

Provided that this clause shall not prohibit the packing of inner packages containing a propellant in an outer package with inner packages containing gunpowder or another propellant.

Provided also that this clause shall not prohibit the packing of any article which is not of an inflammable or explosive nature, or liable to cause fire or explosion, in the same package as explosive of the first Division of the sixth (Ammunition) Class.

(5) Nothing in this Schedule shall be deemed to prohibit the use of an additional package whether inner or outer, provided that such additional package shall not be of such character as shall have been prohibited in writing by the Chief Inspector

(6) Subject to the foregoing provisions, authorised explosives of the classes and divisions, if any, specified in column (2) of the appended table shall be packed in the manner shown in the corresponding entry in column (3) thereof and the maximum amounts which may be included in any one package shall not exceed those specified in the corresponding entries in columns (4) and (5) thereof.

Item number.	Class.	Method of packing	Amount in any one outer package.	Amount in any one inner package
(1)	(2)	(3)	(4)	(5)
11	Class 6, Division 1, other than Fixed cartridges for pistols.	A single outer package:		
		Provided that clause (3) of this Schedule shall not apply to explosives of this Division.	Unlimited	
		Provided also that bulleted cartridges of a calibre exceeding 0·6 inch and belonging to this Division shall be packed in such a manner that the point of any bullet cannot come in contact with the cap of another cartridge—		
	Fixed cartridges for pistols.	(a) Not exceeding 50 in number in any one consignment.—As for Class 1, provided that the cartridges shall be packed alternately in opposite directions. The bases and guns shall be so fitted into perforations in millboard or other suitable material as to prevent the firing of how one of the said cartridges by an explosion in any other of the said cartridges.	50 in number	—
12	Class 6, Division 2	(b) Exceeding 50 in number.—In a fibreboard outer package, the cartridges being packed in fibre packages will millboard the above required. Explosives made up into cartridges or charges for cannon of rail, torpedoes, mines, blasting or other like purposes shall be packed in such manner and in such quantity as is required for the safe explosive when used or made up: Provided that where a double package is required the packing case of such cartridges or charges may if it satisfies the conditions required for an inner package, be held to be such inner package.	2,000 in number.	50 in number.
13	Class 6, Division 3, other than Detonators and Electric Detonators.	Other ammunition of this Division.—A single outer package	100 lb.	..
		As for Class 1	90 lb.	2 lb. or 10 in number whichever be the greater.
14	Detonators	Provided that bulleted cartridges of a calibre exceeding 0·6 inch and belonging to this Division shall be packed in such a manner that the point of any bullet cannot come in contact with the cap of another cartridge—		
		(a) Not exceeding 1,000 in any one consignment.—As for Class 1, provided that the detonators and the spaces between the same and between the sides of the inner package and the said detonators shall all be filled as far as practicable, with fine sawdust of other similar material; a layer of felt or other soft yielding material shall be placed between both ends of all the detonators and the interior of the inner package in which the same are placed, in such manner, and so secured, that both ends of the detonators will rest upon the said cotton wool or other material; every inner package, if of metal, to be lined throughout with paper or other soft material; and	1,000 in number	100 in number
		(b) Exceeding 1,000 detonators—The detonators shall be packed in inner packages with wadding and cotton wool as above described. Such inner packages shall be placed inside a substantial case of wood or metal made and closed so as to prevent any of the inner packages shifting therefrom, and such case shall be placed inside an outer package in such manner and so secured as to leave a clear space of not less than three inches between the case and every part of the interior of the said outer package, notwithstanding that such clear space may be perforated, be filled with sawdust straw, or other similar material, or may contain a light framework or battens of wood to keep the case properly in position in the outer package; and	10,000 in number	100 in number.
		(c) Where the number of detonators exceeds 5,000 such outer package shall be provided with handles or other contrivance, by means of which it can be safely and conveniently carried.		
15	Electric Detonators	As for Class 3, provided that where the number in any outer package exceeds 3,000, such outer package shall be provided with handles or other contrivance, by means of which it can be safely and conveniently carried.	6,000 in number	100 in number
16	Class 7, Division 1	Double package, the inner package being hermetically closed and contained in an outer package as above defined.	20 lb.	1 lb.
17	Class 7, Division 2	Single outer package, provided that clause (3) of this Schedule shall not apply to explosives of this Class and Division.	100 lb	..

SCHEDULE III

METHODS OF TESTING.

(*See* Rule 21.)

An explosive of the 3rd (Nitro-compound) Class or of the 4th (Chlorate-mixture) Class shall comply with the tests set forth in this Schedule as applicable to such explosive.

N.B.—The apparatus and materials are to comply in all respects with the specifications and standard patterns. The standard patterns, except No. XXI, are held by the Deputy Warden of the Standards, Board of Trade. Pattern No. XXI is held by H. M. Inspectors of Explosives, Home Office.

SPECIFICATIONS OF MATERIALS.

Specification A—Acid, acetic.—The acetic acid is to be clear colourless and free from all impurities and is not to contain less than 99 per cent. $CH^3 \cdot COOH$. When 1 c.c. of 5·10 potassium permanganate solution is added to 500 c.c. of the acetic acid, mixed diluted at 15° C. the coloration is not to be permanent for more than 15 minutes.

If one drop of the diluted acetic acid—one volume of acetic acid diluted with four volumes of distilled water—when mixed by means of a glass rod on freshly-prepared potassium iodide-starch paper is to produce no colour.

Specification B—Chalk, French.—The French chalk is to be equal in colour to the standard sample, and is not to contain more than 4·5 per cent of moisture.

The bulk of the French chalk is to be such that a volume of 50 c.c. will weigh 23·5 — 1·0 grammes. This is to be determined as follows:—A glass funnel, the stem of which is 14 cm. in length, tapering internally from 4 mm. at the top to 5 mm. at the end is to be clamped vertically above a 50 c.c. graduate so that the mouth of the latter is 2 mm. below the lowest point of the funnel. The cylinder is to be 2·5 cm. in internal diameter with a ground glass. The French chalk is to be poured gradually into the funnel and allowed to pass into the cylinder until the latter overflows. This should take one minute. The surface of the chalk is then to be levelled off without jogging or shaking the cylinder by drawing a straight edge over the mouth of the cylinder. The cylinder and contents are then to be weighed.

The fineness of the French chalk is to be such that it will all pass, without rubbing through a 0·075 mm. mesh sieve of 5,041 meshes per square centimetre.

The French chalk is not to contain more than 0·1 per cent of soluble alkali salts calculated as CaO. This is to be determined as follows:—

10 grammes of the chalk are to be boiled with 250 c.c. of water for one minute, filtered, washed, and the filtrate titrated with N/10 hydrochloric acid.

The French chalk, when warmed with hydrochloric acid is not to give off more than 2 per cent and not less than 0·25 per cent of carbonic acid gas.

The French chalk is not to absorb more than 0·5 per cent of moisture after being dried at 100° C. till constant in weight, and then exposed under a bell jar to a saturated atmosphere at 15° C. to 30° C. for 24 hours.

Note.—Before use in heat test experiments the French chalk is to be carefully washed with distilled water, dried in a stove oven to 95–98° C. and exposed to a saturated atmosphere for 24 hours. It is to be kept in a well-stoppered bottle.

Specification C—Glycerine.—The glycerine is to comply with the British Pharmacopœia Specification in all respects.

Specification D (Sections)—Paper, filter.—The paper for running heat test papers is to consist entirely of pure normal cotton cellulose of strength, resistance to alkalies and free from any loading or sizing.

Limit in manufacture.—The paper is not to be saturated to artificial heat of any kind.

The paper is to be brown smooth white surface, and both sides are to be as nearly alike as possible.

The average length of the fibres is to be 2 to 3·5 mm.

Ten sheets when measured with a Elmer's "Smith's patent fixed pneumatic test counter, are to have a thickness of 1·8 to 2·2 mm.

The weight of the paper per One centimetre is to be grammes.

The best quality in the proportion is to be a Carbonate washing with pure distilled water and no subsequent washing in a pure atmosphere.

The paper is to be free from all traces of chemical or other impurities, particularly acids, alkali and peroxides.

The ash in the paper is not to exceed per cent.

On boiling with 5 per cent caustic soda solution for 60 minutes the paper is not to lose more than 1·5 per cent of its weight.

When heated for 5 minutes at 100° C. with Fehling's solution diluted with twice its volume of boiling water, it is not to produce more than 1·5 per cent of its weight of cuprous oxide (Cu_2O).

It is to be supplied in sheets 50 cm. long by 15 cm. wide, and each 100 sheets packed separately in a hermetically sealed tin closed by a lever-cut strip.

For use in the extraction of nitro-glycerine from dynamite it is to be supplied in circles 6·5 cm. in diameter, each 100 paper being packed separately.

Papers, standard test.—The standard filter papers are to be made by the method described in, and are to conform to the conditions laid down in Appendix I.

Specification E—Papers, test.—The papers are to be prepared and tested by the method laid down in Appendix II.

Each batch of papers is to be tested by carrying out four consecutive tests of four papers per each of two days. The mean test obtained is to be 1·95 ± 0·75 minutes and the mean deviation from the mean not more than ± 0·5 minutes. A test differing from the mean by more than two minutes is to be considered a bad one, and is to be disregarded as lost. There are more than one of such abnormal tests amongst the six papers tested, in which case the batch is to be condemned.

II.—Preparation of the sample to be tested.

All the operations in preparing a sample for testing are to be carried out as expeditiously as possible, sunshine or gaslight, as far as practical is, and the test is to be carried out as soon as the sample is prepared.

All weighing and heat test quantities, an accuracy of ±0·01 grammes to an extent. Every quantities are to be weighed out into test tubes which have been fitted with rubber rings, the lower surface of which coincides with the bottom line marked on the test tube.

Explosives of Class 3, Nitro-compound, Division I—

1. Dynamite and other nitro-glycerine preparations from which the nitro-glycerine can be conveniently extracted with water by the manner described in my inside—

(a) The 5·5 cm. mixing funnel is to be placed in a hole of the heat test tube stand and 5·5 c.c. filter paper, folded in the usual way, placed in it.

(b) A cartridge of the sample to be tested is to be opened at one end and rubbed with one hand, while with the other the contents of the cartridge are to be loosened by means of pressure between the thumb and forefinger. The first half inch of the sample so loosened is to be rejected.

(c) The cartridge is then to be inverted over the scoop, and the loosened operation continued so as to transfer a portion of the explosive to the scoop.

(d) When the weight of the sample in the scoop has been adjusted to 43 grammes, the sample is to be transferred to the funnel and pressed down fairly tightly with the flat-headed glass rod until the surface is level.

(e) The funnel is then to be placed in the heat test tube supported in the heat test tube stand and filled up with distilled water. The stem of the extraction funnel is not to touch the side of the heat test tube.

(f) When 2 c.c. of nitro-glycerine have been collected in the test tube the extraction funnel is to be removed. The sample is then ready in the heat tested.

(g) In the event of any water going through with the nitro-glycerine a fresh sample of dynamite is to be extracted.

2. Carbonite Monobel Powder and similar friable nitro-glycerine preparations from which the nitro-glycerine cannot be conveniently extracted with water—

(a) A cartridge of the sample to be tested is to be opened at one end and rotated with one hand, while with the other the contents of the cartridge are to be loosened by means of pressure between the thumb and forefinger. The first half inch of the sample so loosened is to be rejected.

(b) The cartridge is then to be inverted over the scoop and the loosening operation continued so as to transfer a portion of the explosive to the scoop.

(c) When the weight of the sample in the scoop has been adjusted to 43 grammes, the sample is to be transferred by means of the aluminium tin foil, to a test tube, selected at the bottom by gently tapping the side of the tube with the fingers, and pressed down to a height of 3 centimetres by means of the flat-headed glass rod. The sample is then ready to be heat tested.

3. Blasting Gelatine, Gelatine Dynamite, Gelignite, and analogous preparations—

(a) Two wrapped of the cartridge is to be opened out and half an inch of the sample is to be removed with the pen-knife and rejected. A piece weighing 3 grammes as nearly as can be judged is then to be cut out for the test. The remainder is to be put on own wrapper during these operations, and direct contact of the operator's hands with the sample is to be avoided.

(b) The portion of the sample removed is to be weighed in the scoop and placed aside for the present from. It will 3·0 grammes are obtained. This quantity is then to be transferred to the mortar 0·5 grammes of French chalk are to be weighed out using the pen-knife and scoop and also transferred to the mortar.

(c) The sample is to be incorporated with the French chalk by repeatedly squeezing with the end of the pestle, and not by the conical part, with a pitch it and the ground. The times for normal samples should generally be as follows—

Blasting gelatine	1½ minutes.
Gelatine dynamite	2 minutes.
Gelignite and similar explosives containing less than 63 per cent of nitro-glycerine ...	4 minutes.

The mixture is then to be ground by a circular movement of the pestle for a further period of half a minute, and should then be homogeneous in appearance.

(d) The mixture is to be transferred to a test-tube by means of the 0·01 spatula and the aluminium funnel, and gently pressed down to a height of 5 centimetres with the flat-headed glass rod. The sample is then ready to be heat tested.

(e) The pestle and mortar after each grinding are to be thoroughly washed with tap water rinsed with distilled water, dried with a clean towel, and stood a dried in a bath at 100° C. The pestle and mortar are to be allowed to cool to the ordinary temperature before being used again.

4. Cordite, Ballistite and other Propellants of Class 3, Nitro-compound, Division I—

(a) Explosives in the form of sticks or tubes—

(a) The operator is to wash his hands carefully, thoroughly rinse them in distilled water, and dry them with a clean towel.

(b) The sticks or tubes to be tested are to be wiped with clean filter paper.

(c) The sample is to be reduced to a condition suitable for grinding in the cordite mill by being cut into small pieces about one eighth inch long by means of the cordite knife—half an inch being rejected from each end of the sticks or tubes to be tested.

(d) The set of sieves with the lid removed is to be placed under the mill so as to allow the ground material to fall directly on to the top sieve.

(e) The cut sample is to be transferred from the cordite tray to the mill hand, ground. The first portion passing through the mill is to be rejected. A sufficient quantity of the sample is to be taken to ensure that enough material is obtained on the second pulverising the whole quantity introduced into the mill.

(f) The lid is to be replaced—if it set of sieves and the sample is slowly passed through the mill. The material which remains on the second sieve is to be taken for heat test, except in the case of powder in sticks or tubes the nominal diameter of which is less than 0·06 inch. In this case, the material in the bottom compartment is to be taken for heat test.

(g) 10 grammes of the ground and sieved sample are to be weighed out in the scoop and transferred by means of the aluminium funnel to a heat test tube and collected at the bottom by gently tapping the side of the tube with the fingers. Three such test quantities are to be weighed out. The sample is then ready to be heat tested.

Explosives of Class 3, Nitro-compound, Division 2—

1. Nitro-cellulose Pulp—

(a) The operator is to wash his hands carefully, thoroughly rinse them with distilled water, and dry them with a clean towel.

(b) Six filter papers are to be taken as top of one another, for the purpose of the sample to be tested, to give about 3·0 grammes for the operation is to be spread on the top sheet. Six other thicknesses of filter papers are to be similarly laid over the sample. The whole is then to be placed under pressure—as for instance, in a hand screw press, and pressure applied for 10 see minutes. On removal from the press, the sample is to be rubbed up by hand on the filter papers and again pressed for three minutes on fresh filter paper. The sample is then to be transferred to the rectangular sieve and rubbed through it with the hand.

(c) 5 grammes of the sieved sample are to be weighed out in the scoop and spread evenly on an aluminium tray.

(d) The oven is to have been brought to, and is to be maintained at, a temperature of 100° F. (96·8° C.). The tray is to be placed in the oven and kept there for 15 minutes with the door closed.

(e) The tray is to be removed from the oven and the sample transferred to the top sieve of the set of sieves. The lid is to be replaced and the sample sieved for two minutes. For this operation the second sieve is not to be used.

(f) The portion of the sample which passes through the top sieve is again to be spread evenly on an aluminium tray and exposed to the air of the room for four hours

(c) 1 gramme of the exposed sample are to be weighed out in the scoop and transferred by means of the aluminium funnel to a heat test tube. Two such test quantities are to be so weighed out. The material in each is to be gently pressed down with the flat-headed glass rod to a height of three centimetres. The sample is then ready to be heat tested.

(d) The wiping and the set of sieves are to be cleaned with the cleaning brush before and after each sample has been sieved.

2. Compressed dynamites—

(a) About 10 grammes of the exposed sample are to be removed from the centre of the paper enclosed in cartridge with the knife-spatula.

(b) The sample is accurately weighed out in the glass beaker two-fifths full of cold distilled water. The sample is set by frequently stirred up in the water (unless it disintegrates with the flat headed glass rod, and then allowed to settle. The water is to be pumped off and replaced by an equal quantity of distilled water in which the sample is to be frequently stirred up as before during 15 minutes. After addition the second and final water is to be removed.

(c) The operator is to wash his hands carefully, thoroughly rinse them well distilled water, and collect the sample by hand-squeezing out the excess of water.

(d) Six thicknesses of filter paper are to be laid on top of one another. The washed dynamite is to be spread on the top sheet, the other thicknesses of filter papers are to be similarly laid over the sample. The whole is then to be placed under pressure, for instance in a hand-screw press and pre-gunpowder filter mixtures. On removal from the press, the sample is to be collected up on the filter papers by hand and again pressed for thirty minutes on fresh filter paper. The sample is then to be transferred to the resting or hot sieve and rubbed through it by hand.

(e) 5 grammes of the sieved materials are to be weighed out in the scoop and spread evenly on an aluminium tray.

(f) The oven is to have been brought to, and is to be maintained at, a temperature of 120° F. (48·8° C.). The tray is to be placed in the oven and kept there for 10 minutes, with the door closed.

(g) The tray is to be removed from the oven and the sample transferred to the top sieve of the set of sieves. The lid is to be replaced and the sample sieved for two minutes. For this operation the second sieve is not to be used.

(h) The portion of the sample which passes through the top sieve is to be gently rubbed evenly on an aluminium tray and exposed to the air of the room for four hours.

(i) 1 gramme of the exposed surplusage is to be weighed out in the scoop and transferred by means of the aluminium funnel to a heat test tube. Two such test quantities are to be so weighed out. The material in each is to be gently pressed down with the flat headed glass rod to a height of three centimetres. The sample is then ready to be heat tested.

(j) The wiping and the set of sieves are to be cleaned with the cleaning brush before and after each sample has been sieved.

3. Toxite and analogous compressed nitro-glucose preparations—

(a) The operator is to wash his hands carefully, thoroughly rinse them with distilled water, and dry them with a clean towel.

(b) The sample is to be laid over the rectangular sieve and a sufficient quantity for the tests required is to be removed from the centre of the cartridge by scraping with the knife-spatula.

(c) The explosive on the sieve is then to be rubbed through with the hand and the sieved material spread evenly on an aluminium tray.

(d) The oven is to have been brought to, and is to be maintained at, a temperature of 120° F. (48·8° C.). The tray is to be placed in the oven and kept there for 10 minutes with the door closed.

(e) The tray is to be removed from the oven and the sample transferred to the top sieve of the set of sieves. The lid is to be replaced and the sample sieved for two minutes. For this operation the second sieve is not to be used.

(f) The portion of the sample which passes through the top sieve is to be gently spread evenly on an aluminium tray and exposed to the air of the room for four hours.

(g) 1·5 grammes of the exposed sample are to be weighed out in the scoop and transferred, by means of the aluminium funnel, to a heat test tube. Two such test quantities are to be so weighed out. The material in each is to be gently pressed down with the flat-headed glass rod to a height of three centimetres. The sample is then ready to be heat tested.

(h) The wiping and the set of sieves are to be cleaned with the cleaning brush before and after each sample has been sieved.

4. Nitro-cellulose Propellants—

(a) Explosives in the form of sticks or tubes—

(b) The operator is to wash his hands carefully, thoroughly rinse them in distilled water, and dry them with a clean towel.

(c) The sticks or tubes to be tested are to be wiped with clean filter paper.

(d) The sample is to be reduced to a condition suitable for grinding in the cordite mill by being cut into small pieces about one-half inch long by means of the cordite knife and non-inch, being rejected from each end of the sticks or tubes to be tested.

(e) The set of sieves, with the lid removed, is to be placed under the mill so as to allow the ground material to fall directly on to the top sieve.

(f) The cut sample is to be transferred from the cordite tray to the mill and ground. The first portion passing through the mill is to be rejected. A sufficient quantity of the sample is to be taken to ensure that enough material is obtained on the second sieve without grinding the whole quantity introduced into the mill.

(g) The lid is to be refitted on the set of sieves and the sample is to be sieved for two minutes. The material which remains on the second sieve is to be taken as heat test, except in the case of powder in sticks or tubes, the nominal diameter of which is less than 0·08 inch; in this case, the material in the bottom compartment is to be taken for heat test.

(h) 1·5 grammes of the ground and sieved sample are to be weighed out in the scoop, transferred by means of the aluminium funnel to a heat test tube, and collected at the bottom by gently tapping the side of the tube with the fingers. Three such test quantities are to be so weighed out. The sample in these ready to be heat tested.

(i) The set of sieves and the cordite mill are to be cleaned with the cleaning brush before and after the preparation of each sample.

(2) The explosive in the form of grains for small arms—

(a) A quantity of the sample sufficient for the tests required is to be spread evenly on an aluminium tray.

(b) The oven is to have been brought to, and is to be maintained at, a temperature of 120° F. (48·8° C.). The tray is to be placed in the oven and kept there for 10 minutes with the door closed.

(c) The tray is to be removed from the oven and exposed to the air of the room for 4 hours.

(d) 1·3 grammes of the exposed sample are to be weighed out in the scoop and transferred by means of the aluminium funnel to a heat test tube. Three such test quantities are to be so weighed out. The sample is then ready to be heat tested.

5. Ammonite, Belite, Roburite and analogous preparations—

(a) A cartridge of the sample to be tested is to be opened at one end and rubbed with one hand, while with the other the contents of the cartridge are to be thrashed by means of pressure between the thumb and forefinger. The first half inch of the sample so loosened is to be rejected.

(b) The sample in then to be inverted over the scoop and the dismembering operation continued.

(c) When the weight of the sample in the scoop has been adjusted to 1·3 grammes, the sample is to be transferred by means of the aluminium funnel to a heat test tube, and collected at the bottom by gently tapping the side of the tube with the fingers. The sample is then ready to be heat tested.

III.—*Application of the test.*

(a) The water bath is to be raised up and is to be levelled and filled with water up to the overflow. It is to be placed on a table of convenient height in such a position that the heat test limit can readily be observed by reflected light. No part of the apparatus is to be exposed to direct sunlight.

(b) The thermometer, fixed to the rubber stopper is to be inserted in the wire as provided for the purpose on the under side of the lid of the water bath to a depth of 3 inches. The water is to be heated to the required temperature and maintained at a constant temperature and depth. The temperatures for the various explosives are given in Table I.

(c) The glass rod with platinum wire hook is to be inserted in the rubber stopper. A test paper is then to be removed from the brown glass bottle by means of the forceps, placed on the glass plate so that its edges coincide with the lines on the plate, and pierced by passing the needle through the paper and the hole in the plate. The test paper is then to be held by means of the forceps, and a mixture of equal volumes of distilled water and glycerine is to be applied to the upper part of the test paper by means of the glass rod (the platinum wire hook is sufficient quantity to moisten the upper half of the test paper by the time the test is complete. The platinum wire hook of the glass rod is then to be passed through the hole in the paper At no time in the operation is touch the paper with the fingers.

(d) The rubber stopper carrying the glass rod and test paper is at once to be firmly pressed into the test-tube containing the explosive to be tested, until the bottom of the stopper coincides with the top line etched on the test-tube, and the position of the glass rod is to be adjusted so that the lower edge of the test portion of the test paper, which edge is to be approximately horizontal coincides with the middle etched line on the test-tube. The test-tube is then to be inserted in one of the wire cages of the lid of the water bath, so that the bottom line etched on the test tube coincides with the upper surface of the lid. The rubber ring is to be placed round on the test-tube and the cap placed in position over the tube.

The quantities of the various explosives to be placed in the test-tube are given in Table I.

The test paper is not to be inspected by lifting the cap until shortly before the time the explosive ought to stand the test as given in Table I.

(e) The test is complete when the faint brown line, which after a time makes its appearance at the margin between the wet and the dry portion of the test paper, equals in depth at that the brown line on the standard test paper.

For any given explosive to pass the test, the time elapsing between the introduction of the tube into the bath and the production of a test equal to the standard must not be less than the time given in Table I.

After the test is finished, the explosive is to be carefully removed from the tubes, and the tubes thoroughly washed out with tap water by means of the test-tube brush. They are then to be rinsed out and allowed to drain for a few minutes. The washing is repeated with distilled water, the tubes rinsed, allowed to drain, and finally dried in a bath at 100°C. The tubes are to be allowed to cool to the ordinary temperature before being used again.

IV.—*Exudation and Liquefaction Test for Blasting Gelatine, Gelatine Dynamite and analogous Preparations*

TEST FOR LIQUEFACTION

A cylinder of blasting gelatine is to be cut from the cartridge to be tested, the length of the cylinder to be about equal to its diameter and its ends being cut flat.

The cylinder is to be placed on end on a flat shelving without any wrapper, and covered by a tin passing vertically through its centre.

In this condition the cylinder is to be subjected for one hundred and forty hours (140) consecutive hours (or for such shorter time as may be sufficient) to a temperature ranging from 82° to 90° Fahr. (inclusive), and during such exposure the cylinder shall not diminish in height by more than one fourth of its original height, and the upper cut surface shall retain its flatness and the sharpness of its edge.

Note.—If the blasting gelatine and the gelatine dynamite to be tested be not made up to a cylindrical form, the above test is to be applied with the necessary modifications.

TEST FOR LIABILITY TO EXUDATION.

There shall be on separation from the mineral mass of the blasting gelatine or gelatine dynamite of any nitro-glycerine mixture any exudation or appearance of nitro-glycerine on the inside of the wrappers of the cartridges when subjected to the liquefaction test hereinbefore described.

V.—*Picric Acid.*

(1) The material shall contain not more than 0·3 part of mineral or non-combustible matter in 100 parts by weight of the material dried at 140° Fahr.

(2) It should not contain more than a minute trace of lead.

(3) One hundred parts of the dry material shall not contain more than 0·3 part of total free and combined sulphuric acid, of which not more than 0·1 part shall be *free* sulphuric acid.

(4) Its melting point should be between 240° and 242° Fahr.

VI.—*Testing Chlorate Mixtures.*

The material must not be too sensitive* and must show no tendency to increase its sensitiveness on keeping.

The material must contain nothing liable to reduce the chlorate. Chlorides calculated as potassium chloride must not exceed 0·25 per cent.

The material must contain no free acid, or constituents liable to produce free acid.

Explosives of this Class containing nitro-compounds will be subject to the heat test as if they belonged to Class 5.

* They will be considered too sensitive if they can be exploded however partially by means of a glancing blow with a hammer(as in soft wood (such as deal).

APPENDIX I.

PREPARATION OF STANDARD TEST PAPERS.

0·48 grammes of the finest yellow ochre, 0·2 grammes of raw umber and 5 grammes of fine white gum arabic, all of which have been very finely ground in an agate pestle and mortar, are weighed into a stoppered bottle of about 150 cm. capacity and 100 c.c. of water added. The whole is shaken in the cold until the gum is dissolved. The ingredients in this well shaken and allowed to stand for one hour.

A strip of paper, 10 cm. long and 1 cm. broad, is then cut from the centre of the suspending and with the aid of a ruler, lines are drawn at a slightly place across one side of a sheet of filter paper to Specification B. The sheet is then cut up into rectangular strips 1 cm. broad by 8 cm. long each with a line across the middle perpendicular to the length of the strip. The breadth of the line must be not less than 0·5 mm. nor more than 1 mm.

In order to maintain uniformity as regards depth of tint, strips in which the line does not correspond with that of the agreed pattern are to be rejected.

APPENDIX II.

PREPARATION AND TESTING OF HEAT TEST PAPERS.

Preparations.

Potassium Iodide

The purest potassium iodide obtainable commercially is to be purified by triple re-crystallization from pure alcohol, diluted by the addition of one two-fifth of its volume of distilled water. The crystals are to be kept as small as possible, and are to be spread out on clean filter paper, resting on a glass plate, and allowed to dry in the dark. When dry, they are to be placed in a thin layer on the bottom of a platinum crucible and heated to a dull red heat for one minute over a spirit lamp burning pure alcohol. While cold, the crystals are to be transferred to a brown glass-stoppered bottle, from which the quantities required are to be weighed out.

The potassium iodide used for each batch of test paper is to be prepared as above immediately before use.

Starch

The starch used is to be the best maize starch in the form of corn-flour. It is to be purified immediately before use by washing six times by decantation with freshly distilled water. It is then to be placed on a porous plate of unglazed porcelain, allowed to dry in a warm atmosphere in the dark, and stoppered in a brown glass bottle from which the quantities required are to be weighed out.

Preparation of the Starch-paste solution.

2·0 c.c. of freshly distilled water are to be placed in a 7 cm. flint flask and raised to boiling point over a spirit lamp burning pure alcohol. 2 grammes of the starch, prepared as above, are to be accurately weighed in terms of distilled water, and the mixture poured into the 250 c.c. of boiling water, with continuous shaking. The whole is to be kept boiling briskly, and shaken several times for 5 minutes. The solution of starch so prepared is to be added to a solution of 1 gramme of the purified potassium iodide in 250 c.c. of freshly distilled water, and the solution well mixed. The mixture is to stand over night in a dark room. The following day, the clear supernatant liquid is to be carefully syphoned off and used immediately for dipping the papers.

If it is desired to dip a large batch of paper, the foregoing quantities may be multiplied in order to obtain sufficient solution.

Dipping the Papers.

The clear potassium iodide and starch solution is to be poured into a porcelain tray, which is to be kept sufficiently for this operation, sheets of filter paper to Specification B are to be passed through singly, so that all except 3 cm. at the end of the strip of paper, passed beneath the surface of the liquid.

The strip of paper is to be held above the tray by the dry portion, and is then to be suspended by the undipped portion in a warm dark room, supboard, or dark tin till dry.

It is advisable to nip a small piece out of the edge of each sheet at the boundary line between the wet and dry portions as a guide in subsequent cutting.

Cutting and Trimming the Test Paper

In cutting and trimming heat test paper the operator is to wear clean cotton gloves.

When the sheets are dry they are to be trimmed by cutting off the undipped and uncut 3·0 cm. below the edge of the undipped portion. 0·5 cm. strips are also cut from the other three edges. The sheets are then to be stored in unglazed-coloured glass jars to be in the dark.

When a batch of papers has been passed for issue the sheets are to be cut up into rectangular pieces 1 cm. by 8 cm., and are to be issued in lots of fifty.

All the above operations are to be carried out in a building specially reserved for this work. This building is to be protected from the direct access of the sun's rays, and is, as far as possible, to be kept dark.

Testing of Heat Test Papers by the Diffusion Test

Apparatus and Materials required:—

No. 1	Actinometer pipette	..	..	Pieces. 1
2	Acid sulphuric, normal solution	..	..	A supply
3	Aconitin, nitrolimum	..	..	1
4	Cap, light tight pasteboard	..	..	1

8	Jar, cylindrical, brown glass	..	..	1
9	Pipette, 10 cc.	..	..	1
10	Rod, stirring glass	..	..	1
11	Sodium nitrite solution containing 1·7 gm. in 1 litre.	..	..	A supply.
12	Stopper, rubber, with platinum hooks	..	..	1

Application of the Test

The solutions are to be brought to 15°C. before use. 2 Grammes of ferrous ammonium sulphate are shaken out and placed in the glass jar, 90 c.c. of the normal sulphuric acid added and solution effected by stirring with the glass rod. The jar is then placed in a bath of water at 15° C., and is so kept as that temperature throughout the experiment. The temperature of the air should be 15° C. to 17° C. 10 c.c. of the potassium nitrite solution are then added by means of the pipette and well stirred in. An aluminium opening is placed centrally over the mouth of the jar and the orifice covered by the aconitin disk; over this is placed a second opening. Good contact between surfaces is to be ensured by exerting a slight pressure and twisting or sliding.

The glass cylinder with rubber stopper and light tight cap are then placed on the second opening, and the assembled apparatus is allowed to stand for 20 minutes. After the expiration of the 20 minutes, the light tight cap and the glass cylinder are removed the rubber stopper taken out of the cylinder, and then the cylinder waved several times through the air. As soon as possible, four of the test papers to be tested are moistened with solution, placed on the platinum hooks of the stopper, the stopper inserted in the cylinder, and the cylinder and test papers again placed in position on the metal sandbath, and the time noted.

When the papers read by reflected light reach the standard tint, the time is again noted. The difference gives the time of test. Standard tint purposely be read by reflected light are used for comparison.

The cylinder is then removed uncorked, waved several times through the air, and a fresh set of papers in all cases put on for test. After four sets of tests have been made, the graphite disk found to be fouled to such a degree that it is to be cleaned with a soft cloth and allowed to cool in an evacuated desiccator over pumice for at least 12 hours before being once again used.

A batch of papers is to be tested by carrying out four consecutive tests of four papers on each of two days.

(d) the nature of the work of processes, if any, to be carried on in connection with it a magazine or factory and the steps at which such work is to be carried on, and the places in the magazine or factory at which explosives and any articles liable to spontaneous ignition or inflammable or explosive in character are to be kept or manufactured;

(e) the situation of each building forming part of the magazine or factory in which the explosive is to be kept or manufactured and the maximum amount of explosive to be kept in each such building;

(f) the maximum number of persons to be employed in each building; and

(g) any special terms which the applicant may propose for reasons of any special circumstances arising from the locality, the situation or construction of any buildings or works, or the material of any ground or otherwise.

Table showing distances which should ordinarily be kept clear in and round magazine premises.

[See note (b) to Form D.]

In any case where any of the items enumerated in the first column of this Table is in the opinion of an Inspector of Explosives, effectively screened from a magazine either by the natural features of the ground or by mound and substantial artificial mounds of earth or stone rubble, the distance specified shall be measured from any part of the magazine to any part of the item in question will pass through the intervening ground or mound, like behind that it is drawn from any part of the magazine to any part of the item in question will pass through the intervening ground or mound, like distance from that from transport for quantities of more than usual pounds of explosives, but that a further reduction, the a natural hill as may serve as to afford a degree of protection which, in the opinion of an Inspector of Explosives, justifies a further reduction, the distance shown in the Table may be reduced to one-quarter. In no case, however, the distance from a Viceregal Residence to be less than one mile.

N.B.—*The figures in small italics are the distances to be observed when ordinary gunpowder only is to be stored or other explosives are to the contrary of five thousand pounds of gunpowder every half pound of such other explosive being reckoned as one pound of gunpowder. In the case of manufactured fireworks specially registered in writing by the Chief Inspector four pounds gross weight only be reckoned as the equivalent of one pound of other explosives.*

3. There shall not be kept in a fire proof safe any explosive other than gunpowder.

4. There shall not be kept on the premises any explosive other than gunpowder, safety fuse for blasting or fireworks.

5. The interior of every building and receptacle used for keeping explosives and the shelves and fittings therein shall be so constructed as not to expose or be covered as to prevent the exposure of any iron or steel, or the hardening of any grit, iron, steel or similar substance, in such manner as to come into contact with the explosive. Such interior, shelves and fittings shall as far as is reasonably practicable, be kept free from grit and otherwise clean.

6. The building or receptacle in which explosive is kept shall be used only for the keeping of such explosive and for no other purpose whatsoever.

7. Gunpowder and safety fuse, or fireworks and safety fuse may be kept together in one building or receptacle, but gunpowder and fireworks shall be kept in separate receptacles or shall be so separated as to prevent explosion or fire communicating from one to the other.

8. All gunpowder exceeding 1 lb. in amount shall be kept in a sub-stantial tin canister or case made and closed so as to prevent any explosive from escaping and otherwise packed and marked in accordance with rules 8 and 9 of the Explosives Rules, 1940.

9. The explosive shall be manufactured in a stout or lightly constructed one-storied building kept and used only for the purposes of such manufacture and separated from the storage place by a distance of 100 feet and separated from any dwelling-house, other building, highway, street, public thoroughfare or public place by a distance of 300 feet in the case of gunpowder or gunpowder and fireworks or 150 feet in the case of fireworks.

10. The ingredients for the manufacture of gunpowder shall be kept in separate stores distinct from each other and separated by a distance of at least 150 feet from the place where gunpowder is manufactured or stored.

11. Not more than four persons shall be allowed at any one time in any one building, or part in which the explosive is being manufactured and only persons actually employed in manufacturing or superintending manufacture shall be allowed inside the place of manufacture.

12. No iron or steel implements shall be used in manufacture. Only copper, gun-metal or wooden tools are permissible.

13. All explosives on manufacture, shall be removed without delay to the licensed place of storage and no explosive shall be allowed to accumulate in the place of manufacture.

14. Manufacture shall only be carried on between sunrise and sunset and no smoking or lights shall be allowed in or near the place where explosives are being manufactured.

15. No oils, pitches, matches, dynamo, any article of a highly inflammable or explosive nature as liable to endanger life or explosion in any acids, or similar substances shall be brought or kept on the licensed premises.

16. No person on the licensed premises shall have any iron or steel in his possession, or attached to or on his boots or shoes.

17. The licensee shall keep records and accounts of all explosives manufactured, of all stock in hand, and of all sales in such form as the District Authority may from time to time direct; and shall exhibit his stock and his books and records to any of the officers authorized under rule 103 of the Explosives Rules, 1940, whenever such officer may call upon him so to do.

* Quantity in A to be filled in by licensing authority.

Provided that where the licence extends only to the manufacture, possession and sale of manufactured fireworks and the quantity permitted to be kept at one time does not exceed fifty pounds, the licensee shall not be required to keep or exhibit records or accounts of the same.

18. All sales of explosives under this licence must be effected on the premises described on the ground of a licence and no explosive shall be sold by any person under the age of 16 years.

19. The licensee may by giving notice to the authority which granted his licence, but not otherwise, be in the market to in which such manufacture or preparation is carried on more than one hundred pounds of gunpowder, of such quantity of other explosive as is present at the time fixed by the authority in that behalf

and the total quantity of explosive on the licensed premises at the working shall not exceed the quantity the licensee is authorised to possess.

(a) No work unconnected with such manufacture or preparation shall be carried on in the said workshop while such manufacture or preparation is in progress on.

(b) The said workshop shall be detached from the remainder of licensed premises, but shall be situated at the immediate neighbourhood thereof and at such distance therefrom as may be specified on the licence by the authority granting the same.

(c) No supply of any description shall not be conveyed into an explosives of a million description and such explosive shall not be mixed or re-mixed into its ingredients; and.

(d) The licensee shall give notice to the authority which granted his licence that he intends to carry on such manufacture or preparation as is allowed by this condition

20. There shall not be carried on in the factory the manufacture of any nitroglycerin or explosive of the 3rd (Nitro-Compound) class or any explosive of the 5th (Fulminate) Class.

No licence can be granted for an explosive which is not so authorized explosive or the ingredients, manufacture or possession of which is absolutely prohibited under section 9 of the Indian Explosives Act, 1884.

TRADE MARKS

Simla, the 13th July 1940

No. 469-2nd (1)/40.—In exercise of the powers conferred by section 85 of the Trade Marks Act, 1940 (V of 1940), the Central Government is pleased to prescribe the following procedure for the deposit of trade marks at the Patent Office, namely,—

(1) Any person claiming to be the proprietor of a trade mark used in British India and intending to apply for its registration under Trade Marks Act, 1940, may apply, not earlier than the 1st October 1940, and not later than the 31st March 1941, for its deposit at the Patent Office.

(2) The application shall be forwarded by registered post to the Registrar of Trade Marks (2, Council House Street, Calcutta), hereinafter referred to as the Registrar:

Provided that, if the trade mark is to be deposited in respect of goods of a class specified in the Schedule hereto annexed, the application may at the option of the depositor be forwarded by registered post to the Deputy Registrar of Trade Marks (Trade Marks Registry, Bombay Branch, Bombay), hereinafter referred to as the Deputy Registrar.

(3) The application shall be made in duplicate on printed forms obtained from the Registrar (or, if the application is to be made to the Deputy Registrar from that officer) on payment of one rupee per set of two forms.

(4) The application shall be signed by the depositor or his authorized agent.

(5) A separate application shall be made in respect of each trade mark. If the depositor claims to be entitled separately to the exclusive use of a part of the trade mark, he may send a separate application for the deposit of such part.

(6) Every application for deposit of a trade mark shall be accompanied by eight durable representations of the trade mark corresponding exactly with one another. Each representation shall be mounted on a sheet of strong, durable paper (not cardboard), 13 inches by 8 inches in size, leaving on the left-hand top corner the name of the depositor and the number of deposit given on the printed forms of application, and on the right-hand bottom corner the signature of the depositor or his authorized agent. Additional representations of the trade mark shall be supplied by the depositor, if so required by the Registrar or, as the case may be, the Deputy Registrar.

(7) The language or languages in which any words or letters occurring in the trade mark are written shall be stated in the application. Where the words or letters are written in a language other than English, the exact translation in English and, if necessary, an exact transliteration in Roman script, shall be given in the application.

Plague Regulations in force outside the City of Madras.

Fort St. George, August 13, 1940.

No. 614.

Whereas certain parts of the Province of Madras are visited by, and other parts are threatened with, an outbreak of the dangerous disease known as plague;

And whereas the ordinary provisions of the law for the time being in force in the said Province are insufficient to prevent the outbreak of such disease or the spread thereof;

Now therefore in exercise of the powers conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897) and in supersession of all regulations previously issued on the subject, His Excellency the Governor of Madras is hereby pleased to prescribe the following temporary regulations to be observed throughout the said Province except the City of Madras for a period of one year from the 15th day of July 1940.

1. In these regulations—

(1) 'Collector' means the Collector of the district;

(2) 'Government' means the Government of Madras;

(3) 'infected area' means any place or area which is notified to be infected with plague under these regulations by the Government or, subject to their control by the Collector;

(4) 'local authority' means

(i) in the case of municipal areas

(a) the municipal health officer, where no such officer has been appointed or in his absence, the local medical officer appointed by the Government; where neither of such officers has been appointed or in the absence of both or in the absence of the local medical officer, as the case may be, the municipal medical officer; and

(b) the executive authority of the municipal council;

(ii) in the case of non-municipal areas

(a) the local medical officer appointed by the Government, where no such officer has been appointed or in his absence, the local medical officer appointed by the local board; and

(b) the village headman;

and includes in both cases, any other person appointed as local authority by the Collector; and

(5) 'plague officer' means the District Health Officer, the Municipal Health Officer and the Revenue Divisional Officer within their respective jurisdictions and includes in respect of any area any other person who may be appointed by the Government or by the Collector as plague officer for such area.

2. The Government may, by notification in the *Fort St. George Gazette*, declare any place or area in which one or more indigenous cases of plague have occurred, or in which the existence of plague among rats or other susceptible animals has been proved to be infected with plague. In similar circumstances, the Collector may notify by tom-tom and by publication in the District Gazette that any place or area in his district is infected with plague and shall inform the Government forthwith of such notification and the Government may rescind or modify such notification.

3. The Collector may

(a) close any existing market or order the suspension or postponement of any other large congregation of people—

(i) in any infected area, or

(ii) in any area in his district adjoining an infected area whether such infected area be in that district or in a neighbouring district, and

(b) appoint special places where markets may be held and prescribe limits beyond which it shall not be lawful for persons bringing articles for sale from or into an infected area to pass.

4. In any infected area the Collector or a plague officer with the previous sanction of the Collector, may order the evacuation of infected premises and of premises in the neighbourhood of such premises, or generally of the infected area or any part thereof:

Provided that, before issuing or sanctioning an order for compulsory evacuation, the Collector shall

(a) satisfy himself that such evacuation is necessary to prevent or check the further spread of the disease or is in the interests of the affected population, having regard to climate conditions;

(b) either provide within reasonable distance adequate and suitable shelter and the necessary water-supply for the persons evicted or satisfy himself that such shelter and water-supply will be provided by private agency, and

(c) make necessary arrangements for watch and ward.

5. The Collector may require all persons who evacuate their premises voluntarily or against whom an order of compulsory evacuation is passed under this regulation to reside in such place and for such period as he may appoint.

6. Nothing contained in this regulation shall be deemed to apply to persons who produce a certificate from a Registered Medical Practitioner or a qualified Sanitary Inspector authorized in this behalf either by a District Health Officer or by a Municipal Health Officer as the case may be to the effect that they have been successfully inoculated against plague within a period of six months immediately preceding the notification of a place or area as an infected area or who get themselves inoculated within 24 hours of the publication of such notification and produce a certificate to that effect from a Registered Medical Practitioner or a qualified Sanitary Inspector authorized in this behalf either by a District Health Officer or by a Municipal Health Officer as the case may be.

7. In any infected area the Collector may enter upon, occupy and use or may depute any person to enter upon, occupy and use without having recourse to the provisions of the Land Acquisition Act, 1894, any building or place which is required for, and is, in the opinion of the Municipal Health Officer in the case of municipalities where there is a Health Officer and in all other cases of the District Health Officer, or if there is no District Health Officer, of the District Medical Officer, suitable for any purposes connected with plague measures provided that, if the building or place is occupied by any person notice in writing shall be given to such person or be conspicuously affixed on such building or place not less than 24 hours before it is entered upon, occupied or used under this regulation. The owner or lessee of such building or place shall be entitled to a reasonable rent, to be fixed by the Collector, for the period during which the building or place is occupied or used and the Collector shall, when any building ceases to be so occupied or used cause it to be thoroughly cleansed and disinfected and, if the owner or lessee so desires, whitewashed inside and outside.

8. If the Collector or a plague officer is of opinion that the destruction of any hut or shed is necessary to prevent the spread of plague, he may take summary measures for the destruction of such hut or shed and of the materials of which it is constructed.

9. The Collector or any person authorized by him in this behalf may direct that any building or place shall be inspected and that all rats and other susceptible animals found therein shall be destroyed; and to facilitate such destruction, he may order the temporary removal of any article from such building or place.

10. The Collector may direct that at any place in his district any consignment of grain or other produce or merchandise or personal effects being conveyed by rail, road or otherwise, shall be examined, and shall, if necessary, be unloaded and fumigated or exposed to the sun in such manner and for such period as he may fix.

11. Every owner or occupier of any building and every medical practitioner shall at once report to the nearest local authority any case of plague or any case of fever with glandular swellings or any unusual mortality among rats or squirrels, which may come to his notice.

12. (1) The executive authority of the municipal council in the case of a municipal area, the president of the panchayat in the case of a panchayat area, the headman of the village or other cases and in all cases any person authorized by the Collector in this behalf may prevent any article suspected of coming from an infected area from being brought or taken into the local area concerned until such articles have been exposed to the direct rays of the sun for not less than three hours or have been disinfected to his satisfaction. Similar powers may be exercised by such executive authority, president, headman or authorized person regarding the exposure to the sun or the disinfection of any article taken out of any infected area within their respective jurisdictions.

(2) No person shall take out from a plague-infected area any commodity which is likely to carry plague infection unless it has been disinfected, by a person authorized in that behalf by the Collector.

13. (1) Any local authority or a plague officer or any officer of the Public Health Department not below the rank of a Health Inspector or a Sanitary Inspector may at any time by day or by night, after giving such notice as may appear to him reasonable, inspect any premises in which plague is reported or suspected to exist.

(2) If such authority or officer is of opinion that the cleansing or disinfecting of any premises or part thereof or of any article therein, which is likely to retain infection, will tend to prevent or check the spread of such infection, he may cleanse or disinfect such premises or part or article and may by notice require the occupier of such premises or part to vacate the same for such time as may be specified in such notice.

(3) The cost of cleansing or disinfecting any premises or part thereof or any article therein under clause (2) shall be met entirely by the Government.

(4) Such authority or officer may direct the destruction of bedding, clothing or other articles likely to retain infection.

14. (1) In the absence of a written contract to the contrary, every inspector, mistri, peon, watchman, labourer, scavenger, or other menial servant employed to do duty in connexion with plague shall be entitled to one month's notice before discharge, or to one month's wages in lieu thereof unless he is discharged for misconduct or was engaged for a specified term and is discharged at the end of such term.

(2) No such inspector, mistri, peon, watchman, labourer, scavenger, or menial servant shall, in the absence of a written contract authorizing him to do so or without reasonable cause, resign his employment or absent himself from his duties or neglect or refuse to perform any of his duties without giving a month's notice.

(3) The Collector may from time to time appoint persons as suppliers of labourers or other menial servants subject to such conditions as he deems fit and every such supplier shall be bound faithfully to carry out the duties assigned to him by the Collector and to observe the conditions under which he was appointed.

15. When in consequence of the exercise of the powers conferred by or under these regulations any property is damaged or destroyed, the Collector shall pay to the owner by way of compensation such sum as he may consider sufficient to cover the cost of repairing the damage or replacing the property destroyed. The Collector's decision fixing the amount of compensation to be paid shall be final. No compensation shall however be payable to cover the cost of replacing the articles destroyed under clause (4) of regulation 13.

NOTE.—(1) The Plague Regulations being orders formally made and issued by Government under the Epidemic Diseases Act, no

application is required as a condition precedent to prosecution for disobedience thereof. Judgment of the High Court in Criminal Appeal No. 581 of 1939.

121 By Proclamation Order No. 647 dated 14th September 1936, all persons in the Madras Command have been directed to obey the Traffic Regulations and any infringement of them is punishable as a military offence. Military policemen have been warned to be considerate, Standing Order No. 11, dated 14th December 1939, that any disobedience of which members of the population are guilty should be treated with patience and tact and they are instructed to give effect to this order. Any complaint against the conduct of military policemen should be brought to the notice of the Provost Marshal, Madras Command, who will take such action as he considers necessary.

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 45 A of the Madras Local Boards Act, the Inspector of Municipal Councils and Local Boards hereby directs that the said Turaiyur Panchayat Board shall be superseded for a period of one year with effect from the date of publication of this notification in the *Fort St. George Gazette*.

Madras, 5th August 1940.

Extension of jurisdiction of the Palavanatham Panchayat Board.

In exercise of the powers delegated to him under section 23 of the Madras Local Boards Act, 1920, as amended, the Inspector of Municipal Councils and Local Boards hereby directs under clause (b) of sub-section (2) of section 3 of the Madras Local Boards Act, 1920, as amended, that the jurisdiction of the Palavanatham Panchayat Board in Aruppukkottai taluk, Ramnad district, shall extend over and include the revenue village of Pallimanthiam and the Inam Sathapuram village in the Aruppukkottai taluk of the Ramnad district.

Madras, 20th July 1940.

Extension of certain provisions of the Madras District Municipalities Act to the Koilpatti Panchayat Board.

In virtue of the powers delegated to him by the Local Government in G.O. No. 2804, L.S.G., dated 6th July 1936, and in exercise of the powers conferred by section 200 of the Madras Local Boards Act, 1920 (Madras Act XIV of 1920), the Inspector of Municipal Councils and Local Boards is hereby pleased at the request of the Koilpatti Panchayat Board and the Tinnevelly District Board to extend to the Koilpatti Panchayat Board area the provisions of

(i) section 269 of the Madras District Municipalities Act, 1920 (Madras Act V of 1920), and

(ii) so much of section 315 of and Schedules VII and VIII to the same Act as relate to the section aforesaid subject to the modification that

(1) in the said provisions for the words "executive authority" wherever they occur, the words "President of the Panchayat," and for the words "municipal limits" the words "the limits of the village" shall be substituted;

(2) that the operation of the said provisions shall be confined to the limits of the panchayat board area alone and not up to three miles of its limits, as provided in section 269 of the said Act.

MAINTENANCE OF RECORD SHEETS IN SCHOOLS IN COMPULSORY AREAS.

No. 254

The following draft of certain amendments to the rules published with Law (Education) Department Notification No. 45, dated the 21st February 1922, at pages 146 to 178 of Part I-B of the *Fort St. George Gazette*, dated the 21st July 1922, as subsequently amended, which it is proposed to make in exercise of the powers conferred by section 56 of the Madras Elementary Education Act, 1920 (Madras Act VIII of 1920), is hereby published as required by sub-section (1) of the said section for the information of all persons likely to be affected thereby.

Notice is hereby given that the draft will be taken into consideration after six weeks from the date of publication of this notification and that any objection or suggestion which may be received from any person with respect thereto before the expiry of the period aforesaid will be considered by the Government of Madras.

DRAFT AMENDMENTS.

1. In the said rules,

For rule 6 of the rules under the heading "Section 44—Compulsory elementary education" the following rule shall be substituted, namely:—

"6. A school record sheet shall be maintained for each pupil in the school by the headmaster in the form in Appendix 3. Such record sheet shall be issued to the pupil on leaving the school and shall be produced by the pupil when joining another school. When the record sheet is so issued the headmaster of the school which the pupil has left shall keep a copy of the entries in a register maintained for the purpose."

2. For Appendix 3, the following Appendix shall be substituted, namely:—

"APPENDIX 3.

18 Tanjore.	36 Hyderabad (for Drawing only).
19 Trichinopoly.	

NOTE.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of fifty, the candidates shall be informed that they must be prepared to proceed at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

4. *If a candidate who belongs to one Indian State selects a centre in another Indian State he should submit his application for admission to the examination through the educational authorities of the State to which the centre selected belongs, so that they may have an opportunity of sanctioning the selected centre and directing the candidate to select a centre in the State of which he is a resident. When objections are not raised, candidates may conclude that their names will be registered for examination at the centres mentioned by them in their applications.*

5. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the centre of examination entered in his application which must invariably be the place where he is employed or ordinarily resides or should it not be a centre the place nearest to it where the examination is held. A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

6. Candidates whose Examinations, either Written or Oral and Practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear. The Oral and Practical Examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

7. To guard against disappointment in the case of such of the Oral and Practical Examinations as may be held after the Written Examinations, candidates are recommended to refer to Part I-B of the *Fort St. George Gazette* from time to time, as no intimation will be sent to them.

SCALE OF FEES, WHEN AND WHERE TO BE REMITTED BY CANDIDATES.

8. The following is the scale of fees to be paid by candidates for admission to the examinations :—

	Lower grade.	Higher grade.
	Rs.	Rs.
For each subject	9	12

NOTE.—Candidates who have passed the examination in Indian Music may appear for the same grade at a subsequent session for the Practical Test only, with a view to have their proficiency certified in regard to rhythmic and melodic tests.

The scale of fees for the additional Practical Test is rupees three (Rs. 3) only for the Lower grade and rupees six (Rs. 6) only for the Higher grade.

NOTE.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

9. (a) Candidates who have passed in the Second Class in any subject and grade may come up to qualify for the First Class in that subject and grade on paying the full examination fee.

NOTE.—Candidates coming under this category must specify in this effect in their applications.

(b) Where the subject in one in which the examination is divided into stages—for example, Tailoring—candidates having failed in one or two sections in the subject and grade may come up in that section or sections on paying the full examination fee that is prescribed for that particular grade they wish to apply.

10. (a) Candidates who are employees of the Government of Madras and who desire to be exempted from payment of the prescribed fees, should send in (so as to reach their office on or before the dates specified under paragraphs 18 and 19) their applications through the head of the office, in which they are employed, together with a certificate from the appointing authority to the effect—

(i) that the candidate is at the time of the application undergoing probation and training and that the Government Technical Examination (subjects with grade to be specified) is prescribed as part of his probation and training whether recruited direct or by transfer,

or

(ii) that it is prescribed as qualification necessary for the candidate to continue in his post without penalty,

or

(iii) that it has been newly imposed on the candidate already in the service concerned.

(b) The applicants should furnish the following particulars also through the officer granting them the certificate for exemption from payment of fees :—

(1) the specific clause [vide (i), (ii) and (iii) above] under which the applicant's case is covered,

(2) if the Applicant's case is covered by clause (ii) or (iii), the subject with grade for which, the year, the session (i.e., the month) of examination when, the centre where and the number of times he appeared for the examination availing himself of the concession of exemption from payment of fees ; or if the fee paid was ever at any time previous to this refunded to him the year and the session of examination to which such refund relates as also the amount of refund made in respect thereof.

(c) Certificates for exemption from payment of fees submitted by candidates in respect of previous sessions of examination cannot hold good for the session they are applying and no copy of certificate can be accepted. It is therefore incumbent upon the candidates to obtain one afresh from the appointing authority and submit the same along with the prescribed application form duly filled up.

In the absence of the particulars required above, the applicants will distinctly understand that their cases will not be considered.

11. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Reserve Bank of India and the receipt given by the Treasury Officer or the Reserve Bank of India attached to the application, which must in every case reach the Commissioner's office *on or before the 31st August*.

12. Applications for admission to the examination submitted after the prescribed date will be entertained only on payment of a penal fee of one rupee each and no such applications will be entertained after the lapse of fifteen days from the prescribed date (vide also paragraph 18)

13. *On no account will the fees be received in the Commissioner's office whether sent in cash or by Post Office orders. Neither M.O. coupons nor any temporary receipt that may have been granted, can be accepted. It is therefore in candidates' own interests to obtain a receipt from the Treasury Officer to whom the cash or money order is paid and forward the receipt as obtained in this office of none—care being taken to see that this receipt also carries the office by the date prescribed for the submission of applications. No exception will be considered unless it reaches the Commissioner's office by the date prescribed.*

14. *The fees paid, will not, ordinarily, be refunded or will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the Notification carefully and satisfy themselves before remitting these fees, that they fulfil the prescribed conditions in the examination and that they can, if necessary, proceed to their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written or the Oral and Practical examinations.*

APPLICATION FORMS—PROCURING OF—FILLING IN AND ITS SUBMISSION BY APPLICANTS, ON OR BEFORE THE 31ST AUGUST

15 Applications prepared in manuscript or typewritten forms or forms intended for other examinations will not be accepted.

16 Candidates in the mufassal should obtain the required application forms from the treasury of the taluk in which they are residents or of the district to which they belong. Candidates in Mysore and Hyderabad States should obtain the same from the Resident's Treasury; those in Travancore, Cochin and Pudukottah States from the Resident's Treasury, Trivandrum; and those in Coorg from the Treasury Officer, Coorg Memorial. **Candidates who are residents of Madras should apply for application forms to the Secretary to the Commissioner for Government Examinations, Cathedral Post Office (Madras) and not to the Collector of Madras.**

NOTE.—An addressed envelope (with the required postal stamps affixed) should invariably accompany all requisitions for forms of applications. No notice will be taken of requisition not accompanied by a stamped envelope.

N.B.—No notice will be taken of any applications from candidates in the mufassal requesting to be supplied with application forms from this office.

17. Only one form of application should be used by each candidate although he may bring up several subjects and come up for different grades.

18. Candidates must send in their applications made out clearly in English on printed forms as they may reach the Commissioner's office on or before the 31st August, after which date and for fifteen days only (viz., till the 16th September 1940) applications will be entertained on payment of a penal fee of rupee one and no such applications will be entertained after the lapse of fifteen days from the prescribed date.

19 To admit of the applications reaching the Secretary to the Commissioner for Government Examinations on the due date, candidates should remit their fees sufficiently early some three or four days before the latest date so that the applications together with their enclosures may reach this office on or before the prescribed date for receipt of applications.

20. Candidates should write their names in Block capitals their father's names and their house names *distinctly* and *in full* in their applications; if 'Hindus' they should state in column 3 of their applications whether they are "Brahmans" or "Non-Brahman Hindus," or "members of Scheduled classes."

NOTE.—Women candidates should write the letter 'W' in brackets against their names in column 1 of their applications.

21. Only one centre ought to be selected by each candidate, although he may offer several subjects for examination and come up for different grades. **The centre selected must invariably be the place where he is employed or ordinarily resides** (vide notes under heading "Centres of examinations"). All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications sent also) the name of applicants) by the head of that institution, no application of any private candidate being marked with these applications.

22 Every application should contain satisfactory proof of the applicant's general educational attainments by reason of which he is entitled to appear for the examinations in the subjects and for the grades in them brought up by him.

NOTE.—(a) In the case of those candidates who have completed the Secondary School-leaving Certificate, full particulars with regard to the name of school, the year when and the serial number of the certificate, and

(b) In the case of those who have passed the Matriculation or P.U. or Intermediate in Arts, or B.A. Degree Examinations, full particulars with regard to the date and page of the *Fort St. George Gazette* containing their names in the examination in which they may be, should be correctly furnished in the columns provided for the purpose in the prescribed application form for admission in the Government Technical Examinations;

(c) those who do not come under (a) or (b) supra should take care to see that the certificate called for at 4 or 5 on the reverse of the application form is endorsed with the relative duly made in it and certified accordingly by the authorities concerned, and

(d) those who come under the category at (c) supra and whose general educational qualification is lower than that prescribed under Article 8 of the Notification regulating the Government Technical Examinations, should submit also a certificate from a competent person that he, from one who has passed the Admission of the Higher grade examination to the effect that the knowledge possessed by the applicants is up to the standard of the grade for which the candidates are applying.

(e) Candidates who do not possess the required general educational qualifications but are expected and failed in particular subject and grade, or who were permitted by the Commissioner to come up for a particular subject and for a particular grade will be admitted provided that they are appearing in the same subject and for the same grade and that, in the former case, they quote in their application for admission to the examinations, the year when they failed and the centre at which they appeared and in the latter case the number and date of the Commissioner granting them the permission.

23. The subject the applicant desires to be examined in should be specified exactly as it is described in the Notification regulating the Government Technical Examinations or as they are described in this notice under the heading "Subjects of Examinations."

24. The occupation or profession of candidates, or the appointments held by them and their addresses (postal address) should invariably be stated in full in column 10 of their applications.

NOTE.—Candidates should particularly see that they do not fail to sign and date their applications at the column provided for the purpose.

25. Heads of institutions are requested to see, before the certificate at the foot of the application form is signed by them, that their institution has been recognised by the Director of Public Instruction, Madras, or by the Director of Industries, and Commerce, Madras, as fitted to impart instruction in the Technical subjects and for the grades in them brought up by their pupils and that they quote in the applications the number and date of the proceedings of the authority that accorded such recognition.

N.B.—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical Examinations.

NOTE.—(1) Candidates are particularly requested to note carefully the instructions printed under the headings "Subjects of Examinations" and "Centres of Examinations") which they fill in the application and such particulars as are necessary [vide notes (a) to (e) under "Subjects of Examinations"] must invariably be noted by them in their applications in unmistakeable terms.

(2) Applications defective in any of the particulars will be returned.

26. No certified work need be sent in connection with the examinations in Needlework and Dress-making (Lower and Higher grades) as per syllabus now in force.

27. Each application should be sent direct to the undersigned, post paid, superscribed and addressed as follows, *the receipt for the fee paid being securely fastened to it:—*

[Applications for admission in the Government Technical Examinations of November 1940.]

To

The Secretary to the Commissioner for Government Examinations,

Cathedral Post Office (Madras).

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose an addressed postcard (with the required postal stamp affixed)

in their respective applications. The post cards should bear the candidate's address only and no other writing. Such post cards will be returned to them in due course with the "Date" stamp of the office impressed upon them. No other form of acknowledgment except that required by the Postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

TIME-TABLE.

3. Subject to any changes that may be necessary or convenient to make in the details of it, the Written Examinations will be conducted in the order of days, times and subjects as shown in the following table :—

Note.—Candidates will not be allowed to come up in more than one of the subjects bracketed together for the same time in the same day in the table below ; or for more than one grade of examination in the same subject at one and the same session of examinations.

NOTE.—*When more than one day is fixed for any subject, grade and Test, the candidates concerned must present themselves on the first day of the examination at the hours specified and on consecutive days at the hours at which they will be required to attend.*

N.B.—The dates and hours of the examinations in the subjects of the Group—"Painting, Block-printing and Type-founding," and in the subject of "Tailoring" will be notified in the *Fort St. George Gazette* early in November. To guard against misapprehension, candidates are recommended to refer to that notification as no individual letter will be sent to them.

"Notification—Syllabuses and General Instructions to Candidates.

29. Information regarding the conditions of admission to each grade of examination, groups of subjects for which Group Certificates and Diplomas shall be awarded, etc., will be found in the Notification regulating the Government Technical Examinations.

30. The nature and scope of the examination in each subject are given in the syllabus for that subject. Ordinarily the examinations shall be Written, Oral and Practical and the candidate must appear for the whole at one and the same session of examination. In the syllabus also will be found given the distribution of marks among the Written, Oral and Practical portions of the examinations and the minima required for passing in each class in each subject and the names of the text-books recommended to be studied in case any text-books are recommended. Where no text-books are mentioned in the syllabus it must be presumed that no text-books have been recommended.

31. For any further information that may be required candidates are referred to the (revised and up-to-date) notifications regulating the Government Technical Examinations embodied in the Calendar of the Commission for Government Examinations, Madras, and to the syllabuses for the different subjects, copies of both of which can be had on payment at the Government Branch Press, Mount Road, Madras. No copies either of the Calendar, or of the syllabuses can be furnished to candidates from the Commissioner's Office.

32. No copies of previous years' Question Papers can be furnished. No information as to where they can be had is available in this office.

33. Candidates are also recommended to refer to the notice that will be published in Part I-B of the *Fort St. George Gazette* early in November regarding the final order of day, time and subjects according to which the examinations will be conducted; the places of examinations both at Madras and in the mofussil; and Regulations to be observed by candidates both at Madras and in the mofussil.

34. Candidates are further informed that no hall tickets are issued and that no notice will be taken of any letter from them requesting to be informed of their Register Numbers as they are expected to learn these from the extract of the Nominal List that will be posted at the entrance to the hall at each place of examination two days before the commencement of the examinations.

35. Further, candidates are expected to note carefully whether their names have been printed in the nominal list and whether the particulars printed tally with those as given by them in their applications for admission to the examinations so that any alteration with regard to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent and to this office.

36. With a view to prove their identity in the Chief Superintendent of the examination, candidates are required to produce on the first day of their appearance for the examination, an identification certificate from a responsible person, preferably a Government official. Candidates appearing from recognised or approved schools should also obtain a similar certificate from the head of the institution concerned.

The following form of identification certificate is prescribed :—

1. This is to certify that the bearer.....
.....
.....
(daughter of) is known to me and that he/she is a bona fide candidate appearing for the Government Technical Examinations in (subjects with grade have to be specified).

2. The signature of the candidate affixed below was taken in my presence.

Signature of the candidate.

Date.

Signature with designation or address of the person granting this certificate

Date

37. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind or whose answer papers contain objectionable matter* is liable in any his examination invalidated and also to be *debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit, or if the Commissioner is not satisfied, for any reason whatever, as to the trustworthiness of his results, his results may be cancelled or he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

38. Candidates are forbidden to communicate with the Examiners, should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

39. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, first and second, will be published in the *Fort St. George Gazette*. The pass list for each grade of a subject as published in the Gazette is complete and final. Applications from unsuccessful candidates or from persons on their behalf asking for information as to the cause of failure or for a revaluation of the answer papers will not be attended to.

40. In submitting an application for admission to any examination the candidate will be deemed to have given an undertaking that he will abide by all the rules now in force or those to be brought into effect hereafter in respect of that examination, including the following :—No revaluation of answer-papers is permissible.

(By order)

P. N. CHAMY NAIR,
Secretary.

Office of the Comm. for Govt. Examinations,
Madras, 12th August 1940.

UNIVERSITY OF MADRAS.

Instructions to candidates appearing for the examinations to be held in 1940

Candidates for University Examinations are required to observe the following instructions very carefully :—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall, each day of the examination, their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer-books but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

8. Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners, should they do so their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.

Candidates are strictly prohibited from smoking in the examination room.

7. CANDIDATES ARE NOT ALLOWED THE USE OF BOOKS OF ANY KIND (EXCEPT AS PROVIDED IN RULE 8). THEY ARE ALSO PROHIBITED FROM INTRODUCING INTO THE EXAMINATION ROOM ANY BOOK OR PORTION OF A BOOK, SLATE, MANUSCRIPT OR PAPER OF ANY DESCRIPTION, FROM COMMUNICATING WITH OR COPYING FROM EACH OTHER, AND FROM COMMUNICATING WITH ANY PERSON OUTSIDE THE EXAMINATION ROOM. ANY CANDIDATE DETECTED IN THE VIOLATION OF THESE RULES WILL BE SENT OUT OF THE ROOM FORTHWITH, AND HIS CONDUCT WILL BE REPORTED TO THE REGISTRAR.

The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in Physical Sciences will be allowed. Such instruments will not be supplied by the University.

4. Clarke's Mathematical and Physical Tables will be supplied to candidates offering Mathematics, Physics, Chemistry, Geography, Electrical Engineering and Mechanical Engineering of the Intermediate Examination, B.A., B.Sc., B.A. (Honours), B.Sc. (Honours), M.A., B.Sc., B.Sc. (Ag.) B.Sc. (Pharmacy) and B.E. Sc. Degree Examinations and Pre-registration Examination only.

An 'earnest' fee of an amount equivalent to the cost of a copy of Mathematical Tables should be deposited with the Chief Superintendent by each student requiring the use of such books, the amount to be refunded on the book being returned. The cost price of each book is ten annas.

9. Candidates for examination in science subjects are required to submit their laboratory note-books both in the main and in the subsidiary subjects to the Examiner concerned on the first day of the practical examination and to get them back at the close of the examination. *This instruction applies only to candidates appearing from colleges.*

10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink-bottles. They must, however, use only black ink while answering their question papers.

12. Particular attention is invited to the instructions regarding rough working and loose sheets of paper printed on the answer-books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer-books of candidates. If the ordinary answer-books are found insufficient, additional books will be supplied and these should be securely fastened to the answer-books.

13. AS SOON AS CANDIDATES HAVE FINISHED WRITING THEIR ANSWERS, AND WISH TO GIVE UP THEIR ANSWER-BOOKS, BE AT THE END OF THE PERIOD PRESCRIBED FOR EACH PARTICULAR PART OF THE EXAMINATION, EACH SHOULD STAND UP IN HIS PLACE AND REMAIN STANDING UNTIL ONE OF THE SUPERINTENDENTS HAS COME UP TO HIM AND HAS RECEIVED HIS ANSWER-BOOK FROM HIM.

Where the halls are suitable, the following alternative procedure may be adopted:- At the end of the period prescribed for each particular paper the candidates should at once fold their answer-books, leave them in evidence at their places, vacate their seats, retire to the passages between the tables and move out of the hall in order and in silence, the Superintendents being meanwhile stationed in position from which they may command a good view of the blocks entrusted to their care; when all the candidates have moved out, the Superintendents will collect the answer-books.

13. COMMUNICATIONS TO THE REGISTRAR FROM CANDIDATES REQUESTING INFORMATION RELATING TO THE RESULTS OF EXAMINATIONS WILL NOT RECEIVE ATTENTION UNTIL AFTER THE PUBLICATION OF THE RESULTS IN THE *Fort St. George Gazette*.

14. ALL MUFASSAL CANDIDATES MUST OBTAIN THEIR HALL TICKETS FROM THE CHIEF SUPERINTENDENTS OF THE RESPECTIVE CENTRES AT WHICH THEY ARE TO BE EXAMINED, DURING THE THREE DAYS BEFORE THE COMMENCEMENT OF THE EXAMINATION. CANDIDATES FROM COLLEGES IN MADRAS MUST OBTAIN THEIR HALL TICKETS ONLY FROM THE PRINCIPALS OF THEIR RESPECTIVE COLLEGES. PRIVATE CANDIDATES AND THOSE FROM MUFASSAL COLLEGES APPEARING FOR EXAMINATIONS TO BE HELD IN MADRAS MUST OBTAIN THEIR HALL TICKETS FROM THE CHIEF SUPERINTENDENTS OF THE CENTRES AT WHICH THEY ARE TO BE EXAMINED DURING THE THREE DAYS BEFORE THE COMMENCEMENT OF THE EXAMINATION. INFORMATION AS TO THE PLACES OF EXAMINATION WHERE THE CANDIDATES ARE TO BE EXAMINED IN MADRAS AND OTHER CENTRES WILL BE DULY NOTIFIED AT THE UNIVERSITY BUILDINGS AND IN THE *Fort St. George Gazette*.

15. *No college student will be allowed to select a centre for his examination other than that in which the College he studies is situated except for satisfactory reasons and on the recommendation of the Principal of the College.*

16. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They shall also be required to place their signatures upon the identification certificates produced by them before the Chief Superintendents of the respective centres.*

Election to the Senate.

REGISTERED GRADUATES' CONSTITUENCY

Whereas Messrs. B. Tirupathi Rao, V. Viswanadha Sarma and S. Parthasarathi Nayudu, members of the Senate elected by the Registered Graduates, will, by effluxion of time, vacate their seats on the Senate with effect from 1st October 1940, it is hereby notified that an election by the Registered Graduates of the University will be held to fill the vacancies from among themselves according to the principle of proportional representation by means of the single transferable vote.

No graduate whose name was not on the register on the 1st July 1940 shall be entitled to stand for election or to vote.

Each registered graduate shall be at liberty to nominate a qualified person to fill each of the vacancies. Every nomination shall be made by an elector in writing and shall be seconded by another elector in writing. Every such nomination shall be accompanied by the consent in writing of the nominee agreeing to serve on the Senate, if elected. There is no prescribed form of nomination paper for the purpose, but the form printed hereunder may be followed with advantage.

To facilitate scrutiny, proposers, seconders and candidates are required to state their full names as given in the register and also their serial numbers if possible, and to date their signatures.

Nomination papers should be enclosed in an envelope superscribed 'Nomination to the Senate—Registered Graduates' and sent by registered post so as to reach the Registrar, Andhra University, Waltair, not later than 4 p.m. on Saturday, the 24th August 1940 or they may be delivered to the Registrar during office hours either in person or by messenger before the date and hour prescribed above. Nomination papers which are not sent by registered post or are not delivered in person or by messenger as required above, will be invalidated.

The scrutiny of the nomination papers will take place in the University Office, Waltair, at 7 a.m. on Monday, the 26th August 1940.

WORKING CLASS COST OF LIVING INDEX NUMBERS FOR MADRAS CITY—JULY 1940.

INDEX STATIONARY.

The cost of living index number for the working classes in the Madras City works out to 107 for July 1940 and is the same as the index for the previous month.

As compared with the previous month, the index number for the food group rose by one point to 108 owing mainly to an increase in the prices of some vegetables.

The index number for the miscellaneous group fell by one point to 102 on account of a fall in the price of tobacco.

The index numbers for the fuel and lighting, clothing and housing groups remained unaltered at 116, 117 and 100 respectively.

Madras Pawnbrokers Bill 1940 51

The following Bill, together with the Statement of Objects and Reasons, is published for the purpose of eliciting opinion. Notice is hereby given that the said Bill will be considered on or after the 13th September 1940 and that any objection or suggestion which may be received with respect thereto before the said date by the Secretary to the Government of Madras in the Development Department, will be considered.

A Bill to regulate and control the business of Pawnbrokers in the Province of Madras

WHEREAS it is expedient to make provision for the regulation and control of the business of pawnbrokers in the Province of Madras;

AND WHEREAS the Governor of Madras has, by a Proclamation under section 93 of the Government of India Act, 1935, assumed to himself all powers vested by or under the said Act in the Provincial Legislature;

26 Geo. 5, Ch. 2.

NOW, THEREFORE, in exercise of the powers so assumed to himself, the Governor is pleased to enact as follows:—

Short title, extent and commencement.

1. (1) This Act may be called the Madras Pawnbrokers Act, 1940.

(2) It extends to the whole of the Province of Madras.

(3) This section shall come into force at once, and the Provincial Government may, from time to time, by notification in the *Fort St. George Gazette*, apply the remaining provisions of this Act to the whole or any portion of the Province of Madras from such date as may be specified in the notification, and may cancel or modify any such notification.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context—

(1) "City of Madras" includes all places within the local limits of the ordinary original jurisdiction of the High Court of Judicature at Madras;

(2) "Commissioner of Police" means the Commissioner of Police for the City of Madras appointed under section 5 of the Madras City Police Act, 1888, or any person appointed by the Provincial Government to perform the duties of the Commissioner of Police under this Act; Madras Act III of 1888.

(3) "company" means a company—

(a) registered under any of the enactments relating to companies for the time being in force in the United Kingdom or in any of the British Dominions, or in any of the Colonies or Dependencies of the United Kingdom, or in British India, or in any State in India; or

(b) incorporated by an Act of Parliament or by Royal Charter or Letters Patent or by any Act of the Indian Legislature;

(4) "co-operative society" means a society registered or deemed to be registered under the Madras Co-operative Societies Act, 1932; Madras Act VI of 1932.

(5) "interest" does not include any sum lawfully charged in accordance with the provisions of this Act by a pawnbroker for or on account of charges, but save as aforesaid, includes any amount, by whatsoever name called, in excess of the principal, paid or payable to a pawnbroker in consideration of or otherwise in respect of a loan;

(6) "loan" means an advance of money or in kind at interest, and includes any transaction which the Court finds in substance to amount to such an advance, but does not include—

(i) a deposit of money or other property in a Government Post Office Savings Bank or in a company or with a co-operative society;

(ii) an advance made by a company or a co-operative society;

(iii) an advance made by Government or by any person authorized by Government to make advances in their behalf, or by any local authority;

(iv) an advance made by any person *bona fide* carrying on any business, not having for its primary object the lending of money, if such loan is advanced in the regular course of such business; and

(v) an advance made by a landlord to his tenant, by a lessor to his lessee, or by one partner in cultivation or co-sharer to another for the purpose of carrying on agriculture;

(7) "pawnbroker" means a person who carries on the business of taking goods and chattels in pawn for a loan.

Explanation.—Every person who keeps a shop for the purchase or sale of goods or chattels and who purchases goods or chattels and pays or advances thereon any sum of money, with or under an agreement or understanding expressed or implied that the goods or chattels may be afterwards repurchased on any terms is a pawnbroker within the meaning of this clause;

(8) "pawner" means a person delivering an article for pawn to a pawnbroker;

(9) "pledge" means an article pawned with a pawnbroker;

(10) "prescribed" means prescribed by rules made under this Act;

(11) "principal" in relation to a loan means the amount actually lent to the pawner;

(12) "Superintendent of Police" means a District Superintendent of Police, appointed under the Madras District Police Act, 1859, or any person appointed by the Provincial Government to perform the duties of the Superintendent of Police for the purposes of this Act; and XXIV of 1859

(13) "year" means the financial year.

Pawnbroker to obtain licence annually.

3. (1) No person shall, after the expiry of three months from the date on which the provisions of this Act (other than section 1) come into force in any area, carry on or continue to carry on business as a pawnbroker at any place in such area, unless he has obtained a pawnbroker's licence under this Act.

Explanation.—Where a pawnbroker has more than one shop or place of business, whether in the same town or village or in different towns and villages, he shall obtain a separate pawnbroker's licence in respect of each such shop or place of business.

(2) Every pawnbroker's licence granted under this Act shall expire on the last day of the year for which it was granted, but may be renewed from year to year.

Grant and refusal of licences.

4. (1) Every application for a pawnbroker's licence shall be in writing and shall be made—

(a) if the shop or place of business for which the licence is applied for is situated in the City of Madras, to the Commissioner of Police or to any of the Gazetted officers subordinate to, and authorized by, the Commissioner; and

(*b*) if such shop or place of business is situated at any place outside the City of Madras, to the Superintendent of Police of the district in which the shop or place of business is situated or to any of the Gazetted officers subordinate to, and authorized by, the Superintendent.

(2) The licence shall not be refused except on one or both of the following grounds, namely :—

(*a*) that the applicant has failed to produce satisfactory evidence of good character, and

(*b*) that the shop or place at which he intends to carry on the business of a pawnbroker or any adjacent house or shop or place, owned or occupied by him, is frequented by thieves or persons of bad character.

(3) Every licence shall be granted in such form and subject to such conditions as may be prescribed and on payment of such fee not exceeding twenty-five rupees as the Provincial Government may, from time to time, by notification in the *Fort St. George Gazette*, determine.

Pawnbrokers to exhibit their names over shops, etc.

5. Every pawnbroker shall—

(*a*) always keep exhibited in large characters over the outer door of his shop or place of business his name with the word Pawnbroker, in the chief language of the locality ; and

(*b*) always keep placed in a conspicuous part of his shop or place of business so as to be legible to all persons resorting thereto the information required to be printed on pawn-tickets by rules made under this Act, in the chief language of the locality.

Interest and charges allowed to pawnbrokers.

6. (1) No pawnbroker shall charge interest in respect of a loan on a pledge at a rate exceeding six and a quarter per cent per annum simple interest, that is to say, at a rate exceeding one pie per rupee per mensem simple interest, or one anna per rupee per annum simple interest.

(2) A pawnbroker may demand and take from the pawner such charges and in such cases as may be prescribed.

(3) A pawnbroker shall not demand or take from the pawner any profit, interest, charge or sum whatsoever, other than the interest due to him and the charges, if any, referred to in sub-section (2).

Pawn-ticket to be given to pawner.

7 Every pawnbroker shall on taking a pledge in pawn give to the pawner a pawn-ticket in the prescribed form, and shall not take a pledge in pawn unless the pawner takes the pawn-ticket.

Person producing pawn-ticket presumed to be entitled to redeem the pledge

8 (1) The holder for the time being of a pawn-ticket shall be presumed to be the person entitled to redeem the pledge, and subject to the provisions of this Act, every pawnbroker shall, on payment of the principal and interest, deliver the pledge to the person producing the pawn-ticket, and he is hereby indemnified for so doing.

(2) Except as otherwise expressly provided in this Act, a pawnbroker shall not be bound to deliver back a pledge unless the pawn-ticket for it is delivered to him.

Protection of owners and of pawners not having pawn tickets.

9. (1) The following provisions shall have effect in respect of loans not exceeding two hundred and fifty rupees in each case, for the protection of owners of articles pawned, and of pawners not having their pawn-tickets to produce :—

(*a*) Any person claiming to be the owner of a pledge but not holding the pawn-ticket, or any person claiming to be entitled to hold a pawn-ticket, but alleging that the same has been lost, mislaid, destroyed, or stolen, or fraudulently obtained from him, may apply to the pawnbroker for a printed form of declaration (which shall be in the prescribed form), which the pawnbroker shall deliver to him.

(*b*) If the applicant delivers back to the pawnbroker the declaration duly made before any Magistrate or Judge by the applicant and by a person identifying him, the applicant shall have, as between himself and the pawnbroker, all the same rights and remedies as if he had produced the pawn-ticket :

Provided that such a declaration shall not be effectual for that purpose unless it is duly made and delivered back to the pawnbroker not later than on the third day after the day on which the form was delivered to the applicant by the pawnbroker.

(c) The pawnbroker is hereby indemnified for not delivering the pledge to any person until the expiration of the period aforesaid.

(d) The pawnbroker is hereby further indemnified for delivering the pledge or otherwise acting in conformity with the declaration, unless he has had notice within the meaning of the Transfer of Property Act, 1882, that the declaration was fraudulent or was false in any material particular. V of 1882.

(2) Any person making a declaration under sub-section (1), either as an applicant or as identifying an applicant, knowing the same to be false in any material particular, shall be punished with imprisonment for a term which may extend to six months or with fine which may extend to one hundred rupees or with both.

Pawnbrokers to keep books, give receipts, etc.

10. (1) Every pawnbroker shall—

(a) regularly record and maintain or cause to be recorded and maintained in a pledge book in the prescribed form, an account showing for each pawner separately—

(i) the date of the loan, the amount of the principal of the loan, and the rate of interest charged on the loan per cent per annum or per rupee per mensem or per rupee per annum;

(ii) the amount of every payment received by the pawnbroker in respect of the loan, and the date of such payment;

(iii) a full and detailed description of the article or of each of the articles taken in pawn;

(iv) the time agreed upon for the redemption of the pawn; and

(v) the name and address of the pawner, and where the pawner is not the owner

of the article or of any of the articles pawned, the name and address of the owner thereof;

(*b*) keep and use in his business the following documents and books (which shall be in the prescribed form) and enter therein from time to time, as occasion requires, in a fair and legible manner such particulars and in accordance with such directions as may be prescribed —

(i) Pawn-ticket;

(ii) Sale book of pledges;

(iii) Declaration where pledge is claimed by owner;

(iv) Declaration of pawn-ticket lost; and

(*v*) Receipt on redemption of pledge;

(*c*) give to the pawner or his agent a receipt for every sum paid by him, duly signed and, if necessary, stamped at the time of such payment, and

(*d*) on requisition in writing made by the pawner furnish to the pawner or, if he so requires, to any person mentioned by him in that behalf in his requisition, a statement of account signed by himself or his agent, showing the particulars referred to in clause (*a*) and also the amount which remains outstanding on account of the principal and of interest, and charge such sum as the Provincial Government may prescribe as fee therefor.

(2) All records or entries made in the books, accounts and documents referred to in sub-section (1) shall be either in English or in such language of the locality as may be prescribed; and all such books, accounts and documents and all pledges taken by the pawnbroker shall be open to inspection at any time by any Police Officer not below the rank of Head Constable.

(3) Notwithstanding anything contained in the Indian Evidence Act, 1872, a copy of the account referred to in clause (*a*) of sub-section (1), certified

I of 1872

in such manner as may be prescribed, shall be admissible in evidence in the same manner and to the same extent as the original account.

(4) A pawner to whom a statement of account has been furnished under clause (*d*) of sub-section (1) and who fails to object to the correctness of the account shall not, by such failure alone, be deemed to have admitted the correctness of such account.

(5) In the pawn-ticket furnished to the pawner, in the receipt given under clause (*c*) of sub-section (1) and in the statement of account furnished under clause (*d*) of that sub-section, the figures shall be entered only in Arabic numerals.

Liability of pawnbroker in case of fire.

11. (1) Where a pledge is destroyed or damaged by or in consequence of fire, the pawnbroker shall nevertheless be liable, on application made within the period during which the pledge would have been redeemable, to pay the value of the pledge, after deducting the amount of the principal and interest, such value to be the amount of the principal and interest and twenty-five per cent on the amount of the principal.

(2) A pawnbroker shall be entitled to insure to the extent of the value so estimated.

Compensation for deprecation of pledge.

12. If a person entitled and offering to redeem a pledge shows to the satisfaction of a Civil Court having jurisdiction to entertain a suit for such redemption that the pledge has become or has been rendered of less value than it was at the time of pawning thereof by or through the default, neglect or wilful misbehaviour of the pawnbroker, the Court may, if it thinks fit, award reasonable compensation to the owner of the pledge in respect of the damage, and the amount awarded shall be deducted from the amount payable to the pawnbroker, or shall be paid by the pawnbroker (as the case requires) in such manner as the Court directs.

Pawnbroker advancing smaller amount or receiving higher interest than that specified in accounts to be punishable.

13. (1) Any pawnbroker who actually advances an amount less than that shown in the pawn-ticket or in his accounts or registers or who takes or receives interest or any other charge at a rate higher than that shown in the pawn-ticket or in his accounts or registers shall be punished with fine which may extend to five hundred rupees.

(2) If a pawnbroker is convicted of an offence under sub-section (1) after having been previously convicted of such an offence, the Court convicting him may order his licence as a pawnbroker to be cancelled.

Certain other acts of pawnbroking to be punishable.

14. A pawnbroker who—

(1) takes an article in pawn from any person appearing to be under the age of fourteen years, or to be intoxicated; or

(2) purchases or takes in pawn or exchange a pawn-ticket issued by another pawnbroker; or

(3) employs any person under the age of sixteen years to take pledges in pawn; or

(4) under any pretence purchases, except at a public auction, any pledge while in pawn with him; or

(5) suffers any pledge while in pawn with him to be redeemed with a view to his purchasing it; or

(6) makes any contract or agreement with any person pawning or offering to pawn any article, or with the owner thereof, for the purchase, sale, or disposition thereof within the time of redemption; or

(7) sells or otherwise disposes of any pledge pawned with him except at such time and in such manner as is authorized by this Act;

shall be punished with imprisonment for a term which may extend to six months or with fine which may extend to one hundred rupees or with both.

Certain acts of pawners to be punishable.

15. (1) Any person who—

(a) offers to a pawnbroker an article by way of pawn, being unable or refusing to give a satisfactory account of the means by which he became possessed of the article; or

(b) wilfully gives false information to a pawnbroker as to whether an article offered by him in pawn to the pawnbroker is his own property or not, or as to his name and address, or as to the name and address of the owner of the article; or

(c) not being entitled to redeem, and not having any colour of title by law to redeem, a pledge, attempts or endeavours to redeem the same ;

shall be punished with imprisonment for a term which may extend to six months or with fine which may extend to one hundred rupees or with both.

(2) In every case falling under sub-section (1), and also in any case where, on an article being offered in pawn, for sale, or otherwise, to a pawnbroker he reasonably suspects that it has been stolen or otherwise illegally or clandestinely obtained, the pawnbroker shall, in the absence of reasonable excuse, inquire into the name and address of the person concerned, and seize and detain such person and the article, if any, and forthwith communicate to the nearest police station the facts of the case and shall deliver the person and the article, if any, seized to the police.

(3) A list of properties believed to have been stolen may be delivered by the police to any pawnbroker licensed under this Act and thereupon it shall be the duty of such pawnbroker—

(a) if any article answering the description of any of the properties set forth in any such list is offered to him in pawn, for sale, or otherwise, to proceed in accordance with the provisions of sub-section (2) ; and

(b) if any such article is already in his possession, forthwith to communicate to the nearest police station the facts of the case (including full particulars as to the name and address of the person concerned in the delivery of the article to the pawnbroker) and also, if so required by the police, to deliver the article to them.

General penalty for contravention of Act, etc.

16. (1) Whoever contravenes any of the provisions of this Act or of any rule or of any terms or conditions of a licence made or granted thereunder shall, if no other penalty is elsewhere provided in this Act for such contravention, be punished with fine which may extend to fifty rupees and, if such person

has been previously convicted whether under this section or any other provision contained in this Act, with fine which may extend to one hundred rupees.

(2) Any person who after having been convicted of the offence of carrying on, or continuing to carry on, the business of pawnbroker in contravention of the provisions of section 3, continues to commit the same offence in the same year, shall in addition to the fine to which he is liable under sub-section (1), be punished with a further fine which may extend to ten rupees for each day after the previous date of conviction during which he continues so to offend.

(3) Any Court convicting a pawnbroker of a contravention of the provisions of clause (c) or clause (d) of sub-section (1) of section 10, may direct him to furnish a receipt or statement of account in accordance with the provisions of that clause, and if the pawnbroker fails to comply with the direction, the Court may order his licence as a pawnbroker to be cancelled.

Jurisdiction to try offences.

17. No Presidency Magistrate not being a salaried Presidency Magistrate and no other Court inferior to that of a Magistrate of the second class shall try any offence against this Act.

Arrest without warrant.

18. Any Police officer may arrest without a warrant any person committing in his view an offence against this Act.

Contracts not to be void on account of offences but interests and costs not to be allowed in certain cases.

19. Where a pawnbroker is guilty of an offence against this Act (not being an offence against any provision of this Act relating to licences), any contract of pawn or other contract made by him, in relation to his business of pawnbroker, shall nevertheless not be void by reason only of that offence, nor shall he by reason only of that offence, lose his lien on or right to the pledge or to the loan and the interest and other charges, if any, payable in respect thereof:

Provided that if a pawnbroker fails to deliver to the pawner a pawn-ticket as required by section 7 or fails to give to the pawner or his agent a receipt as required by clause (c) of sub-section (1) of section 10 or to furnish on a requisition made under clause (d) of that sub-section, a statement of account as required

therein within one month after such requisition has been made, the pawnbroker shall not be entitled to any interest for the period of his default :

Provided further that if in any suit or proceeding relating to a loan, the Court finds that a pawnbroker has not maintained accounts as required by clause (*a*) or clause (*b*) of sub-section (1) of section 10, he shall not be allowed his costs.

Power to make rules.

20. (1) The Provincial Government may, after previous publication, make rules to carry out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may provide for—

(*a*) all matters expressly required or allowed by this Act to be prescribed ;

(*b*) the form of, and the particulars to be contained in, an application for a pawnbroker's licence under this Act ; and

(*c*) the form in which books, accounts and documents specified in this Act shall be recorded, maintained, kept or used.

(3) All rules made under this section shall be published in the *Fort St. George Gazette* and on such publication shall have effect as if enacted in this Act.

Madras Act VII of 1938

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to regulate and control the business of pawnbrokers in this Presidency. Many pawnbrokers, especially in urban areas, are suspected of receiving stolen property, and there is a marked reluctance on their part to reveal the sources from which property is received by them. The account books of some pawnbrokers are now written in a script not current in this Presidency, and this adds considerably to the difficulty of preventing them from making an illegitimate use of their position. The Government consider that the time has now arrived for legislation requiring pawnbrokers to take out licences and subjecting their operations to a due measure of control on the lines of the English Pawnbrokers Act, 1872 (35 and 36 Vict. Ch. 93).

2 The provisions of the Bill will extend only to such portions of the Presidency as may be notified by the Government from time to time. The Government will also have power to withdraw the provisions from any area to which they have been extended, if necessity for such withdrawal is felt subsequently.

3. No person can carry on business as a pawnbroker after a period of three months from the date on which the Bill is brought into force in any area, unless he obtains a licence from the Commissioner of Police in the City of Madras and from the District Superintendent of Police in the mufassal. The Commissioner or the District Superintendent may delegate the power of issuing licences to any Gazetted officer subordinate to him. Licences will not be issued if the applicants fail to produce satisfactory evidence of good character or if the shops or other places in which they intend to carry on business are frequented by thieves or persons of bad character. A separate licence is necessary in respect of each shop or place of business of a pawnbroker. The licence will be

(ii) in the same section, clauses (8) and (9) shall be omitted, and clauses (10) and (11) shall be renumbered as clauses (8) and (9) respectively ;

(iii) section 4 shall be omitted ;

(iv) in section 5, after the word and figure "section 3" the word "and" shall be inserted, and the words, brackets and figures "and in the copy of the entries to be delivered under sub-section (2) of section 4" shall be omitted ;

(v) in sub-section (1) of section 6, the words, brackets and figures "or by sub-section (1) of section 4" shall be omitted ;

(vi) in sub-section (2) of the same section, the words, brackets and figures "or if a pawnbroker fails to deliver to the pawner, a copy of the entries as required by sub-section (2) of section 4" shall be omitted ;

(vii) in sub-section (2) of section 8, the word "and" shall be inserted at the end of clause (*a*) and omitted from the end of clause (*b*) ;

(viii) in the same sub-section, clause (*c*) shall be omitted ; and

(ix) after section 8, the following section shall be added, namely :—

Saving.

"9. Nothing contained in this Act shall be deemed to apply to pawnbrokers, that is to say, to persons who carry on the business of taking goods and chattels in pawn for a loan."

Amendment of Madras Act III of 1888.

22. (1) If the provisions of this Act have been applied to the City of Madras by a notification under sub-section (3) of section 1, section 28 of the Madras City Police Act, 1888, shall, after the expiry of three months from the date of such application and so long as such notification is in force, have effect as if the word "pawnbroker" occurring in four places therein and the words "in pawn" were omitted.
